HILL ABLAZE—Smoke rises from burning brush and trees in the Gold Hill Grade area of East San Rafael Saturday, as seen from San Rafael Hill. Fire burned 125 acres. Nearly 150 firemen and three planes fought the blaze. (Independent-Journal photo by Jim Kean)

125-ACRE LOSS

Brush Fire Believed Set

A roaring, wind-whipped fire scorched 125 acres of trees, brush and grass and swept perilously close to homes in the San Rafael area Saturday.

The blaze was halted without any loss of homes after a battle by 145 firefighters, including volunteers, and pinpoint borate bombing by State Division of Forestry planes.

Marin County Fire Chief Louis J. Bloom said yesterday he believed the fire was set. An investigation will continue.

There have been "numerous" fires in that area that have been set and there was a report that prior to the major blaze, two separate fires were spotted at the scene.

The fire started in Marin County territory above the 300 block of Margarita Drive at 2:15 p.m., and edged close to homes there, the chief said.

It swept northward along Gold Hill Grade into San Rafael city territory toward the Army Nike missile site, and threatened to move downward toward the Dominican College-Black Canyon area, he said.

Pushed by 25-to-30 mile per hour winds, the fire headed for inaccessible territory in the Santa Venetia hills.

"It looked like it was going over the ridge, so I requested the division of forestry to send aerial tankers in," the chief said. This was at 3:52 p.m.

The tankers made seven borate drops and knocked "out the head of the fire," Bloom said. "I credit them with stopping the fire."

Four bombers, two from Santa Rosa and two from Ukiah, made the successful runs.

He also praised firefighters on the ground, for checking the spread of flames into the residential area and Nike site. Residents along Margarita Drive were watering down their roofs and yards, he said.

Bloom listed the manpower at the scene as follows: county fire department, 10 units, one bulldozer and 20 men; San Rafael Fire department, two engines and 12 men; Terra Lin-

Thieu Seeking Pacific Conference With LBJ

South Viet Leader Delaying U.S. Visit

SAIGON (UPI) — President Nguyen Van Thieu of South Vietnam today announced he wants to meet President Johnson somewhere in the Pacific in the new few weeks.

Thieu said in a communique he wants to meet Johnson for "a few days" to discuss "important and urgent matters."

Thieu also said he is postponing a two-week visit to the United States he had planned for later this month.

The communique said the threat of fresh Communist attacks on Saigon and other points in South Vietnam made the U.S. visit inadvisable now.

In the war itself, it was disclosed today that U. S. Marines, moving behind tanks, launched a major drive over the weekend toward the Demilitarized Zone.

In fighting near Khe Sanh the Leathernecks for the fourth straight day drove off a Communist attack on Hill 689.

Military spokesmen reported more than 300 North Vietnamese had been killed in the fighting along the DMZ. But in Paris an official North Vietnamese spokesman reported a series of victories near Khe Sanh and said up to a battalion of Marines, 800 to 1,500 men was surrounded on Hill 689.

U. S. battle casualties were reported so far as "light," and front dispatches said 10 Marines were killed and 81 wounded in the massive sweep toward the DMZ against an entire North Vietnamese division. Casualties in the other battles were not yet known.

Hill 689 is two miles west of the abandoned Khe Sanh base and controls the valleys below.

In another incident it was reported today a U. S. Army major was captured and murdered by the Viet Cong Saturday on a road 135 miles northeast of Saigon.

The name of the major, a senior U.S. Army adviser to South Vietnamese forces in the province of Bihn Thuan, was withheld until relatives have been notified. However, his interpreter escaped after being wounded.

Johnson Personally Flying Central Chiefs Back Home

MANAGUA, Nicaragua (UPI) — President Johnson stopped briefly in Managua today enroute home from his Little Summit meeting in San Salvador with the presidents of the five Central American republics.

A light rain was falling as Air Force 1, the presidential jetliner, touched down at 8:57 a.m., (7:57 a.m., EDT). It failed to dampen the ardor of thousands of Nicaraguans, estimated at 50,000, who jammed the airport, cheering and applauding and waving tiny American flags.

Johnson, his wife and daughter, Luci, left the plane first and were followed by Presidents Anastasio Somoza Jr. of Nicaragua, who left the flight in Managua; Joaquin Trejos Fernandez of Costa Rica; Oswaldo Lopez Arellano of Honduras and Julio Cesar Mendez Montenegro of Guatemala.

The light rain turned to a heavy downpour as the chief executives gathered in the airport lobby for brief ceremonies. Security meaures were rigid.

Johnson bade farewell to Somoza at the airport where a 105-gun salute was fired in honor of the five presidents aboard Johnson's U.S. Air Force 1.

President Johnson's jetliner took off from Managua for San Jose, Costa Rica, after a 59-minute stopover.

Johnson told Somoza he was proud to be the first U.S. president to visit Nicaragua during his term in office. He said ties between the U.S. and Nicaragua stretched over many years and were symbolized by the naming of the main street of the Nicaraguan capital after Franklin D. Roosevelt, architect of the "Good Neighbor" policy.

Other stops will be made at San Jose, Costa Rica; San Pedro Sula, Honduras; and Guatemala City, Guatemala to drop off the presidents of those countries. Brief airport ceremonies are scheduled at each.

Johnson left San Salvador with the cheers of tens of thousands of Salvadoreans still ringing in his ears after a weekend considered by observers to be a triumph of personal diplomacy for the President.

A few in the crowds of El Salvador tossed eggs, paint and curses of "Johnson Assassin!"

But tens of thousands of citizens of the tiny coffee producing nation poured into the streets in a weekend of love and reached out a forest of hands for a brief touch of Johnson's fingers.

The six-nation summit had gone so well that Johnson shocked all their security forces by announcing he was flying them home, capital by capital, in his Air Force One, en route to the LBJ Ranch in Texas.

Increasing Redwood Park Size Urged

WASHINGTON (AP) —Five members of the House Interior Committee said today they will ask the House to increase the size of a proposed 28,400-acre Redwood National Park in Northern California.

The acreage limitation is contained in a committee-approved bill to authorize the park. A Senate-passed bill would establish a 64,000-acre park.

The five, in a minority report, said they would try during House consideration of the measure to increase the acreage by amending the committee-approved bill.

Five other members of the committee voiced belief the park proposed by the committee majority would be too small.

In reporting the bill for House action, the committee said the park it proposed is smaller than many of the backers of the legislation would like. But, the committee said, "It is sufficient to insure preservation of the species and, taken with other features of the bill, to be worthy of inclusion in the national park system."

The majority report added:

Musser's Selection As Assistant County Clerk Reported Imminent

John F. Musser Jr., Marin's assistant county clerk for elections since December 1966, will be appointed next Monday as the assistant county clerk, it was learned today.

Musser has been acting assistant county clerk since May 1, replacing Mrs. Agnes Nathanson. She took two months of accumulated sick leave and vacation and retired July 1.

County Clerk George H. Gnoss is to appoint Musser to the $1,125-a-month post, but declined to confirm that the appointment is pending.

Musser's monthly salary now is $1,008. His pay in his new position will rise to $1,220 on Jan. 1.

Musser, 54, has been in the county clerk's office since 1958. He served as a deputy county clerk until 1962, when he was promoted to supervisor of elections.

In December, 1966, after some criticism of his office's handling of the November elections, he was made assistant county clerk for elections.

The Independent-Journal learned of Musser's pending appointment from County Administrator Alan Bruce.

Bruce said that the new county budget eliminated the position of assistant county clerk for elections, replacing it with the new position of administrative aide.

A similar new position was added to the public works department, replacing the position of a junior accountant.

A third position of administrative aide was added to the sheriff's office. It is a new position, and replaced no existing positions, Bruce said.

The monthly pay range for the positions is $809 to $984.

Twenty-one applicants for the three openings are being screened this week at Civic Center by an oral board of three county officials. The board will make its recommendations to the three department heads for final selection of the three aides.

Gibbs Lawson Dies At 45; Parks, Rec Commissioner

Gibbs H. Lawson, Marin County parks and recreation commissioner, collapsed and died Saturday after becoming involved in a shoving match with a youth at the family-owned Lawson's Resort in Dillon Beach.

Marin deputy sheriffs said Lawson, 45, went to investigate a youth using profane language in a parking lot outside a teen dance at the resort.

A shoving match followed, deputies said, and Lawson collapsed. He was given oxygen by Marin County firemen, then taken to Hillcrest Hospital in Petaluma, where he was pronounced dead.

Lawson had a history of heart trouble.

Lawson lived in Dillon Beach, where he was a major developer and where the family had extensive commercial rights. He had lived in the community since age 3, moving from Woodland, Yolo County.

He was active in management of the beach since the end of World War II, first with his father, Howard Lawson, and after his death, with his mother, Winifred Lawson. Recently, his brother, retired Lt. Cmdr. Kent Lawson, and his sister, Mrs. Helen Martin, joined him in running the property.

His nine years on the parks and recreation commission were

Sirhan Moved To Holding Cell

LOS ANGELES (UPI)—Sirhan B. Sirhan, the accused slayer of Sen. Robert F. Kennedy, was secretly moved from a hospital ward at the county jail to the holding cell where he is expected to stay during his trial, it was disclosed today.

Sheriff Peter J. Pitchess said the move was made yesterday as "part of an over-all previously scheduled program of security for the inmate."

DRIVER CAN'T HACK IT WITH MAO'S IMAGE

HONG KONG (UPI) — The thoughts of Mao Tse-tung failed taxi driver Lee Kwok-kin today.

A policeman accused him of obstructing traffic and demanded the 40-year-old Lee produce his driver's license. Lee refused.

Instead he flashed a red badge with Mao's picture, pulled out a red book containing Mao's quotation and began shouting Mao Tse-tung thoughts.

The North Kowloon magistrate's court fined him $33.

Russia To Launch New York Flights

NEW YORK (AP) — Aeroflot, the Soviet airline, announced today that the long planned commercial air service between New York and Moscow will be inaugurated next Monday with a flight from Moscow.

A Russian-built IL62 four-engine jet, which can carry 120 passengers, will make the once-a-week Moscow-New York runs via Montreal. It will land at Kennedy Airport at 4:30 p.m., an Aeroflot spokesman said.

Pan American World Airways, under an agreement with the Soviet government negotiated with the help of the State Department, expects to begin flight service to Moscow the same day, a spokesman said.

California Leads Holiday Road Deaths

SAN FRANCISCO (UPI) — California led the nation in traffic fatalities during the long Fourth of July weekend, with the southern section of the state recording nearly twice as many as the north.

A UPI count showed that at least 45 persons were killed in automobile accidents between 6 p.m. Wednesday and midnight yesterday. At least 604 were killed nationally in auto crashes.

AWOL Marine Takes Child, Claiming Decoy For Escape

MARYSVILLE (UPI) — A 2-year-old girl wfas abducted at gunpoint from her mother's arms today by a man who said he would use the child as a hostage to aid his escape from the United States.

Sheriff Gary Miller of Yuba County said an all-points bulletin has been issued for Thomas F. Scofield, 22, an AWOL Marine.

Miller said Scofield and his wife, Loretta, 20, kidnaped Vicki Lynn West after telling her mother, Ellen Murle West, "We need the baby for safe conduct out of the country."

The sheriff said Mrs. West knew Scofield and identified him as the kidnaper.

Mrs. West said Scofield told her that he killed a man in San Francisco. But San Francisco

Folk Singer's Career In Doubt

LOS ANGELES (AP) — Folk singer Jimmie Rodgers, who has undergone three operations in seven months to repair a brain injury, left St. Vincent's Hospital yesterday.

Rodgers

Rodgers, 34, in a wheelchair, was accompanied by his wife, Colleen.

Rodgers suffered massive head injuries last Dec. 1 when he fell either at a party or after police stopped his car on the San Diego Freeway.

A metal plate was placed in his skull June 17 to cover an eight-square-inch section removed in a previous operation to relieve pressure on the brain.

Rodger's physician, Dr. Henry W. Dodge of Los Angeles, said the success of the surgery was excellent but would not speculate on whether the singer would be able to resume his career.

Rodgers has contended he was manhandled by police and has sued for $11-million damages.

First Mass

NEW YORK (AP) — Rev. Harold A. Salmon, first Negro pastor of a Catholic church in the New York arch-diocese and first vicar of Harlem, celebrated his first Mass yesterday in his new post.

The 39-year-old priest, speaking to several hundred parishioners of St. Charles Borromeo Church, took his sermon text from the Gospel according to St. Matthew:

"Go first and seek a reconciliation with your brother. Then come and offer your gift to God."

Estate Auction

NEWCASTLE, Maine (AP) — The estate of Frances Perkins, the first woman cabinet member in U.S. history, will be auctioned here Wednesday, it was announced yesterday.

Mrs. Perkins died in New York three years ago at age 83. She was secretary of labor in President Franklin D. Roosevelt's New Deal cabinet.

She and her family maintained a summer residence on the Damariscotta River. Included in the auction will be paintings, books, furniture and glassware.

Guards 'Sick'

RAHWAY, N.J. (AP) — Supervisory personnel are filling in as guards today after four-fifths of the officers at Rahway State Prison called in sick yesterday.

Frank J. Ginesi, a spokesman for the group of guards seeking higher pay and improved benefits, said some 140 guards at Yardville Reformatory had voted yesterday to join the sick call Tuesday morning.

Ginesi said, "Two other prisons will go next. I can't say which ones, because we want to keep them guessing." Besides Rahway and Yardville, the group, claiming support from 400 of the 792 state correction officers, had originally threatened a sick call at Trenton and Leesburg state prisons and reformatories at Bordentown and Annandale.

Finale To Crisis

PARIS (AP) — The last major bastion of the student rebellion at the University of Paris fell without a fight today.

Police at dawn moved into the new medical school on the Rue des Saints-Peres and evicted the last 17 students holding out in the big four-story building. The red flag waving over the roof was hauled down. It was the last important Unviersity of Paris building held by the students whose revolt early in May touched off France's worst postwar crisis.

The police were helmeted and carried rifles, but there was not resistance. The students, who included four girls, whistled and joked as they were taken away for questioning.

Crash Kills Girl

GLENVIEW, Ill. (AP) — A Navy Skyhawk jet crashed into a home yesterday and killed a 13-year-old girl. The pilot ejected and suffered broken legs and a broken arm.

Cynthia Masters, an eighth-grade pupil, was watching television in the den on the first floor when fire caused by the crash engulfed the family's $50,000 two-story suburban home. Her mother, Jean, was in the back yard cutting the lawn and her father and brother were playing golf at a country club.

Witnesses said the plane, piloted by Navy Lt. William T. Reinders, a Vietnam veteran, crashed moments after taking off on a training flight from the Glenview Naval Air Station. It was barely 500 feet in the air when it lost power and began falling.

Sato's Win Deals Blow To Socialists

TOKYO (UPI)—Premier Eisaku Sato's pro-American Liberal Democrats won a clear majority in the upper house of parliament yesterday, election returns showed today. It was a sharp blow to the Peking-oriented Socialists.

Unofficial returns gave the Liberal Democrats 68 of the 126 contested seats. They already held 68 seats and now hold a majority of 134 votes in the 250-seat upper house. The Socialists had held 37 seats in the old house but now were leading in only 21 races, with 9 still in doubt. Half of the upper house is elected every three years. It is an almost powerfless body but the trend in the voting was regarded as a major victory for Sato.

The other seats went to the Democratic Socialists, the Communists, the independents and the Kemmeito Party.

The Socialists had asked support for a neutral Japan without nuclear weapons and recognition of Communist China.

The election was almost as much of a test of Sato's pro-Western policies as a contest for seats in Parliament and also indicated Sato will stay in power in his own party.

He comes up for re-election as president of the Liberal Democrats in December.

Classic Problem

HOLLYWOOD (AP) — Albert Foster has a classic problem. After working nearly two years in his yard building a 30-foot cabin cruiser, Foster discovered the boat wouldn't fit out the driveway. "It looks like about the only way we can get it out is to have a large crane lift it over the house," he said.

Probe Of Brutality Starts In Paterson

PATERSON, N.J. (AP) — Four investigations of police tactics during disorders in the city's Puerto Rican community have been launched.

Passaic County Prosecutor John O. Thevos will take testimony on allegations of police brutality to be presented to a grand jury investigation ordered by Gov. Richard J. Hughes. Hughes ordered the probe after receiving complaints from clergymen.

The FBI is investigating brutality charges by the local chapter of the Southern Christian Leadership Conference. An SCLC spokesman said police broke into SCLC headquarters at 3 a.m. Wednesday shattering windows and releasing tear gas.

The New Jersey State Patrolmen's Benevolent Association has summoned its eight-member riot study commission to look into the brutality charges and the Urban Task Force, a group of 30 clergymen from four surrounding communities, is taking accounts from witnesses of alleged acts of police brutality.

Meanwhile, a group of 125 businessmen met last night and agreed to march on City Hall today.

Albert Manzo and Msgr. William N. Wall, organizers of the group, said they would ask Mayor Lawrence F. Kramer for an immediate end to violence by any means and for a policy of no appeasement for minority groups involved.

Since the violence erupted Tuesday night, about 91 persons have been arrested and scores injured, including 15 policemen and five firemen.

Folklife Feud

WASHINGTON (AP) — A performer at the American Folklife Institute walked off the stage yesterday to protest a civil right's leader's appeal for more racial cooperation.

Ace Reid, a cowboy cartoonist, walked from the stage as Rev. Frederick D. Kirkpatrick urged the audience to put to work the message of a song, "This Little Light of Mine, Lord."

"Go back home and let your little light shine," Reverend Kirkpatrick, a member of the Poor People's Campaign, said.

Reid said he didn't believe a civil rights appeal had a place in a festival about American folklife.

New Scheme Proposed To Help Pound

LONDON (AP) — Central Bankers from 12 countries—excluding France—have agreed to join in a new insurance scheme speculation against the pound, the Bank of England announced today.

The Bank of England statement, based on results of a meeting of central bankers at Basel, Switzerland yesterday, gave no indication of the size of the proposed new standby credits for the pound.

Some predictions have put the size of the eventual package at $2 billion to $2.4 billion, which would cover about a third of Britain's overseas sterling liabilities.

The Bank of England said all the central banks except France "have given firm assurances of willingness to participate in the arrangements which are to be completed as soon as satisfactory consultations have taken place with sterling area countries."

"The Bank of France, while in the present circumstances it must reserve its position, has expressed sympathy with the steps being taken to deal with this problem."

Thus it was made clear that despite France's own economic troubles, President Charles de Gaulle has not let up on his monetary offensive against the pound and the American dollar, the Western world's two main reserve currencies.

Left At Church

MINNEAPOLIS, Minn. (AP) — A janitor arriving to open a church for services yesterday discovered a newborn baby on the front steps. Hospital authorities said the baby is in good health. Police were trying to locate the mother.

Risk Areas Face Insurance Losses

NEW YORK (AP) — Insurance companies, digging deeply into their pockets for property losses incurred from racial disorders, have been canceling policies, state and city officials have disclosed.

To head off further cancellations, new laws are being sought. One measure signed last Wednesday by New Jersey Gov. Richard J. Hughes creates a high risk pool for danger areas similar to certain types of automobile insurance coverage.

New York State expects to follow suit on the pool plan in September.

Insurance officials have said the Royal Globe Insurance Co. and Continental Insurance Co. sent out policy cancellation notices before the Fourth of July.

However, a New York insurance official says virtually all firms that write insurance in the slums have acted to cancel some policies and are turning down others.

Paterson, N.J., has been notified that the fire insurance on its public school system will not be renewed when it expires July 15. Paterson was the scene last week of racial violence.

Most New Jersey policy cancellations were in the slum areas of Paterson Trenton, and Newark. Damage estimates last July in Newark ranged up to $10 million in five days of rioting.

The new law signed by Governor Hughes requires 30 days' notice before policy cancellation instead of five days, as required by the old statute.

Last week, CBS News quoted H. Clay Johnson, president of Royal Globe, as saying his company, which writes about 3 per cent of the property insurance in the country, had riot losses of $7.3 million last year, representing about 5 per cent of the total.

The Michigan Insurance Bureau says Royal Globe has notified it of 318 property insurance cancellations in the Detroit area.

Illinois State Rep. Anthony Scardino says he is preparing legislation for a special session July 15 that would cancel state licenses of companies that refuse coverage in changing or marginal neighborhoods.

Kentucky Insurance Commissioner Robert Preston has ordered Royal Globe to appear at a hearing July 17 to show cause why it should not lose its license to do business in the state.

Denture Adhesive From Saliva?

PHOENIX, Ariz. — A new denture powder called Super-Dent converts mouth saliva into a super-holding denture adhesive. Although used like regular powders, when Super-Dent combines with mouth moisture it forms a new type adhesive. This adhesive literally defies gravity as it holds dentures in. Eating any food has almost no effect on its holding power, yet Super-Dent is safe and gentle to dentures and gums. Super-Dent powder is available at Longs Drug Stores.

Evers Supports Integration Through Nonviolent Means

WASHINGTON (AP) — Civil rights leader Charles Evers says he continues to believe in racial integration as a goal for the American Negro and that it should be gained through nonviolence.

"Violence won't work any place. Once we lose faith we're through . . . We've got to live together and work together as human beings," he said.

Evers is field director of the Mississippi branch of the National Association for the Advancement of Colored People. His brother Medgar was shot and killed by a sniper several years ago when he held the same NAACP post.

"It's wrong for Negroes in this country to become hatemongers. They killed my brother and they killed my best friend, but I will continue to fight to make Mississippi a better place for both black and white," he said.

Evers spoke yesterday on the CBS program, "Face the Nation."

He again said he would go to the Democratic National convention in Chicago next month to challenge the regular Mississippi delegation's right to vote on grounds that it discriminates against Negroes.

"We're going to put together a true delegation of loyal Democrats, black and white, he said. Evers was elected as a member of the regular Mississippi delegation, but resigned after accusing the party of tokenism in only picking three other Negroes to go to Chicago.

He also urged stricter federal control of the sale and use of guns.

Office Bombed

NEW YORK (AP) — A bomb blast blew out the windows of the Japan National Tourist Organization offices in Rockefeller Center yesterday, just off Fifth Avenue.

The explosion was the second in four days and the fifth since April 22 at foreign offices in New York.

Injured were two passers-by, Mrs. Shirley Schwabe, 42, of Portland, Ore., and her daughter, Nancy, 16. A second daughter, Joan, 12, escaped injury. The Schwabes were taken to Polyclinic Hospital for treatment of face cuts. Their injuries were not serious.

Blaiberg Survives Crisis; New Transplant Ruled Out

CAPE TOWN, South Africa (AP) — Dr. Philip Blaiberg, the world's longest surviving heart transplant patient, rallied yesterday from the worst setback since his operation Jan. 2. His doctors were using a new serum and indicated they no longer plan another heart transplant for him.

Blaiberg's wife, Eileen, said she was told by Dr. Christiaan Barnard, head of Groote Schuur Hospital's heart transplant team, that her husband's condition had undergone a "dramatic change."

"It's as if they had given new life to my husband," she said. "I'm hoping and praying the serum treatment will be successful."

Mrs. Blaiberg visited her husband yesterday and said he seemed much better. "We talked a great deal," she said.

Blaiberg, a 59-year-old retired dentist, had been gravely ill with hepatitis, double pneumonia and symptoms that his transplanted heart was faltering. Barnard had said a second heart transplant might be attempted, but a hospital bulletin last night said: "No further emergency treatment is anticipated."

The hospital bulletin said: Barnard's transplant team has decided to use antilymphocyte serum. It reported "definite improvement" in Blaiberg's condition and said: "His lung condition is improving."

The serum, developed in Denver, Colo., swallows lymphocytes, the body's natural weapon against such foreign invaders as transplanted organs and infection. It has been used successfully over the past two years in kidney and liver transplants to combat the body's tendency to reject foreign organs.

Barnard had considered using the serum on the world's first human heart transplant patient, the late Louis Washkansky, but decided against it because "there is still a lot of uncertainty and danger in it," he said last January.

The serum, called ALG, is obtained from horses.

"There's nothing magical about it," said one Denver doctor familiar with its use. "ALG is seen as a promising tool to combat rejection, one of the biggest threats to successful organ transplantation."

In all, 24 heart transplants have been performed in the world, and seven recipients are still alive.

Car Kills Boy On Birthday Run

RICHMOND (UPI) — A birthday celebration turned to tragedy yesterday when a 3-year-old boy was struck and killed by a car as he dashed across a street to see his birthday cake.

Police said Eric Singleton was sent out to play with his new toys while his mother finished preparing his birthday cake. When his mother called him in for the celebration, the tot ran into the street into the path of a passing car.

He was rushed to a Richmond hospital but was dead on arrival.

Herrera Jury Trial Slated For Tomorrow

Jury trials for Joaquin Antonio Herrera, accused of murder, and Freddie Louis Hunter, accused of burglary, were scheduled for this week on the Marin Superior Court master calendar today.

Trial of Herrera, scheduled for 10 a.m. tomorrow before Judge Samuel W. Gardiner, was set despite a pending request before the District Court of Appeals in San Francisco to prevent his trail on grounds that another judge wrongly permitted Herrera to testify in his earlier sanity hearing.

Judge Joseph G. Wilson said today the trial will proceed unless there is a contrary ruling by the appellate court before tomorrow.

Herrera, 23, is accused of slaying Army Sp/5 Ronald Lee Washburn, 20, in San Rafael on Jan. 9. A sanity hearing jury found him sane on May 24, and although Herrera voluntarily testified during the hearing, he has since appealed that the magistrate, Judge Alvin H. Goldstein Jr., should not have permitted him to testify against himself.

Herrera's attorney, Asst. Public Defender Harold J. Truett, said in court today that if the appellate court denies the petition, he will take it to the state Supreme Court.

Herrera, formerly of El Salvador, has pleaded innocent. In addition, Judge Wilson has entered a plea of innocent by reason of insanity for him.

Hunter, 21, of Marin City, is scheduled for trial at 10 a.m. Wednesday before Judge Thomas F. Keating. He is accused of burgling Easom Boat works on Gate 1 Road, Sausalito, on April 19; of burgling A. G. Schoonmaker Co. in Marinship on April 20, and of burgling Joe Ray's Auto Body Shop at 305 Gate 5 Road, Sausalito, also on April 20.

The cases were combined for trial.

To Arraign Youth In Car Chase, Brawl

An 18-year-old Tiburon youth will be arraigned in Marin Municipal Court this afternoon on charges stemming from a two-mile chase that sheriff's deputies said included attempts to ram one of their cars and ended when the youth was subdued after hitting and kicking deputies.

Michael Anthony Gillio, 1805 Mar West Avenue, was held in County Jail today in lieu of $2,500 bail after being booked on suspicion of battery on a police officer, assault with a deadly weapon, obstructing an officer, contributing to the delinquency of a minor and numerous vehicle code violations.

Deputies said the chase started at 12:50 a.m. Saturday at Tiburon Boulevard and Mar West Avenue in Tiburon when Deputy Ronald C. Spurrell sought to stop the youth and warn him that his tail light and license plate lights were not functioning.

The suspect was boxed in at the intersection of Tiburon Boulevard and Reed Ranch Road, deputies said, after he made several attempts to ram the car of Deputy R. W. Barner, who had come to Spurrell's assistance.

The deputies said Gillio got out of his car and began hitting and kicking them. Two more officers assisted in subduing and handcuffing him.

With Gillio were two minors who were cited for curfew violation. They told officers they were returning with Gillio from a dance at Muir Beach and had tried to persuade him to stop at the first warning.

In the struggle with the suspect, Spurrell received bruises and scrapes on his knees and hands and Barner suffered a cut on his right thumb and a sprained right wrist.

KIDNAP

Continued from page 1

police said they had no report of such a killing.

There were reports that Scofield may be headed for Canada but Miller said: "We don't know where he might be."

Scofield was reported armed with a rifle and .22-caliber pistol and was considered dangerous.

Highway patrol headquarters in Sacramento said Scofield was wanted for armed robbery, kidnaping and auto theft. The patrol said CHP stations throughout Northern California had been alerted but that no roadblocks were erected.

A patrol spokesman said Scofield also took $2 from the purse of Vicki's mother.

The pair was reported traveling in a blue 1965 Dodge Dart two-door sedan with a slightly damaged right front fender and a missing gasoline cap.

Scofield was described as about 5-11, brown haired and with the name "Tom" tatooed on his left shoulder.

Vote In Mexico To Ruling Party

MEXICO CITY (AP) — Mexico's ruling Institutional Revolutionary party claimed an overwhelming victory today in elections in five states and the opposition cried foul.

The party based its victory claim on preliminary vote totals from Durango, Chihuahua, Michoacan, Zacatecas and Campeche. The states elected governors and members of the state legislatures.

The National Action party accused PRI supporters of ballot box stuffing, electioneering at the polls and forming "flying squads" of voters who raced from one polling place to another to cast ballots several times.

LAWSON

Continued from page 1

marked by occasional disputes with the Marin County Board of Supervisors and his most recent reappointment, in July 1967, was over the protest of Supervisor Thomas T. Storer. Lawson had charged that Storer dawdled on proposed purchase of elephant rocks in northwest Marin for a park.

He had served as chairman of the commission. His present term would have expired in July 1969.

Lawson served in the Navy during World War II. His son, Russell H. Lawson, now in the Navy, is stationed at Miramar, San Diego County.

Lawson was a graduate of Tomales High School and attended the University of the Pacific at Stockton until entering the Navy.

He had been active in the Sonoma County Civil Air Patrol and had served as a trustee of the Tomales Presbyterian Church.

Survivors are his wife, Lois; two daughters, Peggy L. Lawson of Santa Rosa and Helen S. Lawson of Dillon Beach; his son; his mother; brothers Kent of Dillon Beach and Neal Lawson of Stockton, and his sister.

Funeral will be at 2 p.m. tomorrow at Parent Funeral Chapel in Petaluma. Inurnment will be private at Cypress Hill, Petaluma.

The youth who got into the altercation with Lawson was identified as Randall K. Strout, 20, of Sacramento. The Marin County district attorney's office was investigating today.

North Korea To Help Viet Reds

TOKYO (AP) — North Vietnamese Vice Premier Le Thanh Nghi indicated Sunday North Korea as well as the Soviet Union has agreed to give Hanoi more military and economic aid.

Nghi arrived in Pyongyang July 5 after obtaining new promises of assistance in Moscow. In a speech Sunday in the North Korean capital, the Vietnamese said his talks with the North Koreans had achieved "good success."

The amount and exact form of the aid was not disclosed. Nghi's remarks were broadcast by the North Korean Central News Agency.

Beach Access Drive Starts

Angry Sonoma County residents have begun a petition drive to compel the board of supervisors to provide road access to public beaches when adjacent lands are developed for private concerns.

The petition, which would require 6,600 signatures by Aug. 15, would force the supervisors to adopt such an ordinance or put the question on the November ballot.

The drive resulted from a decision by the supervisors that said developers of the coastal Sea Ranch subdivision did not have to furnish public access to beaches.

Sonoma Fair Set For July 15

"Centennial Kaleidoscope," the 31st annual Sonoma County Fair, honoring Santa Rosa's 100th birthday, will open July 15 in Santa Rosa for a 13-day run.

Additional information is available from the Sonoma County Fairgrounds, Box 1451, Bennett Avenue, Santa Rosa.

Car Thief Gets Six Months In Jail

Han Von Atzingen, 19, was given six months in County Jail and placed on two years' probation today in Marin Superior Court for auto theft.

He had pleaded guilt April 1-7 to taking a car from Milton Morh in Tamalpais Valley March 23. Von Atzingen, of Sausalito, still faces jury trial on charges of burgling a laundromat at 336 Miller Avenue, Mill Valley, on April 26, and with stealing a car from York Construction Co. in Sausalito that day.

Reed Trustees To Elect Officers

The Reed Union School District board will elect new officers at 8 p.m. tomorrow at the Del Mar School, Tiburon.

Other matters to be considered at the meeting are the Reed School Library remodeling project, employment of a library clerk, a receptionist-bookkeeper and five teachers, and continuation of budget review from the July 1 meeting.

Proposed Bay Plan Will Be Reviewed

The San Francisco Bay Conservation and Development Commission's proposed master plan for the bay will be reviewed by the Marin County Parks and Recreation Commission at 2 p.m. Wednesday at Civic Center.

Also on the agenda is a proposal that youths be appointed to county boards and commissions, and progress reports on proposals for a park on Corte Madera Creek in Kentfield and for a bay front park in Corte Madera.

Burglary Suspect Pleads Not Guilty

Daniel Howard Hubbard, 26, pleaded innocent in Marin Superior Court today to a charge of burglary. Jury trial was scheduled for the week of Oct. 21.

Hubbard, of San Rafael, is acused of burgling the Santa Venetia Supermarket at 71 San Pablo Avenue, Santa Venetia. Pablo Avenue, Santa Venetia, on March 25.

Innocent Plea In Marijuana Case

Innocent plea to a charge of selling marijuana was entered in Marin Superior Court today by John Robert Thiele, 18.

Judge Harold J. Haley scheduled jury trial for the week of Oct. 21. Thiele, of Corte Madera, is accused of selling a Marin County Drug Abuse Bureau agent about six ounces of marijuana May 20 in Corte Madera.

One Clue Leads To Money Thief

NEW DELHI (AP) — A merchant left his bag containing 35,000 rupees ($4,900) in the tonga (A horse-drawn carriage) in which he rode to work. The only clue he could give detectives was that the driver kept murmuring a Hindu-Moslem unity slogan.

Two detectives went to a few major tonga stands with that clue, and the tonga was soon located, along with the money bag, which the tonga driver h not noticed.

FIRE

da Fire Department, three engines and 15 men; Hamilton Air Force Base, 70 men, and the Marin Municipal Water District, two units and 12 men.

Counting volunteers, there were 145 men on the scene and no injuries reported, he said.

Terra Linda firemen worked at the "top of the fire" to protect the Nike site, and the Air Force crews formed a fire line to keep the fire from spreading into the Dominican College area in San Rafael, he said.

Saturday's fire burned to the south edge of the "old Black Canyon" fire in 1964 which burned about 300 acres of brush and trees, the chief said.

Saturday's fire started on the ridge above the Golf Club Tract area, where a 30-acre fire threatened homes in 1966.

Bloom said the fire was contained at 5:25 p.m. Saturday, but mop up crews were on duty until 2:30 a.m. yesterday and standby crews were on duty throughout yesterday.

Two spot fires, kindled by sparks from the original fire, broke out yesterday morning, were quickly extinguished, he he said.

The chief said borate bombers were at the fire 20 minutes after his call and flew in low to hit their targets.

PARK

Continued from page 1

"It is, at the same time, not so large that it will disrupt the economy of the area in which the park is located or cause undue hardship to those whose livelihood depends on continued employment in the forests of the region."

Five members of the committee, including the committee's senior Republican, Rep. John P. Saylor of Pennsylvania, signed one supplemental report.

A second supplemental report said the proposed park should be enlarged by adding the Lost Man Creek, Little Lost Man Creek and Skunk Cabbage Creek areas, all of which were excluded from the committee bill.

Addition of those areas, the second report said, "would have made the plan at least respectable."

The bill is expected to reach the House floor later this month.

Able Fence Wins Creek Project

The Able Fence Co. of San Rafael was low bidder today at $3,990 on plans to fence the Muzzi property near the mouth of Corte Madera Creek.

The other bidder, at $4,750, was Bowers Engineering Co. of San Rafael. The county public works department had estimated the project cost at $3,800.

The fence is being paid for by Flood Control Zone 9, which includes all of the Ross Valley watershed except the cities of San Anselmo and Fairfax.

The hog wire fence, to be south and east of the property, is to keep children and animals off the property, which has been covered with soft mud spoils from the Corte Madera Creek flood control project.

Bicyclist Hurt, Motorist Booked

Sue Velte, 19, of 1546 San Anselmo Avenue, San Anselmo, was reported in fair condition today at Marin General Hospital with a concussion and multiple scrapes suffered when she was struck from the rear by an auto while bicycle riding Friday.

The driver of the car, Louis Steven Horvath, 54, of 59 Creek Road in Fairfax, was booked for felony drunk driving. He was released on $1,150 bail to appear this afternoon in Marin municipal court.

Police said the car knocked Miss Velte into a fence that divides Yolanda Drive and Center Boulevard, San Anselmo.

Former Quentin Officer Critical

A 76-year-old former San Quentin officer was reported in poor condition today at Marin General Hospital after San Rafael police and firemen found him covered with ants in his home.

Jack J. Spillane of —0 Court Street, San Rafael, was found Friday unconscious and lying on his side, clad only in a shirt, with the ants chewing on him.

Police were called to his house by a friend, Carl Maier of 8 Laurel Place, San Rafael, who became alarmed after seeing newspapers from the previous four days lying in front of Spillane's house.

OBITUARIES

Hepworth, A First Span Walker, Dies

Clyde Hepworth, 76, believed to be one of the first two men to walk across the Golden Gate Bridge, died yesterday at his summer home in Rio Vista.

An iron worker, Hepworth crossed the bridge from Marin County to San Francisco on the structure's cables as they were being spun to correct a foul-up in the cable-spinning operation, his wife, Gertrude, said.

Hepworth and another worker walked to the spot where the foulup had occurred, slid down from the cable-spinner's guide wires, unsnarled a cable, and then walked the wires until they got above the catwalk on the San Francisco side.

A life member of International Association of Bridge and Structural Ironworkers Local No. 377, he had retired seven years ago. He was a native of Kansas.

Besides his wife, he is survived by a daughter, Margaret Anderson of Redding, and a sister, Elsie Little of Newton, Kan.

Masonic funeral services will be held at 1 p.m. Wednesday at the chapel of Gantner-Felder-Kenny in San Francisco.

JOHN THORN

Private services for John A. Thorn, 79, of 876 Tamalpais Avenue, Novato, who died Thursday in a local hospital after a long illness, were held today at Keaton's Chapel of Marin in Novato.

A native of England, he had lived in Marin County for the past 40 years. He was a retired gardner.

He is survived by a daughter, Lillian Paquette Layton, and a son, Henry Thorn of Novato.

Private inurnment will follow.

LOUISE BEEBE

Memorial services were held today for Mrs. Louise Beebe, 65, of 2496 Vineyard Road, Novato, who died Friday in a local hospital after a long illness. Services were at St. Francis Episcopal Church in Novato.

A native of Costa Rica, she had lived in this country since 1915. She and her husband, William Wade Beebe, a retired commercial engineer, lived in Novato for 18 years. During World War II, she worked for the U. S. Army in the quartermaster's corps in Oakland.

She is survived by her husband.

HERBERT SCOTT

Private funeral was held today at Keaton's Chapel of Marin in Novato for Herbert E. Scott, 60, of 607 McClay Road, Novato, who died Thursday in a local hospital after a long illness.

A native of Oklahoma, he had lived in San Francisco for 24 years before moving to Novato four years ago. He was a maintenance man for the Navy Special Services.

He is survived by his wife, Cordie, at home; two sons, Kenneth and Lloyd Scott, both of Napa; a brother, Arlin Scott of San Bruno; a sister, Mrs. C. A. Crabb of Santa Rosa and 10 grandchildren.

Burial was at Cypress Lawn Cemetery in Colma.

ERIC HALLBECK

SAN FRANCISCO (AP) — C. Eric Hallbeck, retired Bank of America vice president, died Saturday after a long illness. He was 70.

Hallbeck, a native of Sweden, arrived in San Francisco in 1920 and a year later joined the staff of the Bank of Italy, predecessor of the Bank of America.

In 1964 he retired as vice president and head of the bank's European division.

He was decorated twice by King Gustaf VI Adolph of Sweden for his activities and also by Queen Juliana of the Netherlands and King Baudoin of Belgium.

Survivors include his wife and two sons. Rites will be Wednesday.

EDGAR QUEENY

ST. LOUIS (AP) — Edgar Monsanto Queeny, philanthropist, civic leader and once head of one of the nation's largest chemical firms, died yesterday at the age of 70.

The son of the founder of the Monsanto Co. died in his home in Ladue, a St. Louis suburb, of a heart ailment. Family sources said the funeral will be private. His widow, Ethel, and a sister survive him.

Queeny inherited the small chemical firm from his father, John Francis Queeny, and built a worldwide corporation.

He made a $4 million gift in equity capital to Barnes Hospital in St. Louis in 1963, making possible the construction of a 17-story addition to the hospital. He was awarded the St. Louis Award last year for his role in the rehabalitation of the hospital.

He was the author of three books. One of them, "Spirit of Enterprise," an economic treatise, was a nonfiction best-seller in 1943.

E. C. JESSUP

Everett C. Jessup, retired specialist in internal medicine who died in Princeton, N.J., July 1, is survived by a son, Richard N. Jessup of Mill Valley and not Phillip N. Jessup as reported in Friday's Independent-Journal, according to the Mill Valley man's wife.

MARK MEGLADDERY

SAN FRANCISCO (UPI) — Mark Lee Megladdery Jr., flamboyant secretary to former Gov. Frank Merrian, died yesterday at Mount Zion Hospital at the age of 59.

Megladdery was appointed a judge of the Alameda County Superior Court in 1939 when he was 33. Fellow jurists refused to assign any cases to him after then Atty. Gen. Earl Warren accused Megladdery of taking a bribe.

He resigned the judgeship, was convicted of bribery and later found innocent when the California Supreme Court overturned the decision on jurisdictional grounds.

In later years, Megladdery was convicted on bad check charges and disbarred, but in 1963, he was reinstated to the bar.

HENRY P. LITTLE

Private funeral for Henry P. Little of Boyes Hot Springs, was held today at Russell and Gooch in Mill Valley.

Little died Saturday at a Marin convalescent hospital following a long illness. He was 86.

He was a native of Monterey and lived in that city until his retirement in 1945, when he moved to Marin County. In 1950, Little moved from Marin to Boyes Hot Springs, where he lived until he became ill last year.

He worked as a carpenter in Monterey and was a member of the Monterely local of the Carpenters Union.

He is survived by a sister, Mrs. Lela Hill of Mill Valley, and a brother, David C. Little of Larkspur.

Commuter Taxing On Reagan's Desk

SACRAMENTO (AP) — The fate of a bill its supporters say will block San Francisco's hotly debated proposed tax on commuters rested today with Gov. Ronald Reagan.

A final attempt to keep the measure from the governor's desk was beaten down yesterday in the Assembly.

Cause of the legislation is San Francisco Mayor Joseph Alioto's proposal that people who work in his city but don't live there should be taxed — based on their earnings — as payment for the city services they use.

Opponents of the idea say they have legan opinions it is illegal.

Proponents say their lawyers report such a tax is legal.

The legislation by Assemblyman Don Mulford, R-Piedmont, cleared the Senate and Assembly but was kept from Reagan last week by a move to reconsider the earlier passage. The bill seeks to block the tax by saying it couldn't be imposed unless the same tax at the same rate is applied to those who both live and work in the city.

Assemblyman John L. Burton, D-San Francisco, tried yesterday to bring the bill before his colleagues again — but only 14 others joined him, while 46 voted against.

He contended barring such a tax would be "setting a very bad precedent." But foes of the tax offered visions of communities all over the state taxing those who work, but don't reside in the same community.

$55 Million Student Funds Pass Assembly

SACRAMENTO (AP) — Assemblymen have voted $50 million in aid for students in poor California school districts, and $5 million they hope will put big-city youngsters into jobs this summer instead of riots.

Both measures were sent to the Senate from the Assembly in a session which lasted more than six hours yesterday and even found the lawmakers voting against a lunch break.

The unusual weekend meeting helped clear the lower house file and enhanced chances of adjourning the session — now in its 27th week — by the target of July 19.

Most attention yesterday focused on the emergency job program sponsored by Democratic Assemply Speaker Jesse M. Unruh of Inglewood, although the education bill was 10 times larger and likely to have more impact in coming years.

Unruh's bill would allocate $5 million to be spent between now and Sept. 15 when the summer heat will have cooled and schools reopened. Only youths 15 to 25 would be eligible and the programs would be under strict state and local supervision.

The aim, Unruh said, is to keep off the streets "these ... shock troops for the conflagrations which have swept American cities." He noted the state spends millions of dollars to help build yacht harbors used almost completely by well-off white people, and that it is time to help "the people who are not beautiful people, who cannot raise funds to send a lobbyist to Sacramento."

The legislation says the specific aim of the bill is "to prevent disorders and civil unrest in the cities of California ..."

A bipartisan coalition of 58 Democrats and Republicans pushed the bill through, while 16 Republicans opposed.

A similar Unruh bill was defeated in a Senate committee in 1966, and there was no indication he had yet rounded up the two-thirds Senate approval that would send this proposal to the governor's desk.

However, the Democratic leaders have met with Republican Gov. Ronald Reagan and said they hoped to receive a reply early this week on what additional spending programs he might accept — if any.

Chances of Reagan going along with the $50 million school aid bill were even dimmer, since that exceeds by about $25 million the budget surplus his administration says will be on hand at the end of the current fiscal year next June 30.

Minor Jury Trial Cases Lose Point

SACRAMENTO (AP)—Those determined people who demand and get a jury trial for minor traffic offenses such as overtime parking would lose that right under major legislation overwhelmingly endorsed by the Assembly.

Proponents say the legislation would speed up and improve the judicial process where it really is needed — in major cases — and eliminate thousands of court cases a year which basically amount to harassment of the judicial system.

Opponents say it is the first step toward eroding a basic American right, that of a trial by a citizen's peers in criminal cases.

Proponents had the better of it yesterday, as the Assembly voted 59-13 in favor of the bill, sending it to the Senate for the first time after several years of efforts by backers, including the official legal organization of the courts.

The first group of settlers to enter Salt Lake Valley included 143 men, three women and two children.

Auto Hits Rail, Injuring Youth

A 16-year-old Larkspur youth was injured when the car in which he was riding veered and struck the railing of the Grand Avenue bridge in San Rafael.

Michael C. Rasmussen, 400 Elm Avenue, was treated at Marin General Hospital for forehead scrapes and left shoulder bruises.

Police said he was a passenger in a car driven by Robert J. Merz, 20, of 179 Reservoir Road, San Rafael, who told officers he was forced by an oncoming car to veer off the road at 11:30 p.m. Thursday.

Satellite Links Moscow, Siberia

MOSCOW (UPI)—The Soviet Union launched a new communications satellite Friday, it was officially announced today.

The sputnik, in the Molniya-1 series, carries telephone and television equipment for communications between Moscow and the remote areas of the far eastern Soviet Union, Siberia, the far north and central Asia, Tass said.

The official news agency said all equipment aboard the high-flying satellite was functioning normally.

PG and E

On June 30th we made 335,000 people over $15 million richer.

That's the day we told all the fortunate people saving at American Savings just how much richer daily compounding at the highest interest on insured savings has made them.

Actually there's nothing unusual about June 30th. Because making people richer is nothing new at American Savings. We've been doing it for 83 years straight. In good times and bad, through all the ups and downs, people have grown richer at American.

Our Untarnished Record.

Naturally there's a reason for our untarnished record. We've learned how to invest money wisely. Through careful management of savers' money, American Savings has grown very big. We now have assets of over $1.4 billion. Which makes us the largest in Northern California by far. What's more, as a member of First Charter Financial Corporation with assets over $2 billion, we're part of one of the largest publicly held financial institutions in the United States.

There's Safety in Numbers.

If you get the idea we're trying to impress you with big numbers, you're right. Because the way you get big numbers in our business is by careful management of money. And when it comes to choosing a place to put your savings we're sure you'll agree there's safety in numbers. Speaking of big numbers: we now have 32 branches. And at each one, your savings earn 5% compounded daily and paid quarterly. (Which amounts to a bigger 5.13% if held for one year.) And even more on special American Bonus Accounts. (That's our name for an account in $1000 multiples which currently earns ¼% extra each year when held for a 3 year period.)

How to Get in on a Good Thing.

For those of you who missed out on our June 30th payout there's an encore September 30th. To get in on it all you do is bring the money you want to make *more* money with to any American Savings branch before July 10th. (It takes as little as $5 to open an account at American.) Naturally it's never a good idea to wait to the last minute, but even if you come in at 3:59 P.M. on July 10th we'll pay you interest from the 1st.

When you save at American Savings all the numbers are in your favor.

RETIRING — B. J. (Robert) Brusatori reminisces about early days in the Marin Municipal Water District. He plans to retire as district secretary-treasurer after 48 years with the district. (Independent-Journal photo)

Brusatori Retiring From Water District

B. J. (Robert) Brusatori, who started his career as a meter reader with the Marin Municipal Water District, will resign July 31 after 30 years of service as its secretary-treasurer.

Brusatori recalls that, when he started with the district in 1920, it had less than 3,000 customers. Today it has over 50,000. In his 48 years at the district, he has seen Bon Tempe, Kent and Nicasio lakes added to the district's original sources of water — Phoenix, Lagunitas and Alpine lakes.

The district had about 25 employees in 1920, compared to 180 today, according to Brusatori.

He was born in San Rafael in 1906. His father, Felix Brusatori, was a foreman on the Northwestern Pacific Railroad in Sausalito.

Young Brusatori went to San Rafael Elementary School, then took night classes at San Rafael High while he was working days at the district office. He later studied accounting for a year at Golden Gate College in San Francisco.

From meter reader Brusatori was promoted to accounts receivable clerk, payroll clerk and assistant chief clerk before being appointed secretary-treasurer in 1938.

Brusatori is the brother of Joseph J. Brusatori, deputy chief of police in San Rafael. Another brother was the late Judge N. Charles Brusatori. He also has two sisters, Mrs. John Skillicorn of San Francisco and Mrs. Rose Crader of San Rafael.

Brusatori was married Sept. 12, 1933, to the former Marguerite Hecht of San Rafael. They live at 424 Forbes Avenue with their daughter, Diane, 23.

A genial man, Brusatori smiles easily, on the job or off. He has worked under three general managers at the district. First was John Burt of Mill Valley, who retired in 1935, then James S. Peters of San Rafael, who retired in 1954. William R. Seeger of San Rafael has been general manager since.

As a young man, Brusatori recalls playing on a semi-professional baseball team organized by San Rafael merchants.

He also played with Mill Valley and Sausalito teams, sometimes participating in three games in one day. He remembers playing with Lefty Gomez, star pitcher with the New York Yankees, who was then a member of a Point Reyes team.

Upon retirement, Brusatori plans to play golf and take short trips with his wife, mostly around California. "We have no desire to go far. We've been to Hawaii and might go to Canada someday," he said.

Brusatori is a past exalted ruler of the San Rafael Elks Lodge, past president of the Tamalpais Parlor of the Native Sons of the Golden West, and has been secretary of the San Rafael Lions Club since 1951.

Brusatori's job is being split into two separate ones, secretary and treasurer, so two men will be appointed to replace him, possibly at the Wednesday meeting of the MMWD board.

A party will be given by the district for Brusatori at 8 p.m. on July 31 at the Peacock Gap Country Club. Former and present employees and board members will honor him.

WHICH WAR?

Democrat Rivals Differ On Issues

By U.P. INTERNATIONAL

Vice President Hubert H. Humphrey and his Democratic Presidential rival, Sen. Eugene J. McCarthy, cannot agree on whether the major campaign issue this year is the war in Vietnam or the war in America's streets.

Humphrey says crime and violence is the No. 1 issue and maintains he won't talk specifically about his ideas on how the Vietnam War should be settled because it would undercut American negotiators in Paris.

McCarthy said the Vietnam conflict is "much more the issue" because the other is not an issue "on which people are going to take sides."

Both candidates appeared on national television news shows yesterday.

The Vice President (Issues and Answers-ABC) said, "I believe the No. 1 issue that troubles the American people today is how you can have both civil order and civil justice.

"I think what the American people want is a law-abiding country, that is a country in which we can make our change without lawlessness. I think they want to see a president, and they want other officials of the government who will not only speak out vigorously against disorder and violence and crime in the streets, and looting and burning...but they also want that same man to speak up, to speak up for" a variety of antipoverty, education and urban programs.

McCarthy, on the other hand, said (Meet the Press-NBC), "I think the war is much more of an issue than the other.

"The other is a matter of deep concern to the people, but it has never been presented as an issue because no one of the candidates can offer you a solution to it in terms of a proper political issue in the campaign, but it remains a basic concern, a deep concern in this country.

"I don't think it is an issue in the sense that it is something on which people are going to take sides."

McCarthy, refusing to say he would endorse Humphrey if the Vice President won the nomination, said Humphrey should not support him either if his views on the war prevailed. Humphrey, however, said he would support any Democratic nominee.

In other political developments:

Richard M. Nixon—The Republican presidential leader's New York headquarters announced he has formed a braintrust of senators and congressmen to advise him on campaign issues. The group was headed by Texas Sen. John Tower.

Delegates—Gov. Richard J. Hughes of New Jersey said yesterday the credentials committee of the Democratic National Convention will bar any delegation which is not "broadly representative of all segments of Democratic voters in the state." In New York, democratic senatorial candidate Paul O'Dwyer urged Humphrey delegates from the state to resign their seats at the convention so an entirely new delegation could be picked. He claimed McCarthy was "cheated" of his fair share.

Polls—The Gallup Poll said yesterday a likelihood exists that the election of the next president could be thrown into the House of Representatives because of former Alabama Gov. George A. Wallace's third-party candidacy. The Harris Poll showed Humphrey leading McCarthy 48 per cent to 40 per cent among Democrats but trailing him 54 to 30 per cent among Independents.

Wallace — Campaigning on his American Independent party label, Wallace sought signatures in Massachusetts to get his name on the November ballot. "We have the support," he said, "but we have to get them on petitions."

Harold E. Stassen—The former Minnesota governor and a frequent candidate for the Presidency said if he does not win the Republican nomination, he hopes New York Mayor John V. Lindsay would.

Nelson A. Rockefeller—The New York Governor ended a four-day Hawaii vacation today and was to resume campaigning in San Francisco and then swing east to Missouri, Tennessee and Kentucky.

Canadian Hurt In Auto Wreck

A 41-year-old Canadian has escaped serious injury when the car in which he was riding jumped an embankment, knocked down 40 feet of barbed wire and smashed into a tree.

Otto Spika of Calgary, Alberta, said he would seek treatment of a private physician.

California Highway Patrol officers said Spika's wife, Inge, 37, lost control of the car as she drove out of the driveway of The Lodge, 8141 Redwood Highway, toward Highway 101 at 9:20 p.m. Friday.

The Atlantic Ocean has 85 million cubic miles of water.

Permit For Sunday Building On Agenda

Use permit applications for a Sunday School building, a restaurant and a boarding house will be reviewed by San Rafael planning commissioners at 7:30 p.m. Tuesday in city hall.

On the agenda are applications for use permits for a Sunday School building for the First Baptist Church, 1411 Lincoln Avenue; a Jumpin' Bean Restaurant at 501 Second Street, and a boarding house at 812 D Street. Architectural approval also is sought for the Sunday School and restaurant.

The president of the Belvedere Volunteer Firemen's Association is Robert O. Holm.

Five Die In El Paso-Juarez Flood

EL PASO, Tex. (AP) — Torrential weekend downpours of up to 6.25 inches—almost as much as the average annual rainfall—claimed five lives and caused widespread flooding in El Paso and Juarez just across the Rio Grande in Mexico.

An estimated 40 homes were swept away by floodwaters in Juarez and 125 persons were evacuated. The rainstorms, termed the worst since 1913, caused an estimated $4 million in damage at Juarez.

HALT CARS

Flood waters temporarily halted the international street car line which runs between El Paso and Juarez. Several cars were stranded on El Paso streets and the car barns were under water.

El Paso city engineer Charles Davis said it will be several days before an assessment can be made of flood damages in the city.

Rafael Reyes, 41, of Canutillo, died when his car skidded on a wet El Paso street and overturned. Four others died in Juarez during the downpours—one youth was killed by a bolt of lightning and three other persons drowned.

Asst. Police Chief Ted Vogel said 45 persons were evacuated from their homes in El Paso by police Saturday. Trucks from nearby Fort Bliss evacuated several dozen more.

HOMES DAMAGED

Dozens of homes were damaged as flood waters three feet deep swept low sections of El Paso and rocks and silt rolled down from Mount Franklin.

Silt piled up two feet deep in some stores and the El Paso fire department was kept busy Sunday pumping water from store and home basements.

Skies were still cloudy over El Paso and Juarez today although the rains had stopped. The Texas Experimental Station near El Paso during the three-day period recorded 6.25 inches—only one inch less than El Paso's annual rainfall.

"The ground here just can't absorb 3 and one-half inches in 24 hours," El Paso Mayor Judson Williams said.

OUT OF BANKS

The heavy rains caused heavy flooding downstream on the Rio Grande in the vicinity of Presidio.

"The Rio Grande is way out of its banks around Presidio," Sheriff Rogelio Brito said. "Most of the overflow water is in about three miles of good farm land growing cotton and cantaloupe."

The sheriff said the flood was causing a $1-million loss to crops around Presidio.

The Rio Grande reached five feet above flood stage at Presidio yesterday afternoon but no homes were in danger and highways remained open.

Czech Reformist Party Is Backed

PRAGUE (AP) — All regional Communist party organizations have shown "clear support" for Czechoslovakia's new reformist leadership headed by party chief Alexander Dubcek, the party newspaper Rude Pravo reported.

In an election yesterday of delegates to a special party congress in September, the 12 regional branches picked men who support Dubcek's plan to oust 40 conservatives from the 110-member Central Committee.

Among the candidates rejected was Drahomir Kolder, conservative chairman of the committee's economic commission and onetime chairman of the rehabilitation commission which reviewed verdicts against party members purged during the Stalin era.

Driver Reports Auto Is Stolen

A 1953 white Chevrolet Impala, license CXK 026, was stolen from where it was parked at the intersection of Bridgeway and Harbor Drive sometime Saturday night or yesterday, Sausalito police reported.

Jeannette Tingley of Colma told police she parked the locked car at 11:30 p.m. Saturday and found it missing when she returned at 4 p.m. yesterday.

Lights Startle Seattle Residents

SEATTLE (UPI)—Seattle was treated to a light show of sorts last night.

Authorities in and around the city spent a hectic evening investigating reports of a cluster of red lights that glowed for about half an hour high above Seattle.

Law enforcement and airport switchboards were jammed by hundreds of calls about 10:30 p.m. from persons anxious to know what was happening.

No one was sure, but one theory was that the lights were railroad flares attached to weather balloons.

Private Bridge Bids Entered

The low bidder today to replace a private bridge across Novato Creek on the George Grossi Ranch was Ghilotti Brothers of San Rafael at $7,440.

Other bids, presented at the Civic Center, were $8,937 by Madsen Construction of Napa, and $8,954 by Bowers Engineering Co. of San Rafael.

The county public works department had estimated the cost at $7,250.

The county paid about $700 for an old railroad flatcar which will be used to span the 50-foot-wide creek. The contract is to provide concrete anchors for both ends of the bridge.

The bridge is being replaced because the county acquired part of the dairy ranch for Stafford Lake Park.

Two Novato Wrecks Bring Minor Injuries

Two persons received minor injuries in two separate accidents involving a motorcycle and a car yesterday, Novato police reported.

Jo Ann Duckett, 14, of 32 Joan Avenue, Novato, was treated at Novato General Hospital for bruises on her knees and elbows. Her motorcycle was involved in an accident with a car at 2:18 p.m. on South Novato Boulevard, 200 feet south of Diablo Avenue, according to police.

The driver of the car, John Mobley, 19, of 65 Jackson Road, Novato, told police that the motorcycle was weaving and he could not avoid hitting it. Miss Duckett was cited for not having a driver's license, police reported.

Sidney McWilliams, 21, of 609 Manuel Drive, Novato, eastbound on Diablo Avenue at South Novato Boulevard on his motorcycle at 3:50 p.m., collided with a car driven by Anabel M. Purtill, 52, of 98 Pico Vista, Novato, according to police.

Williams was treated for a sprained left ankle at Novato General Hospital.

Corte Maderan Correct: Roar Was From Lions

A woman in Corte Madera told police she could not sleep last night because lions were roaring in the Corte Madera Center parking lot.

Mrs. R. J. Keate of 24 Madera Boulevard was not kidding. It seems that the Montgomery Ward department store had hired the owner of three mountain lions, three African lions and several monkies and an ape for a special promotion.

The owner, Mickey Solomon, who also trains the lions, bedded down the menagerie in the shopping center parking lot. He planned to present shows through Sunday.

However, it was learned today that the store had inadvertently failed to obtain a permit. Town Mgr. Ronald L. Usher said the town council could not issue one until next Monday, when it next meets, so Montgomery Ward manager Ted Armstrong called off the show.

The original cowboy of the West's Golden Age appeared in 1867 after the Kansas Pacific Railroad laid tracks between Kansas City and a settlement named for a region mentioned in the Bible, Abilene.

Fire District Increases Pay

The Alto-Richardson Bay Fire District board has adopted an across-the-board 5 per cent salary increase for all firemen, effective July 1, Fire Chief Carl O. Heynen Jr. reported.

Salaries will now range from $610 to $775 per month, the chief said.

The board meeting Friday, also approved a contract with the College of Marin to hire one student under the summer work-study program at 15 hours per week and hired two San Anselmo youths, Dennis Haulk and Fred Lepage, at $15 per day as summer helpers during the grass fire season.

Robbers Help Box Groceries

SEATTLE (AP) — Two robbers, one of them armed, helped at the checkout counter before they fled with about $1,000 from a grocery store yesterday.

Police said the men went directly to the office, where they ordered manager Wayne Carlson to open the safe. At the same time, Carlson was called on the public address system to help at the front of the store.

So the pair donned aprons and accompanied Carlson to the check stands, where they boxed groceries and watched Carlson for about 15 minutes before emptying the cash registers and fleeing.

Brakes Fail; Passengers Hurt

A 19-year-old San Rafael youth was injured last night when the car he was riding in veered off San Pedro Road two miles east of Sunny Oak Drive and went into a ditch.

James C. Rodger, 212 Belle Avenue, was treated at Marin General Hospital for multiple bruises.

The driver, Robert B. Harris, 19, of 121 Williams Drive, Larkspur, told the California Highway Patrol the auto left the road after the brakes failed when he attempted to slow down.

Teamsters Balloting Contract Rejection

Although all results have not been tabulated, Teamster construction workers in 46 Northern California counties, including Marin, appear to have rejected a three-year contract offered by management.

Morris Less, secretary of San Francisco Local 216, said results of the voting last week by 9,000 workers is running ahead of the two-thirds needed for rejection, but the final tally will not be known until Wednesday morning.

He said there will be further negotiations before any strike occurs although no negotiations are scheduled. The proposed contract offered a $1.62-an-hour increase in pay and fringe benefits.

Less said many workers are dissatisfied with refusal by employers to grant demands on seniority and hiring of nonunion owner-operators.

Marin members of the union voted approximately 95 per cent against the contract, a spokesman said.

Also, the outcome of another vote on a new contract for construction workers in Marin County, the members of Operating Engineers Local 3 of San Francisco, are to be revealed Tuesday afternoon. The vote was held last week.

Terms of the tentative agreement with employers have not been revealed pending the outcome of the vote.

Twenty five per cent of Marin County's painters, members of Painters Local 83 of San Rafael, have been idle since their contract expired June 30. Work is continuing for contractors who have signed a new agreement.

A union spokesman said a meeting Friday with representatives of the North Coast Painters Board broke up without any agreement being reached. No further meetings are scheduled.

Health Center's Landscaping To Be Reviewed

A tax levy for 1968-69 to pay for land acquisition and landscaping at the new Communiity Mental Health Center will be discussed by the Marin Hospital District board at 7 p.m. tomorrow in the Coral Room of Marin General Hospital.

Directors are negotiating with the Catholic Archdiocese of San Francisco to buy land across Bon Air Road from the hospital for additional parking. Directors will determine tomorrow how much to levy in taxes to pay for the property and the mental health center landscaping.

Also on the agenda will be recommendations of the selection committee for the director of the Community Mental Health Center. Directors will aso hear a report from the district's soil engineers regarding the fill placed by Niels Schultz Jr. on property behind the center. Engineers earlier this year said the fill was possibly unsafe and might slide into the new center, but a report from Schultz's engineers disagreed.

Resignation Of Trustee Will Be Considered

The resignation of Mrs. Roberta E. Shockey from the Bolinas-Stinson Union School District board will be considered by trustees at a meeting at 8 p.m. tomorrow at the Bolinas School.

Mrs. Shockey, the wife of Kenneth Shockey of Stinson Beach, served on the old Stinson Beach School District board until it merged with Bolinas. She was appointed to the unified board in 1965 when another trustee, Irving E. Levine, resigned.

Mrs. Shockey declined Saturday to give a reason for her resignation.

The board will also discuss the district's budget for the 1968-69 school year, and will reorganize.

Brezhnev Bids Reds Stay Alert

MOSCOW (AP) — The leader of the Soviet Communist party delivered today his traditional annual call for strengthened defenses and heightened vigilance by the Soviet armed forces.

Speaking to military academy graduates, the party general secretary, Leonid I. Brezhnev, accused the United States of aggression in Vietnam.

Resistance to aggression and war is mounting in the United States, Brezhnev said, "But we cannot ignore the fact that exponents of aggression, or hawks as they are called, retain their positions."

The record U.S. military budget shows that hawks are trying to take advantage of the "acute internal struggle in the United States" to step up their activities, he added.

Study Approved For New Dumbarton Span

SACRAMENTO (AP)—Some $1.75 million would be allocated for a study of a replacement for the narrow Dumbarton Bridge across southern San Francisco Bay under a bill approved by the Assembly and sent to the Senate.

The measure by Assemblyman Carlos Bee, D-Hayward, would spend the money only if approved by the State Toll Bridge Authority.

Tax Reformists Will Begin Study Tomorrow

SACRAMENTO (AP) — Gov. Ronald Reagan's new tax reform study commission begins its work tomorrow with less than six months in which to propose an overhaul of the state's tax system.

Appointment of the eight advisory commission members was announced yesterday by Controller Houston I. Flournoy, chosen earlier by Reagan to head the study. Finance Director Caspar Weinberger will assist as an ex-officio member.

Tomorrow's meeting will be an organization session, Flournoy said.

Members are Francis Barnes, San Francisco, a vice president of Crown Zellerbach Corp.; Dr. Louis T. Benezet, president of Claremont University Center; Russell S. Bock, Los Angeles accountancy firm executive.

Richard M. Clowes, Los Angeles county education superintendent; Thurlow M. Heggland, retired San Diego County administrative officer; Chancellor Ivan Hinderaker of the University of California at Riverside; Mrs. Lewis Paul, Pacific Palisades, official of the League of Women Voters; City Mgr. Kenneth H. Smith of Richmond.

Earlier this year, Reagan announced he was not able to put together a comprehensive tax reform proposal to submit to the 1968 Legislature.

He had named a tax reform task force, composed largely of executives of business firms, but Reagan aides said their report was largely disappointing.

One of its suggestions which drew immediate criticism was a proposal that the administration consider extension of the state sales tax to groceries and other food which is not now subject to sales tax.

The Republican governor had called tax reform high major legislative goal this year.

Flournoy's statement yesterday said, "There is no doubt that reform of California's tax structure is one of the most—if not the most—important problems that must be solved if this state is to continue to expand both economically and socially."

Flournoy, a Republican and former assemblyman, is known as an advocate of payroll withholding of state income taxes, a proposal Reagan personally opposes.

Teen-Ager To Serve On Parks Commission

PLACENTIA (AP) — Teenagers in this Orange County community of 19,150 will have their own voice in government this fall.

The City Council has voted to appoint a teen-ager to the Recreation and Parks Commission —based on the fact that half the city's population is under 21 years of age.

GI Climbs Rail, Walks Girders Under Gate Span

A 21-year-old Army man climbed over the railing of the Golden Gate Bridge, walked along the girders below and climbed back up to the roadway Saturday, the California Highway Patrol said.

CHP Officer L. G. Sanford reported that he was driving south on the bridge at 6:35 p.m. when he saw Pfc. Michael Neil Kelly of Los Altos, Santa Clara County, go over the railing on the east side of the bridge, just north of the south tower.

After walking along the superstructure below, Kelly voluntarily climbed back over the rail, Sanford reported.

Kelly, attached to the 82nd Artillery at Fort Lewis, Wash., was turned over to military police, officers reported.

What can they say to questions like "Where's the ignition warning buzzer; the Hide-A-Way windshield wipers; the flush-and-dry rocker panels; the Magic-Mirror acrylic lacquer finish; the Body by Fisher quality?" (Only Impala's got them in its field.)

And what can they say when somebody specifies a speed warning indicator? Or wants the lowest priced full-size sport coupe? (You see, putting you first keeps us first.)

What else can they say? Help!

Urge 'Psychological Autopsies' In Probe Of Attitudes On Death

WASHINGTON (SS) — Death, except for violent death, is pushed out of sight and mind in the United States. The average man ignores the thought of death while physicians and scientists ignore its study.

Compared to the energy being devoted to understanding early growth, efforts spent on the processes of old age and dying are few indeed. One may argue the greater urgency of child growth studies, but there is another explanation: Americans repress the idea of death.

"Perhaps more than any previous society the world has known, we have succeeded in relegating death to a small, peripheral corner of our conscious daily life," says Dr. Robert Kastenbaum, psychologist at Wayne State University in Detroit.

In 1959, Los Angeles psychologist Dr. Herman Feifel pulled the cover off the professional study of dying. He set out to investigate attitudes toward death of the seriously ill and encountered outright opposition from doctors and hospital personnel.

Dr. Feifel, chief psychologist at the Veterans Administration Out Patient Clinic in Los Angeles, concluded that he was up against a personal attitude among physicians, bolstered by the culture, that "death is a dark symbol not to be stirred or touched, that it is an obscenity to be avoided."

Since then a number of scientists have followed Dr. Feifel into the field. The most recent addition to the death studies is a work called the "Psychological Autopsy." The authors, Boston psychoanalyst Dr. Avery Weisman and Dr. Kastenbaum, argue the need for autopsies dealing with the social and personal circumstances of death.

Their technique, which they used on 80 deceased elderly patients, was to call together nurses, therapists, doctors, chaplains and social workers to reconstruct the pre-death period of each patient through spontaneous recollections.

The goal was to discover how an individual contributes to his own death. Autopsies do not always disclose the cause of death, nor do they invariably demonstrate why patients die when they do, the authors point out. "It is as important to know how a person comes to die as to know what he dies from."

A hundred years of physical autopsies have taught physicians about disease, adds Dr. Weisman. The psychological autopsy is needed to illuminate the dying process, so that the individual can be rescued, or at least helped to die with dignity.

Dr. Weisman's comments reflect a widespread suspicion that institutions, including hospitals, often nudge old people into dying by making their preterminal period more personally threatening than death itself.

"If you treat a patient like a vegetable, he's going to feel that way," says Dr. Weisman. In some instances, "the dying patient is seemingly dehumanized; his final period of life is replaced by agonal (death) treatments."

From their own information on 80 patients at Cushing Hospital in Framingham, Mass., the authors believe they have found a period of adaptation in which some geriatric patients facing imminent death prepare themselves. This emotional preparation may itself contribute to death.

The patient ceases to care, says Dr. Weisman, but is not despondent. He complains less, becomes somewhat apathetic, withdrawn and more accepting of death. These changes may be a normal stage in development leading to the end of life, but the authors emphasize that the patient can always be reached and helped to die with dignity.

A second group of patients goes on living emotionally as strongly as ever. They probably would continue to live but are interrupted by organic failure, Dr. Weisman believes.

In neither group was there preoccupation with death or manifest anxiety about it, he says. Anxiety was seen mainly in the seriously deteriorated patients.

But these things are hard to measure considering the poor human conditions under which an aged person often dies. He may not express concern about death for lack of someone to listen. His apathy may stem from the hospital environment.

Investigators find conflicting evidence on this score. Some see heightened responsiveness in the period preceding death; some see withdrawal.

Dr. Feifel challenges the idea that the elderly have a characteristic way of coming to grips with death. The manner in which an elderly person meets death depends on his philosophical, religious, social and personal state, he says. As for anxiety, the elderly seem to hold ambivalent attitudes. "A realistic acceptance of death and its rejection coexist in a subtle balance," which may be preferable to complete denial or acceptance, says Dr. Feifel.

But the investigators do agree on one point: The existence of a society-wide repressive attitude toward the very thought of dying which makes death tougher to deal with. The elderly suffer most from this attitude but others are not immune. "To the extent that you live as though you are not going to die, you falsify life," says Dr. Feifel.

Judge Orders District To Ban Racism

CHICAGO (UPI)—A suburban school district, target of the first school desegregation suit filed in the North by the Department of Justice, today was ordered to stop discriminating on the basis of race or color.

After a 10-day hearing, U.S. District Court Judge Julius J. Hoffman issued a preliminary order enjoining the South Holland School District No. 151 from discriminating in the operation of the district and in the assignment of teachers or students to its six schools.

Included with the order was a plan stating how the desegregation is to be accomplished by the fall term.

Hoffman noted 14 years have passed since the U.S. Supreme Court ruled the doctrine of "separate but equal education" has no place in public education, and more than 13 years have passed since the court ordered schools to desegregate "with all deliberate speed."

"Too often there has been deliberation, but not speed," Hoffman said. "There has not even been a beginning in some cases, despite increasing and well-documented evidence showing that racial segregation in the schools has been detrimental to the Negro child, the white child and to the United States.

"The white opponents of pupil and faculty integration are doing a disservice to their own children when they deprive them of the opportunity to know members of another race and to be saved from the ignorant, arrogant belief that a white skin is proof of preeminence."

Public Hearing Set On Novato Budget

A public hearing on the proposed $1,215,920 budget for fiscal 1969 will be held at 8 p.m. today by the Novato City Council in the Novato Community House.

After the public hearing, the council will go over the proposed $83,985 recreation, $17,690 park maintenance, $12,325 swim pool and $9,375 community house budgets.

Assaulted Officer In Fair Condition

Sgt. J. T. Arms, 47, the San Quentin Prison correctional officer assaulted by an inmate Friday night, remained in fair condition today at Marin General Hospital with facial injuries and several broken bones.

Associate Warden James W. L. Park reported this morning that three suspects are being held for investigation. The assailant apparently used his fists in the attack on the officer in the south cell block office, Park said.

It will be two months before Arms can return to work, hospital officials reported.

Woman, 66, Found Dead In Apartment

Mrs. Hazel Harris, 66, of 1315 Lincoln Avenue, Apt. 2, San Rafael, was discovered dead in her apartment yesterday, apparently of natural causes.

Deputy County Coroner Keith Craig reported that Mrs. Harris had been dead for about six days when her body was discovered yesterday afternoon by the apartment manager.

Death appeared to be from natural causes and there were no signs of foul play, he said. There will be an autopsy at Keaton's Mortuary, San Rafael.

The apartment manager investigated after noticing that newspapers had been piling up outside Mrs. Harris's apartment, Craig said.

Mrs. Harris, a resident of Marin for about 10 years, is survived by a son, Linn Harris of Seattle, Wash.

Funeral arrangements are pending at Keaton's Mortuary.

To Elect Officers

The Kentfield School District board will elect officers for the year and review the publication budget at a meeting at 8 p.m. today at Wolfe Grade School.

ELIZABETHAN

Feast To Open Festival

The traditional "Feast to Good Will," held prior to the opening of the Marin Shakespeare Festival, is set for July 20, starting at 7 p.m. on the Magnolia Terrace of the Elks Club, San Rafael.

The feast, an authentic Elizabethan style dinner, complete with entertainment, will consist of hot poached salmon in caper sauce; cold pickled pork with hot mustard; hot Cornish meat pasties with meat and vegetables and served with spicy tomato sauce.

A salad bowl will consist of endive, marinated mushrooms, pickled beets and fresh garden radishes. Dessert will be individual old English trifle with whipped cream, kissing comforts and ale and coffee.

Mary Gulli, professional gourmet and author of several books on the subject, has authentically recreated the Shakespearean era for the feast.

Mrs. Brian McDonald, Corte Madera, will serve as chairman, assisted by Mrs. Ernest Egenberger. Others on the committee are Mesdames Michel Dooling, San Rafael; Virginia DePue, Kentfield; Richard Blount, Corte Madera, who will serve as hostesses; Laurence McDermott, San Anselmo, hostess; Manfred Fels and Henry Sanderson, both of San Rafael, working on floral arrangements, and Jo-Anne Collins, San Rafael, tickets.

Wine tasting will be held before the dinner, with William Baxter and Donald Arnst of Tiburon.

Mrs. Burton Schraeder will also be a hostess for the dinner, with her daughter Karen assisting and Miss Alice Shortino serving the feast ale.

Entertainment will be offered by Alfred Spalding Recorder Quartet and Richard and Paul Willis, who will star in "Comedy of Errors," who will strum his guitar and sing along with Hope Alexander.

Tickets for the feast will be separate from the opening night performance.

The eighth annual festival will open that night with "Antony and Cleopatra" in the Forest Meadow Theater, San Rafael, at 8:30 p.m. Other productions to be given are "Macbeth" and "Comedy of Errors."

Reservations for the feast are obtained by contacting the Marin Shakespeare Festival at P. O. Box 2306, San Rafael.

SHAKESPEARE'S TIME will be recreated for the traditional "Feast to Good Will" which opens the Marin Shakespeare Festival with an Elizabethan repast. Here Mrs. James English displays her papier-mache handiwork which illustrates some of the foods typical of the times at the feast July 20. They include roast boar, chine of beef and a platter of fruit, all of which will be on display at the feast while guests enjoy their meal. (Ken Howard photo)

FEAST OF GOOD WILL
Pickled Pork

The term "pickled" is what is referred to as "corned." A pickled pork therefore is the same as a corned beef, except that is a pork. Your butcher can furnish corned or pickled pork; the leg of pork is the most preferable cut.

Boil a large container of water with 10 or so peppercorns, a few bay leaves and onions — no salt. Put in the pickled pork and return to boil. Reduce the heat and cover. Simmer gently 3½ to 4 hours. Skin the meat; score; and serve cold with hot mustard.

Trifle

Cut a small pound cake into slices; spread with raspberry jam. Overlap slices by laying gently in a serving dish. Pour port wine over to moisten well. Cover and refrigerate. In the meantime, make the following custard:

4 well-beaten eggs
⅓ cup sugar
2 c. milk

Beat egg yolks with sugar. Boil milk and add quickly to egg yolk—beating well with a whisk. Return liquid to heat. Cook over low heat until it becomes a thin custard. Watch carefully to prevent curdling. Pour over cake/jam/wine mixture. Cover and refrigerate overnight. Just before serving pipe with whipped cream and slivered almonds.

Cornish Meat Pasties

For six pasties: Make a batch of a good, short pastry. Cut into 6 rounds.

Filling:

1 pound chuck
1 onion
1 large potato
1 large carrot

Cut all of these into tiny pieces and season with salt and pepper.

Place 1/6 of a portion of the filling on half of each of the six rounds. Moisten the edges and fold over as a turnover. Crimp and brush with beaten egg. Prick with a fork and brown in a hot oven and cook 10 minutes (450 deg.). Turn the oven down to 300 degrees and bake for 40 minutes until browned.

John Jay Osborn Jr. of Belvedere claimed Emilie Heffron Sisson as his bride at a 4 o'clock ceremony at the First Parish Church in Lincoln, Mass., Saturday.

The bride's sister, Margaret Wendell Sisson of Lincoln, was her maid of honor. The bridesmaids were Katy Siepmann of New Canaan, Conn., Joan Pierce of Lincoln, Annebet Everett of Marblehead, Mass., and Marie Christine Loiseau of Paris, France.

Gordon Mosser of Minneapolis was John's best man. David Hiatt of Ann Arbor, Mich., John Sisson Jr. of Lincoln, the bride's brother; Earl Osborn of Belvedere, the bridegroom's brother, and Richard Ekman of Cambridge, Mass., escorted wedding guests to their places.

The bridegroom is the son of Dr. and Mrs. John Jay Osborn of Belvedere. He is the brother of Oliver Osborn of Palo Alto, Earl, Maria, Anne, Cynthia and Joseph Osborn of Belvedere.

Emilie is a graduate of Concord Academy in Concord, Mass., and attends Radcliffe College, where she has completed her junior year.

The bridegroom is a graduate of Redwood High School and Harvard University. He is attending Harvard Law School, where he has completed his first year's studies.

After a wedding trip to Vermont, the couple will live in Cambridge, Mass.

MR. AND MRS. WILLIAM M. GOLDBERG
(Custom Photo Service photo)

German Miss Is Bride Of William Goldberg

Gisela Ingeborg Rothenberg of Wiesbaden, Germany, was wed to William Marshall Goldberg Sunday at the home of his parents, Mr. and Mrs. Milton Kimmel of Belvedere.

The bride, who is the daughter of Professor and Mrs. Friedrich Karl Noering of Wiesbaden, was graduated from Gymnasium Helene Langeschule and the University Clinic of Nursing in Frankfurt. She is employed at Unity Hospital in San Francisco.

William, who is also the son of the late Irving Goldberg, was graduated from Van Nuys High School and the University of California at Los Angeles with a bachelor of science degree in engineering. He received a master's degree from Wharton School of Finance at the University of Pennsylvania.

The couple met when William was employed by the First National City Bank of New York, the only American bank in Berlin.

Attending the couple were Gloria Miachalak of San Francisco and Ken Allen of Los Angeles.

Gisela is the sister of Mrs. Jutta Roediger of Barcelona, Spain. Miss Beate Noering of Wiesbaden and Ruetget Koettgen of Berlin.

Following the reception at the Kimmels' home, the couple left for Europe. They will live in Tiburon on their return.

FEATHERS AND BEADS

TO PUBLISH ENGAGEMENT AND WEDDING STORIES IN THE I-J

Forms for engagement and wedding story information to be printed in the Independent-Journal are available from the I-J offices in San Rafael, Novato, Mill Valley, Tiburon and Corte Madera.

Wedding forms should be returned promptly to the I-J office in your area and information will be printed immediately after the wedding. Photographers should be urged to submit a print of the wedding picture promptly. Color photographs cannot be used.

The Independent-Journal does not print wedding stories more than seven days after the wedding.

An engagement form may be accompanied by a professional black and white photograph, which may be picked up at the I-J office after publication. Snapshots, polaroid or color pictures are not suitable.

Kentfield Home Wedding Conducted For Alexandra Little And Stan Lov

MR. AND MRS. STANLEY J. LOV
(Wallace photo)

The home of Mr. and Mrs. Matthew A. Little Jr. in Kentfield was the setting for the marriage of their daughter Alexandra to Stanley Joseph Lov on June 29.

The bride was attended by her sister Lucy Anne Little of San Francisco. The bridegroom's brother, Michael Koss of Los Angeles, was the best man.

Alexandra attended high school in Burlingame and Yuba City. She also attended the University of California, where she was affiliated with Alpha Phi sorority, and was graduated from San Francisco State College. She obtained a teaching credential from the University of Hawaii.

The bridegroom is the son of Mr. and Mrs. Martin Koss of Los Angeles. His sisters are Linda and Donna Koss.

Katherine and Mary Little are also sisters of the bride.

Stanley is a restauranteur in Honolulu, where the couple will make their home.

Designer Claims It's Unisex Year

By JEAN SPRAIN WILSON

NEW YORK (AP) — Vive la difference? That's old fashioned. At least among the avant garde this is the year of unisex.

That age-old battle of the sexes over who in the household wears the pants has come to a draw. Both do, the same style, interchangeably.

Moreover, the really togetherness couple have a common supply of shirts, jackets, jewelry, neckties and hats. They share the same hairdresser and, while party-hopping, carry their combs and cigarettes in the same handbag. A divorce would leave one or the other without a thing to wear.

"Why should they try to separate us so?" pondered Cary Grant whose screen image has made millions of women happy that men were men. "We should all just smell well and enjoy ourselves."

Cosmetics is a means of unifying the sexes, said the actor in announcing that he had become a board member of a cosmetics firm.

Just a few days earlier designer Rudi Gernreich told buyers at his fall knitwear collection that the skirt was dead. Despite efforts of others to resuscitate the romantic midi, the Californian insisted that clothes for men and women were now converging.

"It is the only practical thing for our contemporary way of life," said Gernreich, dressed in a belted tunic and belled trousers like those on his manikins. Still the knited costumes spelled out the difference in girls as significantly as a shrinken sweater.

Gernreich, least it be forgotten, pioneered unisex fashions by introducing bathing trunks for women five years ago.

Yet women started it all by shopping in haberdasheries for men's jeans, sweaters and ties. Noting the trend, designers set about rescaling men's bathrobes, nightshirts, even military uniforms, to suit the female framework.

In an effort to be individual, men turned to Nehru jackets and cossack shirts. But the

HELEN HELP US!

By HELEN BOTTEL

Mother Doesn't Have To Move Furniture

DEAR HELEN:

I've heard of managing mothers-in-law, but this is the livin' end. My sister's m-in-l lives next door to them. Mama not only pops in at all hours but she even rearranges her daughter-in-law's furniture. Constantly.

My sister is a fine housekeeper, and she likes her own arrangements. It's most disconcerting to come in after a shopping trip and see your front room switched from here to there. Mama doesn't bother about knocking. Son lets mommy have her way, no matter what. Without causing open conflict, how can this situation be eased? — CONCERNED SISTER

DEAR SIS:

Best cure for this moving m-in-l is: Move to the other side of town or even farther away. The relationship is altogether too close. —H.

DEAR HELEN:

I've been married ten years to a wonderful man who would do anything for me. But like most perfect mates, he is sometimes dull. It was during one of those times that I drifted into an affair with a married man. Mark was everything my husband isn't: A chaser, a cheat, a taker, but, oh, so exciting. We'd meet at his apartment while my three children were in school. No one suspected.

When I became pregnant, he told me he could never leave his wife for me and we'd have to say good-bye. He thought the baby was my husband's and I hoped it was — until I saw him.

To me, the resemblance to Mark is startling. My husband thinks my son looks like his grandfather's baby pictures.

I know now how foolish I was, and how lucky I am, but how can I live with this secret when every time I see the baby I'm reminded of it?

I love my husband more than ever and I couldn't bear to hurt him. If he knew the truth, he'd be totally crushed. Every day I try to make it up to him. He and Mark are business acquaintances, and I alternate between fear he'll find out and a great longing to tell him. What shall I do? — PAYING THE PRICE

DEAR PAYING:

ESP is not my department, but something tells me your husband already knows. Don't you think a man "who would do anything for his wife" might prefer to let the present bury the past? If he can do this, why can't you? — H.

DEAR HELEN:

I sometime wonder if waitresses have a hate on for women. When men lunch together, they usually get separate checks without asking — or so it seems. Maybe there's a signal here that I miss.

But when females go out to lunch, here comes one check for all five or six including different priced drinks, main courses and desserts. Then men at other tables smile behind their hands as we try to separate what we owe, plus tax. Why don't waitresses ask a simple question, "Separate checks?" so we won't be embarrassed? — THE GIRLS

DEAR GIRLS:

Why don't you ask a simple question, "May we have separate checks?" . . . though I agree, the waitress should think of this first.

(Reminds me of a definition from Changing Times Magazine: "Confusion is one woman plus one left turn; excitement is two women plus one secret; bedlam is three women plus one bargain; chaos is four women plus one luncheon check! — H.

Ladder Safety

A good way to insure the safety of older, straight ladders used for outdoor painting: Lay the ladder flat on the ground, and put all of your weight on each rung—if one of them breaks or splinters, it's time for a new ladder.

Richard Herrmann And Candace Calas Marry

The wedding of Candace J. Calas and Richard C. Herrmann was June 30 at St. Rita's Church in Fairfax. The bride is the daughter of Mr. and Mrs. A. J. Calas of San Mateo and Chicago.

Richard is the son of Mr. and Mrs. John Herrmann of San Anselmo. He was graduated from Sir Francis Drake High School and College of Marin.

The bride's schools are Marin Catholic High School and San Francisco State College.

Joan Miller of San Francisco was maid of honor, and the bridesmaids were Susan and Betsi Herrmann, the bridegroom's sisters.

Best man was C. F. Buckley IV. The bride's brother, Gregory A. Calas, and Gerald V. Barron Jr. ushered.

Nancy Herrmann is another sister of the bridegroom, who is employed by Outdoor Recreation in San Rafael.

Candace is employed by the Marinwood Recreation Department. Mrs. Robert Malone of Chicago is her sister.

The couple will live in San Rafael when they return from a wedding trip to Mexico.

A garden reception at the Marinwood home of the William A. Gordons followed the ceremony.

Where To Go?

"Law school or the lower Mekong Delta."

This was the response of one Lafayette College graduating senior when asked where he expected to be next fall. The school said it seems to reflect the uncertainty of many of this year's graduates. One reason: the Selective Service in February decided to eliminate the occupational and graduate school deferments except in certain categories. The school said for the first time in a number of years even science and engineering students are faced with the draft as a result of the elimination of occupational deferment.

Oregon Ceremony Unites Mr. And Mrs. T. R. Galli

Nuptials in Eugene, Ore. yesterday afternoon united in marriage Bonnie Lee Holm of Eugene and Thomas Ramon Galli. He is the son of Mr. and Mrs. Stanley W. Galli of Kentfield.

For the ceremony at Westside Church of Christ the bride was attended by her sister-in-law, Mrs. James Holm of Eugene as matron of honor, and Mrs. Donald Vanderpool of Springfield, Ore., bridesmaid.

Timothy A. Galli of Rochester, N.Y., served as best man, and the ushers were James Walsch and Joseph Paiua of Eugene, and Walter Joseph Jr. of Lake Tahoe.

A reception followed at the home of the bride's parents, Mr. and Mrs. James F. Holm of Eugene. The couple will live in Eugene after a wedding trip to Inverness.

The bride was graduated from North Eugene High School and is employed with a travel service in Eugene. Richard and James Holm of Eugene are her brothers.

Thomas was graduated from Redwood High School and attends University of Oregon. He is the grandson of Gus Salvato of San Anselmo.

ON THE AGENDA

Mothers' Training Will Assist Students With Art Appreciation

SAN RAFAEL mothers have been volunteering to bring an interest in great art of the world to public school classrooms during the school year.

Before they begin their classroom work in art appreciation, they participate in a series of workshops for training in the program. This is directed by Bruce Pinegar, San Rafael schools district art consultant.

Parents with art talent or interest in the program may sign up for the coming workshops, which will be held July 15, 22 and 29, and Aug. 5 and 12, from 9:30 a.m. to noon each day. They will be held at the conference room of the San Rafael City Schools administration building at Third and E streets, San Rafael.

Another training session on the subject matter and instructional techniques will be scheduled in September for women who cannot attend the summer series.

ST. RAPHAEL'S Catholic Ladies' Aid Branch 24 will meet Tuesday at 1:30 p.m. in St. Raphael's Social Hall. The report of the Grand Council, held recently in Palo Alto will be given by Mrs. Helen M. Ring, delegate.

Mrs. Hildegarde Bettinger was re-elected to the board of grand directors for the second year. Mrs. Marge Sullivan, junior grand president, was appointed deputy to the local branch for the coming year at the Grand Council.

THERE ARE vacancies remaining in the week-long summer **Creative Stitchery** seminar, beginning July 15 and running though July 19, according to Janet Van Evera of Belvedere, one of two instructors. Marge Krejcik of San Francisco is the other instructor.

This seminar, originally designed for teachers who could not take day-time courses during the school year, will be held at the Marin Art and Garden Center from 10:30 a.m. to 3 p.m. for one week.

New Clinic Opens To Answer Questions On Genetics

A genetic evaluation and counseling clinic for Marin will open Thursday at Ross General Hospital and continue on a once a month basis, from 1 to 5 p.m.

The clinic will open as a result of a one year grant for $5,000 given by the Marin County Chapter of the March of Dimes National Foundation to Ross Hospital to provide the professional personnel and the extensive laboratory work.

The aim of the genetics clinic is to make available to patients of Marin physicians answers to questions concerning themselves, their children, adoptions, wisdom of marriage where known or suspected genetic abnormality may exist, and to aid in evaluation of patients with more recently discovered chromosomal abnormalities said Mrs. Justin L. Williams of Ross, chairman of the genetic counseling clinic committee for the March of Dimes chapter.

The clinic will be conducted by Dr. Charles J. Epstein of Corte Madera, associate professor of pediatrics at the University of California Medical School in San Francisco and a specialist in human genetics. Cases will be taken upon referral by a physician and all findings will be made available to the physician when study is completed on the patient and his family. Advanced laboratory work, such as chromosome analyses, will be done at the U.C. Medical Center.

All services are being underwritten by the March of Dimes grant, and plans are to render all services without charge, Mrs. Williams said.

"We believe this will be the only such clinic that exists outside of large medical centers," she said.

Through it Marin families will have the opportunity for evaluation of possible genetic problems within their families such as diabetes, down syndrom (mongolism), cancer, epilepsy, cystic fibrosis, congenital abnormalities, infertility, recurrent abortions and birth defects that may be due to chromosome abberation.

Other staff members will be Dr. Donna Daentl, a geneticist who for the past two years has been working on pediatric biochemistry and developmental abnormalities at Stanford University Medical Center in Palo Alto, and Miss Virginia Dontanville, a public health nurse who is nursing consultant for the Heredity Defects unit, Bureau of Maternal and Child Health for the State of California Public Health Department.

Dr. Epstein has also just been awarded a $50,000 two year grant from the National Foundation for a birth defects and evaluation center at the University of California Medical Center, which he will direct.

On the committee for the Marin genetics clinic with Mrs. Williams are Mrs. Jonathan P. Goldsmith of Terra Linda, co-chairman; John Parker, director of education, Marin County Dept. of Health; Dr. Robert D. Dunbar, chairman of the March of Dimes medical advisory committee; Mrs. Walter Johnson, secretary; Marin County March of Dimes Chapter; Mrs. William Spence, chapter executive board member, and Miss Louise Schoenemann, Western states director for the National Foundation.

The Marin clinic is a pilot project which will expand its hours as the need increases, Mrs. Williams said.

Year Of The Unisex Look

ladies are buying these too.

"Which necklace are you going to wear, dear. It doesn't make any difference which one I wear," is a preparty conversation of a fashionable husband and wife as reported by a New York society columnist recently. Jewelry switching is not uncommon among the rich.

Nor is sharing the same hairdresser. Although they won't snitch on them, stylists confide that they coif the curls of wealthy males as well as their wives'.

As if there ought to be some way to tell the ladies from the gentlemen, one New York hostess recently asked the men to come wearing mustaches.

Bottoms Up

"The Bottom-Up Window Shade — a New Decorative Look," is the title of a booklet just produced by the Window Shade Manufacturers Association.

The association explains the how of such shade installation. The bottom-up shades are a boon to homemakers who wish to control sunlight without sacrificing the view or their privacy. They can be installed at the sill level or from the floor.

Dirty Elbows

Rough, dirt-catching creases in elbows and knees smooth out and come clean when scrubbed with a damp nail brush sprinkled with dry baking soda at bath rime.

Children Mimic

Children mimic what they see and are highly influenced by the actions of their parents and those they love or admire. Since attitudes are caught, not taught, look well to your own attitudes and habits. Take this sample: If they see you buckle your seat belt, they will form the habit of wearing theirs.

CONCERT REVIEW

Marin Singer Bows With Pops Orchestra

By MAYBELLE SPECKMANN

SAN FRANCISCO — Another young Marin singer began a promising career Saturday night when 22-year-old soprano Margreet Winkler of Larkspur made her debut with a major orchestra.

This was in the third concert of the San Francisco Symphony "Pops" summer concert series directed by Arthur Fielder.

The San Francisco Cicic Auditorium is not the best place to hear anyone for the first time because of its barn-like sterility and notoriously bad acoustics. These were added to the risk, as in all pops concerts, of sitting next to people who come for conversation rather than music.

Although we heard about as much of the private lives of these pests as we did of the singing — thanks to Miss Winkler's remarkably powerful voice which could reach the back of the auditorium without a microphone — we did hear enough to be sure that she has a very fine voice and much innate musicality.

Her first number, the "suicido" aria from Ponchielli's opera "La Gioconda," was the most successful because of its dramatic, dynamic character. But because of the difficulties mentioned, the subtle and delicate qualities were often lost in her second number, the Countess Almavivia's introspective aria, Porgi Amor from Mozart's "The Marriage of Figaro." This was also true in her encore, Mimi's lovely Addio, Senza Rancor, from Puccini's "La Boheme."

The other highlight of the evening was a virtuoso performance by Linda Pimentel of San Jose on the marimba, a most unusual solo instrument with a symphony. The "Concertino for Marimba and Orchestra," by Creston was a true musical experience rathern than a pops trivialtiy or novelty. The second movement requiring the use of two mallets in each hand was especially beautiful, with its emphasis on melody and harmony rather than percussive rhythm.

As for the orchestral numbers, there were bright, flashy works like the Spanish march "Amparito Roca" by Texidor, the overture to "Il Guarany" by Gomes, Enesco's Roumanian Rhapsody, the familiar war horse, "The Dance of the Hours" from "La Giodonda" and music from the modern scene.

The last included many whistleable and danceable tunes from Sherman and Sherman's "The Happiest Millionaire," "Michelle" by Beatles Lennon and McCartney and "Look Sharp, Be Sharp" by Merrick-Bennett.

"Michelle" is one of the Beatles' hauntingly lovely compositions, but it was not meant for a full orchestra. It needs a small intimate ensemble for greatest appeal.

The program was directed by Fiedler with emphasis on fast tempo and with youghful vigor despite his more than 70 years.

LATINS FROM LONDON

Crowd-pleasing acrobatic ice skaters, the Harvard Brothers, from London, will perform in South American and just about any other garb, when the Shipstads and Johnson Ice Follies come to San Francisco's Winterland on Wednesday. The show will run through Sept. 1.

School Board To View Budget

A revised budget, down about $3,000 from the preliminary budget of $281,025, will be considered by West Marin School District trustees at 8 p.m. today at West Marin School.

The current budget totals $264,513. Most of the increases are in salaries. The board will also consider a $17,000 expenditure for heating in West Marin School.

A dress and appearance policy for the district will be discussed and the board will elect officers for the 1968-69 school year.

Fairfax Council To Debate Guns

The Fairfax City Council will debate a proposed gun control ordinance similar to that adopted last month by the county board of supervisors at 8 p.m. today at the women's club.

Tomorrow at 8 p.m. the council will return to the same building to wrestle again with its proposed budget.

The council will also deal with a proposed garbage collection contract tonight with Fairfax Garbage Disposal. Three weeks ago the council approved a rate hike of 25 cents to $2.50 per month on level land and $2.75 per month on hilly land.

Film On Friday

"Refried Beans," a movie dealing with topics ranging through motorcycling, surfing and the hippie movement, will be shown at 8 p.m. and 10 p.m. Friday at Brown's Hall, 390 Miller Avenue, Mill Valley. Tickets may be obtained at the door.

Three Renamed ADA Directors

Three Marin County residents have been re-elected to the board of directors of Americans for Democratic Action, Northern California Chapter.

They are Leonard Sperry Jr. of Belvedere, Mrs. Nancy Swadesh of Tiburon and Donald Vial of San Rafael.

The other Marin residents, Michael D. Healy of San Geronimo and former Sausalito Mayor Mel Wax, are members of the Northern California board's advisory council.

$1,200 In Items Taken By Looters

Mary E. Hawkins of 419 Drake Avenue, Apt. 14, Marin City, reported to sheriff's deputies Saturday that burglars took furniture and personal items valued between $1,200 and $1,300 from the apartment.

Among the items taken were a portable television set, a sewing machine, a stereophonic set, an iron and table lamps, deputies said.

MUSIC AT FAIR

Band Concert Is Light And Airy

First of two summer concerts by the College of Marin Community Band, directed by John H. Myers, was given yesterday afternoon as one of the closing events of the Marin Art and Garden Fair in Ross.

Emphasis was heavily, and appropriately so for the occasion, on a pops program with many marches, novel instrumental effects and even a stunt.

Of the four marches on the first half of the program, the best performed and most exhilerating was an arrangement by Osterling of the March and Procession of Bacchus from Delibes' ballet "Sylvia." The others were an arrangement by Gordon of Purcell's "Air and March" and Goldman's "Children's March."

The last was indeed a treat for the children, composed as it was of childhood jingles. Also for the childreno benefit was an amusing arrangement by Maltby of "Puff, the Magic Dragon" by Yarrow and Lipton, featuring three tubas and a bass saxophone.

Although tonal quality was not flawless in the three tubas played by Harold Settlemier, Allen Meacham and Bruce Duncan and bass sax played by John Leones, the sound was surprisingly lyrical for these cumbersome instruments that one expects to sound like bullfrogs.

A highlight for those who like stunts was Ruggiero Pelosi's solo. With left arm in a sling on pretense of a sprained left hand and with bow in the right, he played with the band such notes as he could muster on the open strings.

A highlight for those who live music followed when he played with his usual skill and fully functioning two hands "Cubana," an original composition for solo violin with band by David Bennett. Harold Settlemier directed this novelty in band repertoire. Other than as a novelty, violin solo and bands is not our idea of a happy combination.

A Sousa march, "Our Flirtations;" the circus march "His Honor" by Henry Fillmore and a very popular Tijuana Brass medley by Herb Alpert completed the second half of the program.

Because of loss of resonance in the outdoor setting and counterpoint of the babble of the crowd, the concert was something less than an ideal musical experience, but what an inspiration it might have been for Charles Ives, who loved to combine all possible kinds of sound effects!—M.P.S.

Festival Tickets Are Now On Sale

Tickets for the Marin Shakespeare Festival's eighth season — which will include "Antony and Cleopatria," "Macbeth" and "Comedy of Errors"—are now on sale in four Marin cities.

They may be purchased at the Tides, 749 Bridgeway, Sausalito; the Greyhound Bus Depot in Mill Valley; Golden Hind Book Store, 560 San Anselmo Avenue, San Anselmo, and the Rafael Book and News, 1114 Fourth Street, San Rafael.

FREE READING DYNAMICS MINI-LESSON

Come to the Reading Dynamics Institute for just one hour. You should read faster when you leave.

Now you can personally "road test" Reading Dynamics—the astonishing educational breakthrough that enables people to read thousands of words a minute *without* skipping or skimming; *with* excellent comprehension, great enjoyment and remarkable recall.

Thanks to the Mini-Lesson, you have an unprecedented opportunity to get acquainted with the techniques that have made Reading Dynamics the definitive rapid reading system in the world today.

Our Mini-Lesson is just what the name says—a miniature version of what a student learns during a Reading Dynamics course and the classroom procedures we use to teach this world famous, "machine free," reading skill.

After you have taken a personal, self-scoring reading test to indicate your present reading speed, you'll discover that there's much, much more to Reading Dynamics than reading rapidly. Although the Evelyn Wood Reading Dynamics Institute has taught over 300,000 students to read 4 to 10 times faster, staggering speed achievements are just part of the rewards of reading dynamically.

For example, during your Mini-Lesson you'll learn how we enlarge your ability to retain and remember what you read for months—even years—after you've read it. You'll also find out about our special study techniques that have earned better grades for thousands of high school and college students. We'll demonstrate Reading Dynamics exceptional flexibility and show you how it works for everything from light novels to the most detailed business and textbook reading. We expect that many people will be reading faster *after* they leave our demonstration than before they came in.

This week take a step in the right direction—like walking straight into a FREE Mini-Lesson at one of the Reading Dynamics Institutes listed below. Give yourself this marvelous gift of self-improvement now!

PERFORMANCE WARRANTY
The Evelyn Wood Reading Dynamics Institute pledges to increase a student's reading efficiency by at least three times. The Institute will refund a pupil's entire tuition if, after completing minimum class and study requirements, he fails to triple his reading efficiency as measured by our beginning and ending tests. Reading efficiency combines rate and comprehension—not speed alone.

Thant Links Violence To Riches Gap

GENEVA (UPI)—United Nations Secretary General Thant warned today that failure to bridge the gap between the rich and the poor countries could lead to global violence.

Thant told the opening 45th session of the U.N. Economic and Social Council (ECOSOC) that the gap continues because of inadequate international action by the developed countries.

He also called for a worldwide family planning program under United Nations leadership to cope with a population explosion that will increase the world's population by 626 million persons in the 1970s.

"Both at the national and international level, the poor are increasingly aware of the gap that separates them from the rich, increasingly impatient at the denial of adequate help for them to bridge this gap," Thant said.

"Failure to act is an invitation to violence."

The blame for this division of the world rests with both the advanced and the developing countries, he said.

Above all, Thant said, the next development decade being planned by ECOSOC for 1970 to 1980 must concentrate on the population explosion.

He said the worlds population will grow by 626 million in the 1970s—one-third more than in the 60s.

He said there must be family planning programs instituted on a global scale and that the United Nations must assume overall leadership.

Youth Is Injured In Chain Wreck

An 18-year-old Redwood City youth was injured in a three-car, rear-end accident on northbound Highway 101 north of Lucas Valley Road yesterday.

James B. Baldwin was treated at Marin General Hospital fo a cut eyelid.

Baldwin and two other drivers, Walter G. Frazee III, 17, of El Cerrito, and Robert T. Mielke, 17, of San Francisco, were forced to stop swiftly when traffic slowed, the California Highway Patrol said. The accident happened at 4:55 p.m.

Center Boulevard Widening On Agenda

A recommendation by the San Anselmo Planning Commission that Center Boulevard be widened to become the main thoroughfare between San Anselmo and Fairfax will be discussed by the city council at 8 p.m. tomorrow at city hall.

The commission made this recommendation after reviewing a traffic consultants study. The plan calls for Center Boulevard to be widened to four lanes with parking, or six lanes without parking.

Broker Tells SEC Of Mutual Fund Splits

WASHINGTON (AP) — A New York broker said today his firm is willing to split with other brokers as much as 60 per cent of the fees it receives from its mutual funds business.

Robert M. Gardiner, managing partner of Reynolds & Co., told the Securities and Exchange Commission his firm splits fees when ordered to do so by mutual funds but doesn't know the specific reasons for it.

In some cases, he said, the reason presumably is a reward to another broker for selling shares in the mutual fund involved.

Gardiner was the first witness as the SEC went into the second week of hearings in its investigation of the cost of buying and selling stocks.

The commission contends the failure of the stock exchanges to permit discounts on fees for volume business is responsible for fee splitting.

It wants any savings passed on to investors, not to other brokers.

Both the New York and American Stock Exchanges have voted to develop a volume discount and to end fee splitting but details of each proposal must still be worked out.

Gardiner testified that Reynolds & Co. received $2,261,000 in fees from mutual funds last year and split $823,000 of it with other firms—a ratio of 36 per cent. It also received $410,000 in fees which other brokers were asked to give up.

Under questioning from SEC attorneys, Gardiner said Reynolds gave up 59 per cent of the fees it received from one fund last year and only 8 per cent from another, although there was no difference in the cost of handling each account.

In general Gardiner said his firm is willing to split fees because it can process a transaction by a mutual fund for less money partly because no commission for a salesman is involved.

Bay Development To Be Discussed

The Bay Conservation and Development Commission's preliminary plan for San Francisco Bay as it affects Corte Madera will be discussed at 7:30 p.m. today by the Corte Madera Planning Commission at town hall.

Corte Madera has about 400 acres of unimproved tidelands within its boundaries.

Seven In Family Perish In Blaze

CARBONEAR, Nfld. (AP) — Joseph Power, 59, and six of his eight children died early today when fire swept through their home in this Conception Bay community.

Police said the 37-year-old mother was taken to the Carbonear Memorial Hospital, where she was reported in fairly satisfactory condition. Two other daughters, aged 3 and 12, were not injured.

The children who died in the blaze ranged in age from 2 to 11 years.

A police spokesman said the fire broke out at 1:40 a.m. and within 20 minutes the home was destroyed. The Carbonear Volunteer Fire Department and the fire department from Harbour Grace, 12 miles away, fought the blaze.

The Jeff Sousa family of San Anselmo are among the 10,000 Ross Valley savers earning the highest insured interest rate in the country on passbook savings.

209 Backing Chaplain On Antidraft

UPPSALA, Sweden (UPI)—A statement supporting the antidraft position of Rev. William Sloane Coffin Jr. of Yale was issued today over the signature of 209 Americans attending the fourth assembly of the World Council of Churches.

Coffin and three other Americans, including Dr. Benjamin Spock, are scheduled to be sentenced in a Boston court Wednesday on charges of an antidraft conspiracy. Their convictions are expected to be appealed.

The statement in part said:

"We Americans, believing that God alone is lord of the conscience, wish to re-affirm this principle on the occasion of the sentencing. No man can render his conscience hostage to the state, and when a conflict arises between what the state demands and the conscience requires, priority must go to the conscience.

"There are men, subject to the draft, who in good conscience must resist. There are those who counsel such men who feel compelled to share the agony of thir decision.

"In the case of William Sloane Coffin Jr., and those being sentenced with him, this compulsion has led them to share the same legal jeopardy as the young men of draft age whom they have supported. They have acted openly and directly, and have been willing to submit themselves to judicial process."

The statement, initiated by delegates from the United Presbyterian Church, U.S.A., was circulated to all Americans attending the Uppsala assembly.

Day Camp Openings

The San Rafael Recreation Department announces that late registrations for the second session of day camps are still being accepted.

The session lasts from today through July 19 with activities in hiking, fishing, and arts and crafts being offered. Highlighting the session is an overnight campout in Deer Park, Fairfax.

Mt. Mitchell, at 6,684 feet the highest mountain in the eastern United states, is in North Carolina.

Squabble Threatens To Split Race Group

COLUMBUS, Ohio (AP) — The Congress of Racial Equality recessed its national convention yesterday after some delegates walked out in a dispute over the future course of the organization.

Charging that CORE was "a simple tool to blind black people," Robert (Sonny) Carson led his Brooklyn chapter out of the convention and threatened to form a new civil rights group on his own.

"It is clear to a lot of us out here that this organization and a few people who have a quest for power are only using this tool as a vehicle for personal fame," Carson said.

CORE delegates also failed to act on a new constitution which earlier had been described as "of extreme signifiance to black people in this country."

CORE officials said the convention would be reconvened in another city next month for the purpose of considering and ratifying the new constitution. The city was not selected.

The squabble also blocked the selection of a new CORE director to replace Floyd McKissick, who wants a leave of absence because of a bad back.

Associate national director Roy Innis had hoped to take over McKissick's $16,500-a-year post at the windup of the five-day, 26th annual convention.

Innis and other CORE leaders favor the building up of Negro communities using foundation grants to do it. The Carson faction disagrees.

McKissick is reported to be "reconsidering" stepping down until the dispute is settled.

Carson views black nationalism as total noncooperation with the "establishment" — including its money. He and other CORE chapters are reportedly angered at what they call "strongarm tatics" by Innis.

Innis wants to reduce the autonomy of CORE's 200 chapters around the country and bring them under direct control of the national office.

Delegates were surprized Saturday when they heard Whitney Young Jr., leader of the moderate National Urban League, say in a speech to the convention that he supported some of their Black Power goals.

But Young did not go so far as to endorse a separate black nation. This, he said, "would be letting white people off the hook too easily."

Missile Base Plan Annoys Mayor

Tiburon Mayor William R. Bremer says he is annoyed that the city had not been consulted in tentative plans to turn part of Angel Island into a missile base.

Bremer said he expressed his concern in a letter Friday to the Boeing Co., which is researching possible sites for an Army missile base in the Bay Area.

"I note with some concern that you discussed the Angel Island location with members of the Mill Valley City Council, our sister city," Bremer said, adding that Angel Island is "within the corporate limits of Tiburon."

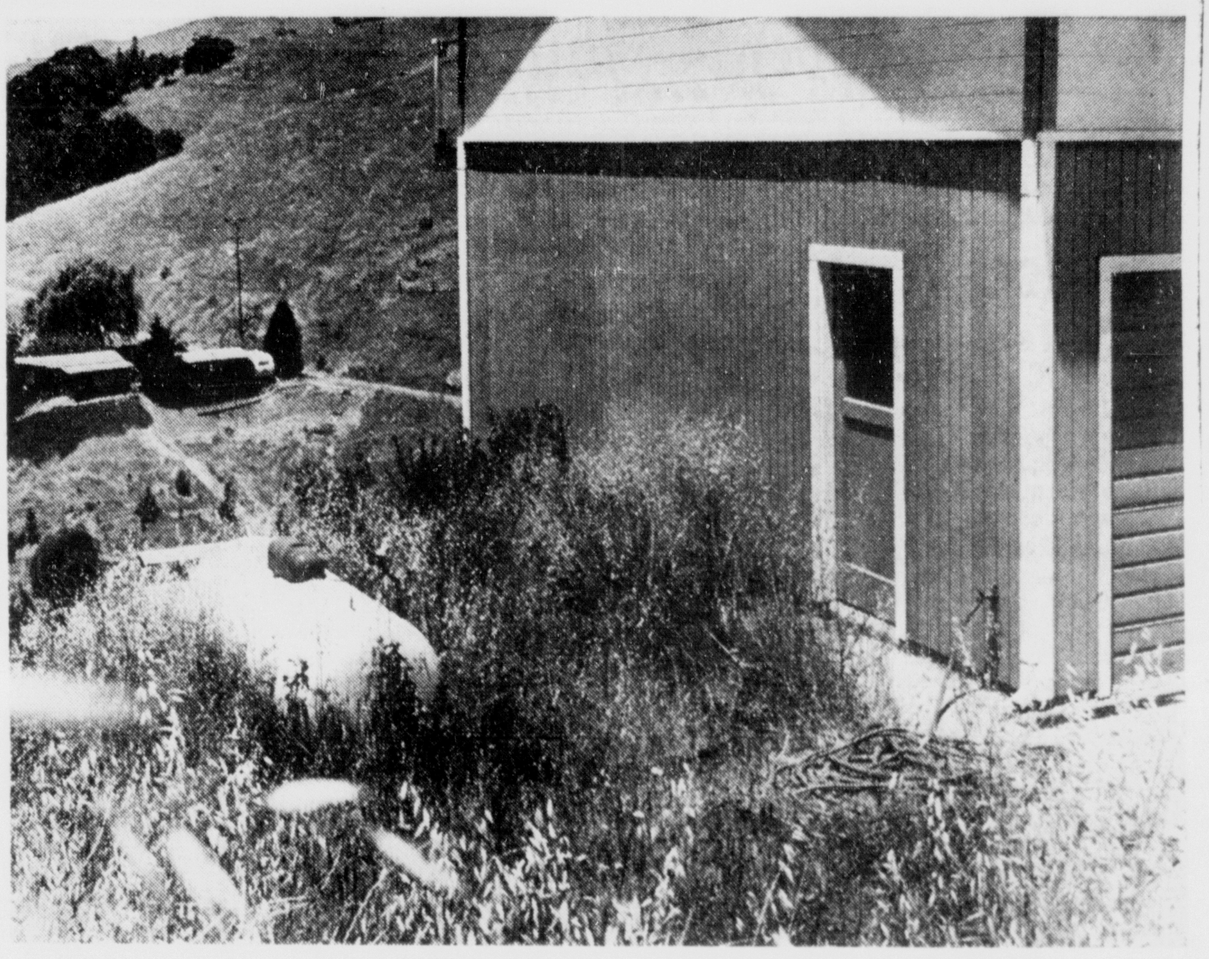
NATURAL BUT ILLEGAL — The natural landscaping around this house is not only a potential inferno, with high grass outside the fence and within, but it is also in violation of Public Resources code provisions that require a clearing of such grass for 30 feet around a home.



COMPOUND DANGER — The owner of this house is taking a large risk merely by letting the dry grass grow up around it. With a butane gas tank resting amidst the grass, though, the scene is a fireman's nightmare.

SERIOUS SITUATION

Woe For Firemen —A Dry Summer

By GLENN BECKER
(Photos by Bob Hax)

Hot, dry winds . . . light rainfall . . . children playing with matches . . . arsonists . . .

They've been a bad parlay for Marin firemen, who found June the time to come to the aid of their county more often than ever before, and who foresee even worse times ahead in July unless they get help from their fellow citizens.

There is no denying the seriousness of the fire situation in Marin and, indeed, throughout Northern California; not with fire calls far exceeding last year's and two Marinites killed in home fires last week.

Rainfall in Marin this year is half of last year's total (59 inches in San Rafael last year to 30 this year) but this is not unique to Marin. Fire conditions are so bad that the State Division of Forestry canceled all burning permits in Marin and eight other north coastal counties last weekend.

Novato Fire Chief George Cavallero, whose men answered 48 grass fires last month compared to 11 the previous June, said, "The biggest headache we have is children playing with matches. We've had children who find a book of matches and then strike them all or throw them; or they'll try to light something and then stomp it out."

To this traditional hazard has been added the threat of high, dry grass, drier because of the hot winds and light rainfall.

Marin County Fire Chief Louis J. Bloom called upon Marin residents to clear a 30-foot firebreak around their homes if they are in an area with adjoining forest, brush or grass.

He warned that combustible vegetation must be cleared away from any piles of trash or debris, even in incinerators, to comply with the county code. This provision is to prevent fires of spontaneous origin from spreading to the vegetation.

Firemen and other public officials are taking various other means of enlisting aid in curtailing fires. The Tamalpais Valley and Homestead Valley Sanitary Districts have provided debris bins at their firehouses, once per week at Tam Valley and every two weeks at Homestead Valley.

Tam Valley Fire Chief Richard J. Oswald explained that this helps eliminate the need for dangerous open burning. Unfortunately, he added, "there are some residents who do not take advantage of it."

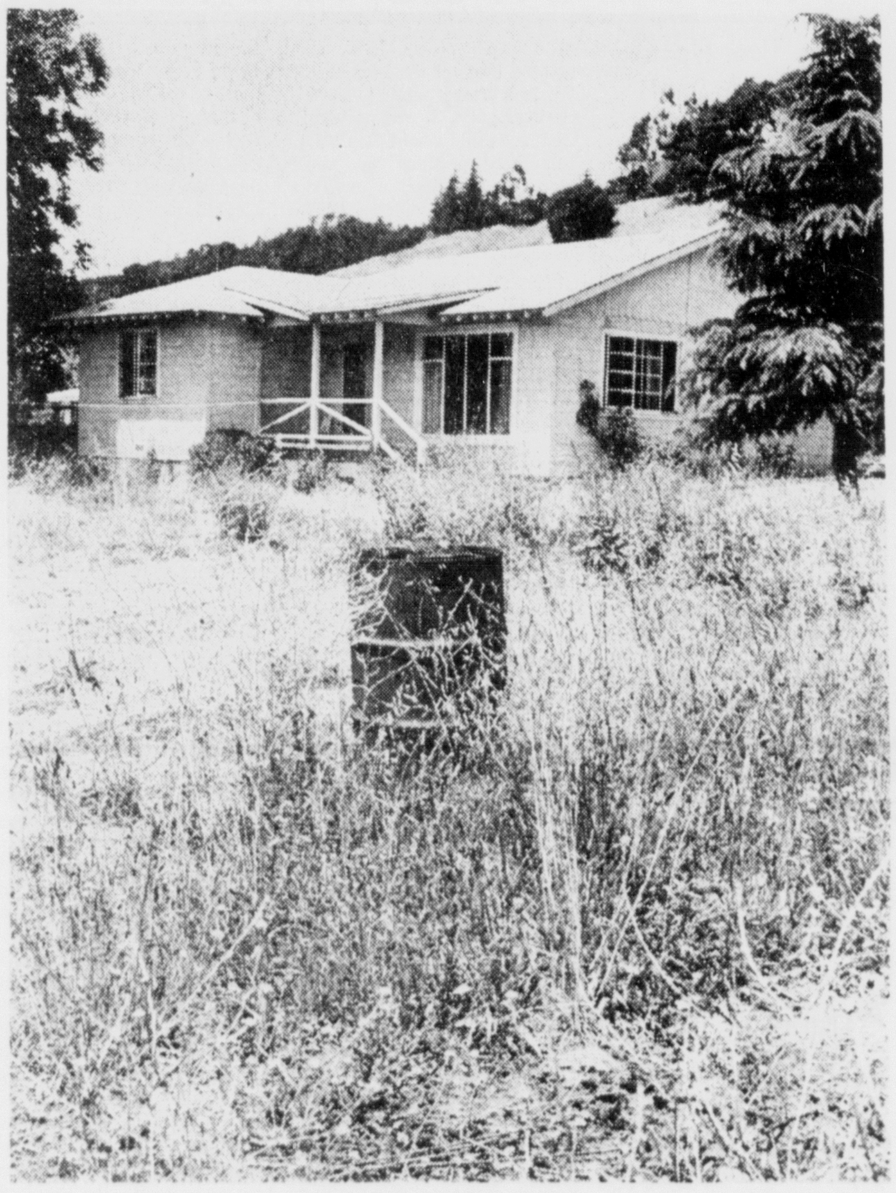
San Rafael Public Works Department chief Norris Rawles has sent out 300 notices for weed abatement on vacant lots in his city.

This drive is aimed more at eliminating trash and havens for rodents but it has the salutary effect of abating fire hazards as well. The owners are given two to four weeks to clean up the lots. Those which are not cleared by their owners are handled by the department and the bill goes to the property owner.

This many-faceted effort is aimed really at reducing the danger to manageable proportions, not eliminating it. The hazards are too many and too widespread.

"We had a fire start from the exhaust of a lawnmower," said the harassed Cavallero. "We had another one from the sparks from a faulty manifold section on a car. Dropped cigarettes have been giving us a headache."

Such incidents point up one glaring tact: These men do a good job, but it can not be good enough without cooperation from the people they are trying to protect.



TEMPTING FATE — It does not take much to start grass like this ablaze, but if there is one thing that shortens the odds it is burning in an incinerator situated like this one. This summer's hot, dry winds that have plagued Marin firemen could scatter the embers from an incinerator fire and soon this entire lot would be in flames. (Independent-Journal photos by Bob Hax)

BOY'S MONEY TAKEN AT 101 UNDERPASS

A 12-year-old Mill Valley boy had his wallet taken from him and $6 removed from it by two Marin City boys in Corte Madera yesterday, police said.

Robert Bott of 100 East Manor Drive said that the boys took his wallet when he was walking under the Highway 101 overpass at Corte Madera. The money was removed and the wallet thrown back at him, he said.

Police found the Marin City youths, both 13, at a carnival at the Corte Madera Center and issued them a juvenile citation.

Soldier Injured On Waldo Grade

A 27-year-old soldier stationed at Two Rock Ranch in Petaluma was injured early today when his small foreign-made car suddenly stalled at the bottom of Waldo Grade on southbound Highway 101 and was struck by another auto.

Sp/4 Michael R. Marseglia Jr. was treated at Marin General Hospital for cuts on his scalp and right eyelid.

Driver of the other car, Edwin L. Bottarini, 25, of Daly City, told the California Highway Patrol the accident occurred at 12:50 a.m.

Ross General's New Care Facility Opens

The new extended care facility at Ross General Hospital — a Marin first — was dedicated yesterday at a ceremony attended by several hundred persons, highlighting the 50th anniversary of the hospital.

The three-story addition opened today.

The $800,000 facility, designed for patients facing long recoveries, is located across from the main hospital on Sir Francis Drake Boulevard on a tree-topped hill. The 72-bed addition contains eight private rooms and 32 semiprivate, two-bed rooms.

Dr. John C. Siemens, hospital administrator, said 15 to 20 patients will be transferred into the facility in the next week to ten days. He said it will have a 35-member medical staff.

Siemens said the average cost would be between $32 and $50 per day, compared to a $45 to $50 daily cost in the general facility. He added that patients would be eligible for Medicare if they have been transferred from a general hospital.

Persons coming into the new unit will be recovered enough from their illness to be out of the hospital but not well enough to be transferred to a convalescent home, according to Dr. Marjorie E. Belknap, medical coordinator for the new facility.

To License Tawns

The contractors state license board said today it will grant a license to the Tawns Electric Co., 115 Jacoby Street, San Rafael, on July 23, provided no written protests are filed. James E. Tawns is the owner.

Driver's Head Cut In Wreck

A 35-year-old Tamalpais Valley man, who apparently fell asleep at the wheel, suffered a head cut when his car veered into a 10-foot ditch near his home Saturday.

The California Highway Patrol reported thah Kenneth Dale Kennedy of 378 Marin Avenue was driving west on Marin Avenue, west of Richardson Way, when his car left the north side of the roadway at 6:45 a.m.

Kennedy told officers he was trying to stay awake and the next thing he knew he was off the roadway. He was treated at Marin General Hospital.

Woman Hiker Rescued; Son Also Is Safe

A 65-year-old San Francisco woman, lost in hazardous, hilly terrain west of Fairfax since July with her son, was rescued yesterday, little the worse for wear.

The woman, Beatrice Davis, and her son, Clifford, 46, employed as a communications dispatcher, set out on their first hiking trip through the Marin Municipal Water District watershed on the morning of July 4, reported County Fire Chief Louis J. Bloom.

TAKE BUS

They took a bus from San Francisco to San Anselmo and then a taxicab to the fire road above the Meadow Club, west of Fairfax, before setting out on foot, the chief said.

After becoming lost they wandered through the watershed, and weren't heard from until the son arrived at the Fairfax police station yesterday morning to report that his mother was still in the hills.

The rescue squad of the Marin County Fire Department was called out to search the area after the son became confused about exactly where his mother was located, Bloom reported.

IN RAVINE

West Marin Constable Michael McLean and County Fireman Tony Nunes Jr. located Mrs. Davis "sitting in a ravine" about 3 p.m. a mile below Pine Mountain above Kent Lake, the chief said.

She was about a mile-and-a-half above the lake, and was brought down in a litter, a trip that took about two hours, the chief said.

County Firemen Howard Lee, Robert Taverna and Michael Plattes, along with McLean and Nunes, carried her down, he said.

Mrs. Davis suffered leg scratches and was exhausted, the chief said. Since July 4 she and her son had only "a few sandwiches" to eat, but had "plenty of water," he said.

Mrs. Davis was taken to Marin General Hospital, here she was given a meal and sent home.

Her son stayed with her until yesterday morning when he set out, hit upon Alpine Dam Road and got a ride to Fairfax, the chief said.

Lighting Bid Opening Put Off To July 29

The opening of bids for lighting the hall of justice parking lot at the civic center, originally scheduled for today, was postponed to 10 a.m. July 29 in room 343 because new specifications were not ready in time for bid advertisements.

The cost of the project previously was estimated at $60,000, but a new estimate is being prepared for revised plans.

Fair Attendance Smashes Record

A record-smashing 33,229 visitors strolled over the "Bridge to Kyoto" before the five-day Marin Art and Garden Fair closed its gates for the last time at 10 p.m. yesterday.

Yesterday's attendnace was 7,831, below the one-day high on July 4 of 8,464. The figures are

Mrs. McCoy also pointed out that thousands of children and volunteer workers enlarged the crowd to a capacity number.

At 7:30 this morning, nursery owners began selling garden exhibits. A fair spokesman said this practice is preferred to relocating the displays.

Next year's fair will be the last at the Ross Art and Garden Center. The 1970 fair will be located at the Civic Center.

Preserve Waterfront For Recreation Access

Water-oriented developments are being proposed in Richardson Bay, in Mill Valley next to Enchanted Knolls, in the Corte Madera tidelands, and northward to Black Point and the Petaluma River, to name a few.

Open marshland that provided unobstructed view of the bay and quaint retreats like China Camp and McNear's Beach are fast disappearing.

Since most of the open areas are privately owned, developments cannot be arbitrarily halted. The best that Marin can do is to save the bayshores for water-oriented recreational purposes, which compensate developers for the land and money invested and at the same time provide the public with access to and enjoyment of the waterfront.

MOST DEVELOPERS, fully aware of Marin's emphasis on conservation, incorporate into their plans provisions for open space, green belts and recreation facilities. And those who attempt to barge in with solid concrete and steel are held in check by the various planning departments and governing agencies.

On a larger scale, the Bay Conservation and Development Commission jealously guards the Bay Area's greatest asset — the bay itself — from being filled indiscriminately. Responsible developers would not want to see San Francisco Bay reduced to a small muck-filled pond.

IN MARIN County, the most immediate concern is the Corte Madera tidelands area, where a $2 million development is proposed on 96 acres just south of Greenbrae arks. The plan is now before the Bay Conservation and Development Commission, with the Commission at odds with the Town of Corte Madera on whether the entire 96 acres should be filled, or whether 40 acres of the waterfront should be held open as a preserve.

The plan includes a marina, launching ramp, restaurant, shops and industrial sites.

A small craft harbor development is planned in Mill Valley at the uppermost end of Richardson Bay, but the project is contingent on the dredging of a deep water channel by the Army Corps of Engineers.

A FEW IDYLLIC spots like China Camp are still spared from envelopment by subdivisions, but they won't be for long. County Park and Recreation Director Pierre W. Joske has repeatedly warned that the county is almost devoid of access to bay waters. The County Park and Recreation Commission has placed high on the priority list, the acquisition of China Camp as a memorial to the late Caroline Livermore.

The next big spurt in development is anticipated on both sides of the Petaluma River.

All of these developments are gradually whittling away at San Francisco and San Pablo Bays. But through the vigilance of the planners and the BCDC, the projects in general remain consistent with the idea that our bay shoreline should be preserved for recreation-oriented development.

Developers ask that planners not thwart development by unrealistic restrictions. By the same token, developers must, as some are doing, provide safeguards for the protection of the little that remains of the Bay Area's public heritage.

Biggest Blossoms

The magnolias are blooming now in Marin. Their magnificent white blossoms are easily the biggest flowers that bloom here. Their huge white petals and heavy, lily-like perfume make them a favorite flower for cutting.

The trees are magnificent too. Shapely, and with large, smooth, leathery leaves which look as if they have been waxed and shined on the topside.

A handsome magnolia tree is often the central feature of an attractive garden.

Pollution From Auto Exhaust A Menace To Health, Economy

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Another approach to the smog problem has advanced a step in the assembly with the passage of AB 690, by Assemblyman James A. Hayes, R-Long Beach.

This measure would provide for a year-long test by 75 state automobiles, including those used by the California Highway Patrol, of exhaust emission.

The Long Beach assemblyman said he had hopes that the measure would resolve and settle the controversy over whether smog control devices are now available to meet the strict requirements necessary for improving the quality of air in California.

"We have been faced," he said, "with conflicting testimony as to what can, and what cannot be done in the way of controlling exhaust emissions from automobiles.

"AB 690 calls for strict standards and for the purchase by the state of devices that will meet these standards.

"THE DEVICES will be installed in vehicles operated by the highway patrol, the department of general services, and the division of highways.

"After the installation, each of the 75 motor vehicles will be inspected every 5,000 miles, or every four months, whichever occurs sooner, and the data and information obtained over one year, will then be furnished to the legislature for the purpose of use in adopting future legislation.

"This will be unbiased and useful information, and will be something not heretofore available. It is information that is vitally needed if we are going to make effective steps toward improving the quality of our air.

"Unless we do something along these lines in the next few years, the state may not be in a position to grow, let alone take care of the needs of the people who now reside in California."

Hayes pointed out that the problem is compelling and immediate.

"AGRICULTURAL damage last year to crops in California from air pollution was nearly $150 million," he declared. "Tens of thousands of people are ordered by their doctors to leave the smog basins because of the severe pulmonary and respiratory problems caused to them individually by polluted air."

The testing provided for in AB 690 will be complicated and detailed Hayes pointed out.

"The procedure will prohibit tinkering or manipulation by anyone administering the program, and will further provide complete and convincing evidence to the automobile manufacturing industry, as to just how the results of the tests are reached.

"IN THE PAST, manipulations with the test procedures had resulted in a procedure known as the averaging concept, which meant that any test result virtually was meaningless in its effect on control of air pollution. Averaging is entirely eliminated from the provisions of this new bill."

It can readily be seen that answers to the smog problem can't be obtained on a hit or miss basis, and that the answers which are going to count will have to be sought over a long period of time.

However, Hayes' measure is at least a step in the right direction toward solving a problem which menaces not only the economy of the state, but the lives of its people as well.

WHAT OUR READERS SAY

Leash Law Needed To Curb Animals

I feel just as strongly as Bjorn Eikrem that San Rafael needs a dog leash law. We are full time pet owners with two dogs and never allow them to run the streets. It is the "part time pet owners" as we call them who cannot be bothered and many of these same people allow their children to run the streets in the same manner. We could save ourselves a lot of unnecessary expense if San Rafael would do as Novato has just done.

Our Humane Society has enough work without having to worry about those people who have little regard for others as to allow their pets to bite poor helpless people. I know of a dog that had been picked up by the Humane Society on more than one occasion, yet was released and the owners have returned this dangerous animal to the streets because there was no law against it.

Until some child gets so badly bitten, then and only then something will be done. We must prevent it before it is too late.

Violence On TV Can Be Turned Off

In a recent "letters to the editor" column we saw a letter concerning violence on TV and its negative effect on children. The writer of the letter suggested that all mothers should write a protest letter to the TV writers guild. It was presumed that the guild would then let its membership know that there are "x" number of mothers who think that violence on TV is a bad idea.

Though not a mother, I too think that excessive violence on TV is a bad idea. (Especially during the hours most viewed by children.) My solution . . . I simply turn off the TV set or cause the channel selector to be moved to a less offensive channel. If I'm not at home, my wife does it in my absence. . . . It is very effective.

My plea is this: When there is a need for something to be done, do it yourself and do it right away. Don't wait for someone else to do it or pass a law that will tell us to do it.

A Plea For Human Dignity

It is my belief that the answer to the problem of poverty lies not in vast federal handouts, "Urban Renewal," or white guilt-sympathy. It lies in black dignity, in black capitalism, black enterprise, and if you will, black power. But constructive black power, not the "kill whitey," Brown-Carmichael brand of black power so often proclaimed by young black militants. Whites should not become paranoid every time they hear the phrase black power. Black power can mean black ownership of business in the black communities, blacks in responsible positions in Government, and someday (soon?) a black President.

All this phoney business of hiring the "necessary Negro," or opening positions in your company for blacks only at the lowest level had ought to stop. Sure 90-plus per cent of the white kids in this country started out at the bottom level as box-boys, and dishwashers and janitors (Sanitary Engineers today). But it seems to be some kind of fact that most of the white kids rise out of that scene, while the blacks find it much rougher going to reach the top or anywhere near the top. "The last to be hired — the first to be fired."

Racism is fast on the way "out," and Human Dignity is slowly but surely coming to the fore, and it's high time the white AND black citizens of our Republic come to this realization, or there will be no republic.

In closing, let me just say to the advocates of higher federal spending on welfare and the like: Uncle Sam is just that; your UNCLE, not your DAD.

I-J Editorial Is 'Beyond Belief'

Your editorial of June 28 entitled "No Hysteria Involved in Gun Registration" is beyond belief . . . Mr. Editor, either you are not listening, not reading, or don't want to know that the overwhelming majority of gun owners heartily favor stricter gun laws. However, we would ask that the same consideration be given to the gun registration law as would be given to a law restricting the news media, . . . who by their biased editorials and thoughtless vulgarities (cartoons, glorified murder shows, and violence oriented news reports) have perpetuated the continued horrible division of the races, the religions, the rich and poor, the political parties, and now the so called gun nut and anti-gun nut.

You say that the $2 (or lower) registration fee is to cover the cost of registration and no more. You haven't been to a carnival and paid an entrance fee only to find that once inside, everything is an extra cost. I ask, have you discussed the administrative and management cost of the voluminous registration with someone who would tell you the truth? The cost of mechanization of a gun registration program would, I am sure, stagger even your imagination . . .

These are the costs that worry us . . . What would the police department use them for? Certainly not for the prevention of crime and/or violence . . . The only plausible explanation is taxation and final confiscation (if that could be possible without bloodshed).

You would state the individual home owners with pistols and shotguns (why you didn't mention rifles is questionable) would be no match for a trained army equipped with A-bombs and jets. What do you think the Viet Cong has been fighting with for these many years.

. . . When and if the attempt to take over this great United States is about to take place, I am inviting you to come to my home. Together we will keep you alive with my rifle and ammunition . . .

Further, you snidely state that I could still take my son hunting . . . Would each of us register the same gun in our names so that we may go out alone and hunt without risking detention and harassment until proper identification can be made . . .

MRS. McGOVERN, no mean hand at breaking bad news gently, draped her arm around her husband's neck and cooed into his ear, "I saw a dreadful accident this afternoon, darling. It tied up traffic both ways on the highway for an hour. Here's the name and the phone number of the place where the insurance company can find our car."

Motion picture wizard Billy Wilder, in town to prepare the script for his upcoming feature, "Avanti" (and if it's half as good as his unforgettable "Some Like It Hot", that will more than satisfy his host of backers and admirers), told of the day he tried to persuade Sam Goldwyn to let him do a picture on the life of the great Russian ballet star Nijinsky. Said star unfortunately had come to a distastrous end, spending the last years of his existence in an insane asylum —convinced that he was a horse.

"Now listen to me, Billy," argued Goldwyn, "If you think I'm going to invest three million dollars in a picture about a man who thinks he's a horse, you're even crazier than he is."

"We can give the story a happy ending," pleaded Wilder. "We can have him win the Kentucy Derby."

Fred Allen cited the sad story of a nightclub comic who couldn't play Jersey City. The explanation: "He's so conceited they can't get his head through the Holland Tunnel."

Little Uruguay Has Gigantic Headache

By WILBUR G. LANDREY

BUENOS AIRES (UPI)—If there is a country in South America that can be said to be "sick," it is Uruguay, caught up in an agony of devaluations, strikes, student problems and cabinet crises.

President Jorge Pacheco Areco has called up army and police reserves and declared a virtual state of siege in a tough test of strength with the communist-led unions trying to force wage increases in a climate of galloping inflation.

Uruguay's catalogue of troubles add up to what may be the worst crisis in the history of a country which once was a model social democracy hailed as South America's "Switzerland".

PARTIAL AND general strikes regularly paralyze normal economic activity. In recent weeks, students have several times battled police in the streets.

Inflation estimated at 48.7 per cent in the first five months of the year, and the Uruguayan peso has been devalued no less than five times in the past two years—from 80 pesos to 250 pesos for one U.S. dollar. On the black market, it is still slipping.

The country owes $400 million in debts abroad and its budget deficit of $170 millon equals its exports for one year.

In the past 16 months,there have been seven cabinet crises, the latest last week.

More than one-third of the 850,000 working force in Uruguay is on the public payroll. In its advanced welfare state, retirement comes at 55 or even earlier, and no fewer than 290,000 persons are drawing pensions.

FOR A COUNTRY slightly smaller than the state of Tennessee with a population of only 2.8 million, that is quite a burden.

So far no way out has appeared. Pacheco Areco, 48, who came to office by way of the vice presidency when the president died last December, has been trying to impose austerity.

As yet, few observers think that the country's institutions are in danger. The armed forces have a tradition of political neutrality, and the last coup occurred in 1942.

But if France thinks it has troubles, or the United States, then they should look at little Uruguay.

INSIDE WASHINGTON

Johnson Confident Of Humphrey Nomination

By ROBERT S. ALLEN and JOHN A. GOLDSMITH

WASHINGTON — President Johnson thinks Vice President Humphrey should take an independent stance in his presidential campaign and key his position on national issues to the nation's overriding interests.

The President is known to feel, however, that Humphrey's positions on such major policy issues as the war in Vietnam have never been contrary to his own.

These views of the President can be reliably reported as having emerged in recent White House discussions. Johnson also described as confident that Humphrey will win easily in the contest for the Democratic Presidential nomination.

The President has talked with some White House visitors about Humphrey's central problem—the matter of establishing a campaign identity separate from the Administration's record. He is understood to feel that the Vice President's problem can be safely endured.

WITH MOCK concern, Johnson is known to have told one recent visitor that Humphrey is in terrible shape, a pitiful wreck, who is only going to win his party's presidential nomination with 1,500 or 1,600 convention votes.

To visitors who inquire about it, Johnson has been saying that he has not advised Humphrey, or been asked to do so, on how to deal with the much discussed identity problem.

In his conversations with friends Johnson has placed one important restriction on campaign pronouncements by Humphrey and other candidates. He has stressed that the President, and only the President, can speak for the United States in international affairs.

NO CAMPAIGN PLANS —In recent talks, Johnson has also made it clear that he can make no crystal ball predictions about his own role in the presidential campaign. He has startled some visitors by saying he is not sure whether he will even attend the Democratic Convention.

In that connection, however, the President is known to feel that he must defend himself and his administration's record if they become central campaign controversies. He hopes the controversy over the war in Vietnam will not play a dominant role in the campaigning.

Johnson is now described as completely convinced that his withdrawal from the campaign was a wise decision. He has emphasized that point in private talks, saying that his Vietnam peace initiatives would simply not have been believed if he had not removed himself as a candidate.

He has told visitors flatly that there would have been no talks with the North Vietnamese in Paris if the Communists had believed that he would be vulnerable to the political pressures of a presidential campaign.

Long-time associates who have talked to the President about the dramatic withdrawal announcement picture him as relaxed and serene—a man who seems to have no regrets about the decision.

CAUTIOUS OPTIMISM — With respect to the Paris meetings on North Vietnam, Johnson is pictured as somewhat hopeful. He has warned visitors, however, that he does NOT want to be overly optimistic about the chances for major steps toward peace.

For the present, the President is known to believe that the United States has gained in world opinion as a result of the Communist strategy which couples diplomatic talk with intensified fighting. He has reminded callers that the Communists are attacking Saigon, and the Americans are not attacking Hanoi, as the talks in Paris noted.

In such discussions he has been know to tick off the names of influential newspapers in foreign capitals which have taken a pro-American view of the Paris negotiations.

IN A WORLD sense, Johnson is understood to feel that the United States is in better shape, and the Communists in worse shape, than they were when the Paris negotiations began. He was supported in that view by recent consultations here with Ambassador Averell Harriman, who is the chief U. S. negotiator in Paris.

Harriman reported to Johnson at a Cabinet meeting that U. S. world prestige has never been higher during Johnson's presidential years.

Johnson's very cautious optimism about the Paris talks carries over, in private discussions, to other phases of U. S. relations with the Communist world. He has told visitors he would like to see steps to bring Communist China into what he calls the family of nations.

For example, Johnson has told newsmen he would now like to see the beginning of journalistic exchanges through which U. S. reporters would be admitted to Red China and Chinese reporters would be accredited here.

Vanishing American Tourist Gets Hero's Welcome In Paris

PARIS — One of the rarest species in France these days is an American tourist. No one can remember the last time the French saw one, so I caused a sensation when I arrived in the French capital.

As soon as I checked in at the Hotel George V, I noticed that things had changed for Americans in the last few years. First, the concierge broke into tears, then the doorman ran to tell the bartender, the bartender called up the chef, the chef told the waiter. Everyone came out to see if an American had really checked into the hotel.

They stood around in a circle. **"C'est formidable,"** said the chef. "It is an American. I would know one anywhere."

The young page stared as if I were a man from Mars.

The bartender said to him, "This was before your time, son, but once Paris was filled with thousands and thousands of people just like this."

"IT'S TRUE," the waiter said. "They were everywhere. You could see them at the sidewalk cafes, in the shops, at the Follies Bergere, and the Lido. At one time there were so many of them there weren't enough hotel rooms to take care of them."

The page looked as if the waiter was putting him on.

The concierge said, "He is not lying, son. You couldn't get a taxi because of the Americans. You couldn't get into a restaurant or a nightclub. They had money to burn.

The doorman wiped his eyes as the memories came back. "There were so many of them, we took them for granted."

The bartender shook his head. "They always wanted their martinis very dry."

The waiter said, "They always talked pidgin English, thinking you would understand them."

The chef said, "I never saw one without a camera."

"I never saw one without travelers' checks."

"They could never keep the French money straight."

"They made terrible jokes about French women."

"But they had hearts of gold."

THE MANAGER finally broke it up. By this time the word was out that an American tourist was actually in the country, and the press started to arrive.

The lobby was jammed with newspapermen and cameramen fighting to get near me.

They were shouting questions, such as, "Why did you come? Was your plane forced down by bad weather?

"Are you really an American tourist, or do you work for the CIA?"

"Who paid you to come to France?"

"As the first American tourist to come to France, will you grant President De Gaulle an audience?"

WHILE THE PRESS conference was going on, the police arrived. The lieutenant came up and saluted. "The minister of the Interior has ordered us to protect you while you are here. As the only American tourist in the country, you have been declared a national monument."

I couldn't help but be touched.

The last thing I heard was that they want me to ride in the lead car in the parade down the Champs Elysees on the 14th of July. I guess I'll do it, for no other reason than to keep the memory of the American tourist alive.

Baby Sitting Is Now A Billion Dollar Business

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Baby sitters now earn over a billion dollars yearly.

Americans are still the most restless people on earth. About 35 to 40 million—one in five—change their addresses every year, but two out of three will remain within the same community.

We are a nation of medicine takers, but still the average person spends on drugs only one penny out of each dollar of disposable income. That's less than a fifth of what he puts out for recreation or for liquor and tobacco.

If you enjoy taking holidays, your best bet may be the Virgin Islands. Natives there celebrate some two dozen holidays annually including Supplication Day, July 25, when they pray they may escape hurricanes.

Did you ever hear of apartment houses for fish? Japan is building them in its coastal waters to spur the fishing industry. The apartment houses consist of as many as 3,000, hollow concrete blocks, each about a yard square. They provide convenient places for fish to spawn and hide from every enemy except man.

QUOTABLE notables: A kiss can be a comma, a question mark or an exclamation point. That's basic spelling that every woman ought to know." —Mistinguette, French actress.

Jogging is becoming a favorite form of exercise in the United States, but it would be a sissy pastime to the sturdy Kraho Indians of Brazil. A favorite sport with them, according to the National Geographic, is to run with logs—each weighing from 20 to 200 pounds—up to two or three miles.

Size often goes with importance, and that's perhaps why U.S. girls are getting taller and heftier. The average stands 5 feet 4½ inches tall, weighs 126 pounds and has bust-waist-hip measurements of 35¼ inches, 26, and 36½. The famous "hourglass-shaped" girl of 1900, on the other hand, weighed only 114 pounds and was 5 feet 2. Her other measurements: 33.3, 24, 36.

MOOLA, moola: Government leaders are speaking more often about a trillion-dollar economy. How much is a trillion dollars? Well, if you stood at the brink of the Grand Canyon and dropped a dollar bill a second over the edge, it would take you more than 31,709 years to get rid of a trillion dollars.

Thanks to better maternity care, having a baby isn't as much of an ordeal as it once was. A generation ago mothers spent from a week to two weeks in the hospital after giving birth. Today's young mother is on her way home in six days or less.

Worth remembering: "When parents don't mind that their children don't mind, the children don't."

THE ODDS: If your house catches fire, the chances are 3 to 1 it's your own fault.

Historic lesson: Can you name the only U.S president who was taught his ABC's by his wife? He was Andrew Johnson, who succeeded Abraham Lincoln. Johnson, who never attended school, was taught how to write at the age of 17 by Eliza McCardle, whom he married before his 19th birthday.

The 79-year-old Eiffel Tower, famed Parisian landmark, is due for a new paint job. The 1,056-iron skeleton is repainted about every seven years, and it's a two-year task. Some 40 tons of "cognac brown" paint are required.

It was Jean-Paul Sartre who observed, "There may be more beautiful times: but this one is ours."

Competitive Swim Classes Slated

A class in beginning competitive swimming will be offered between 8:30 and 9 a.m., today through July 19, by the Tamalpais Recreation Department as part of the regular Red Cross swimming lessons at Tamalpais High School.

The complete schedule of half-hour classes is as follows:

Beginner — 9 a.m., 10 a.m., 10:30 a.m. and 11:30 a.m.

Advanced beginner — 10 a.m., 10:30 a.m., 11 a.m., 11:30 a.m.

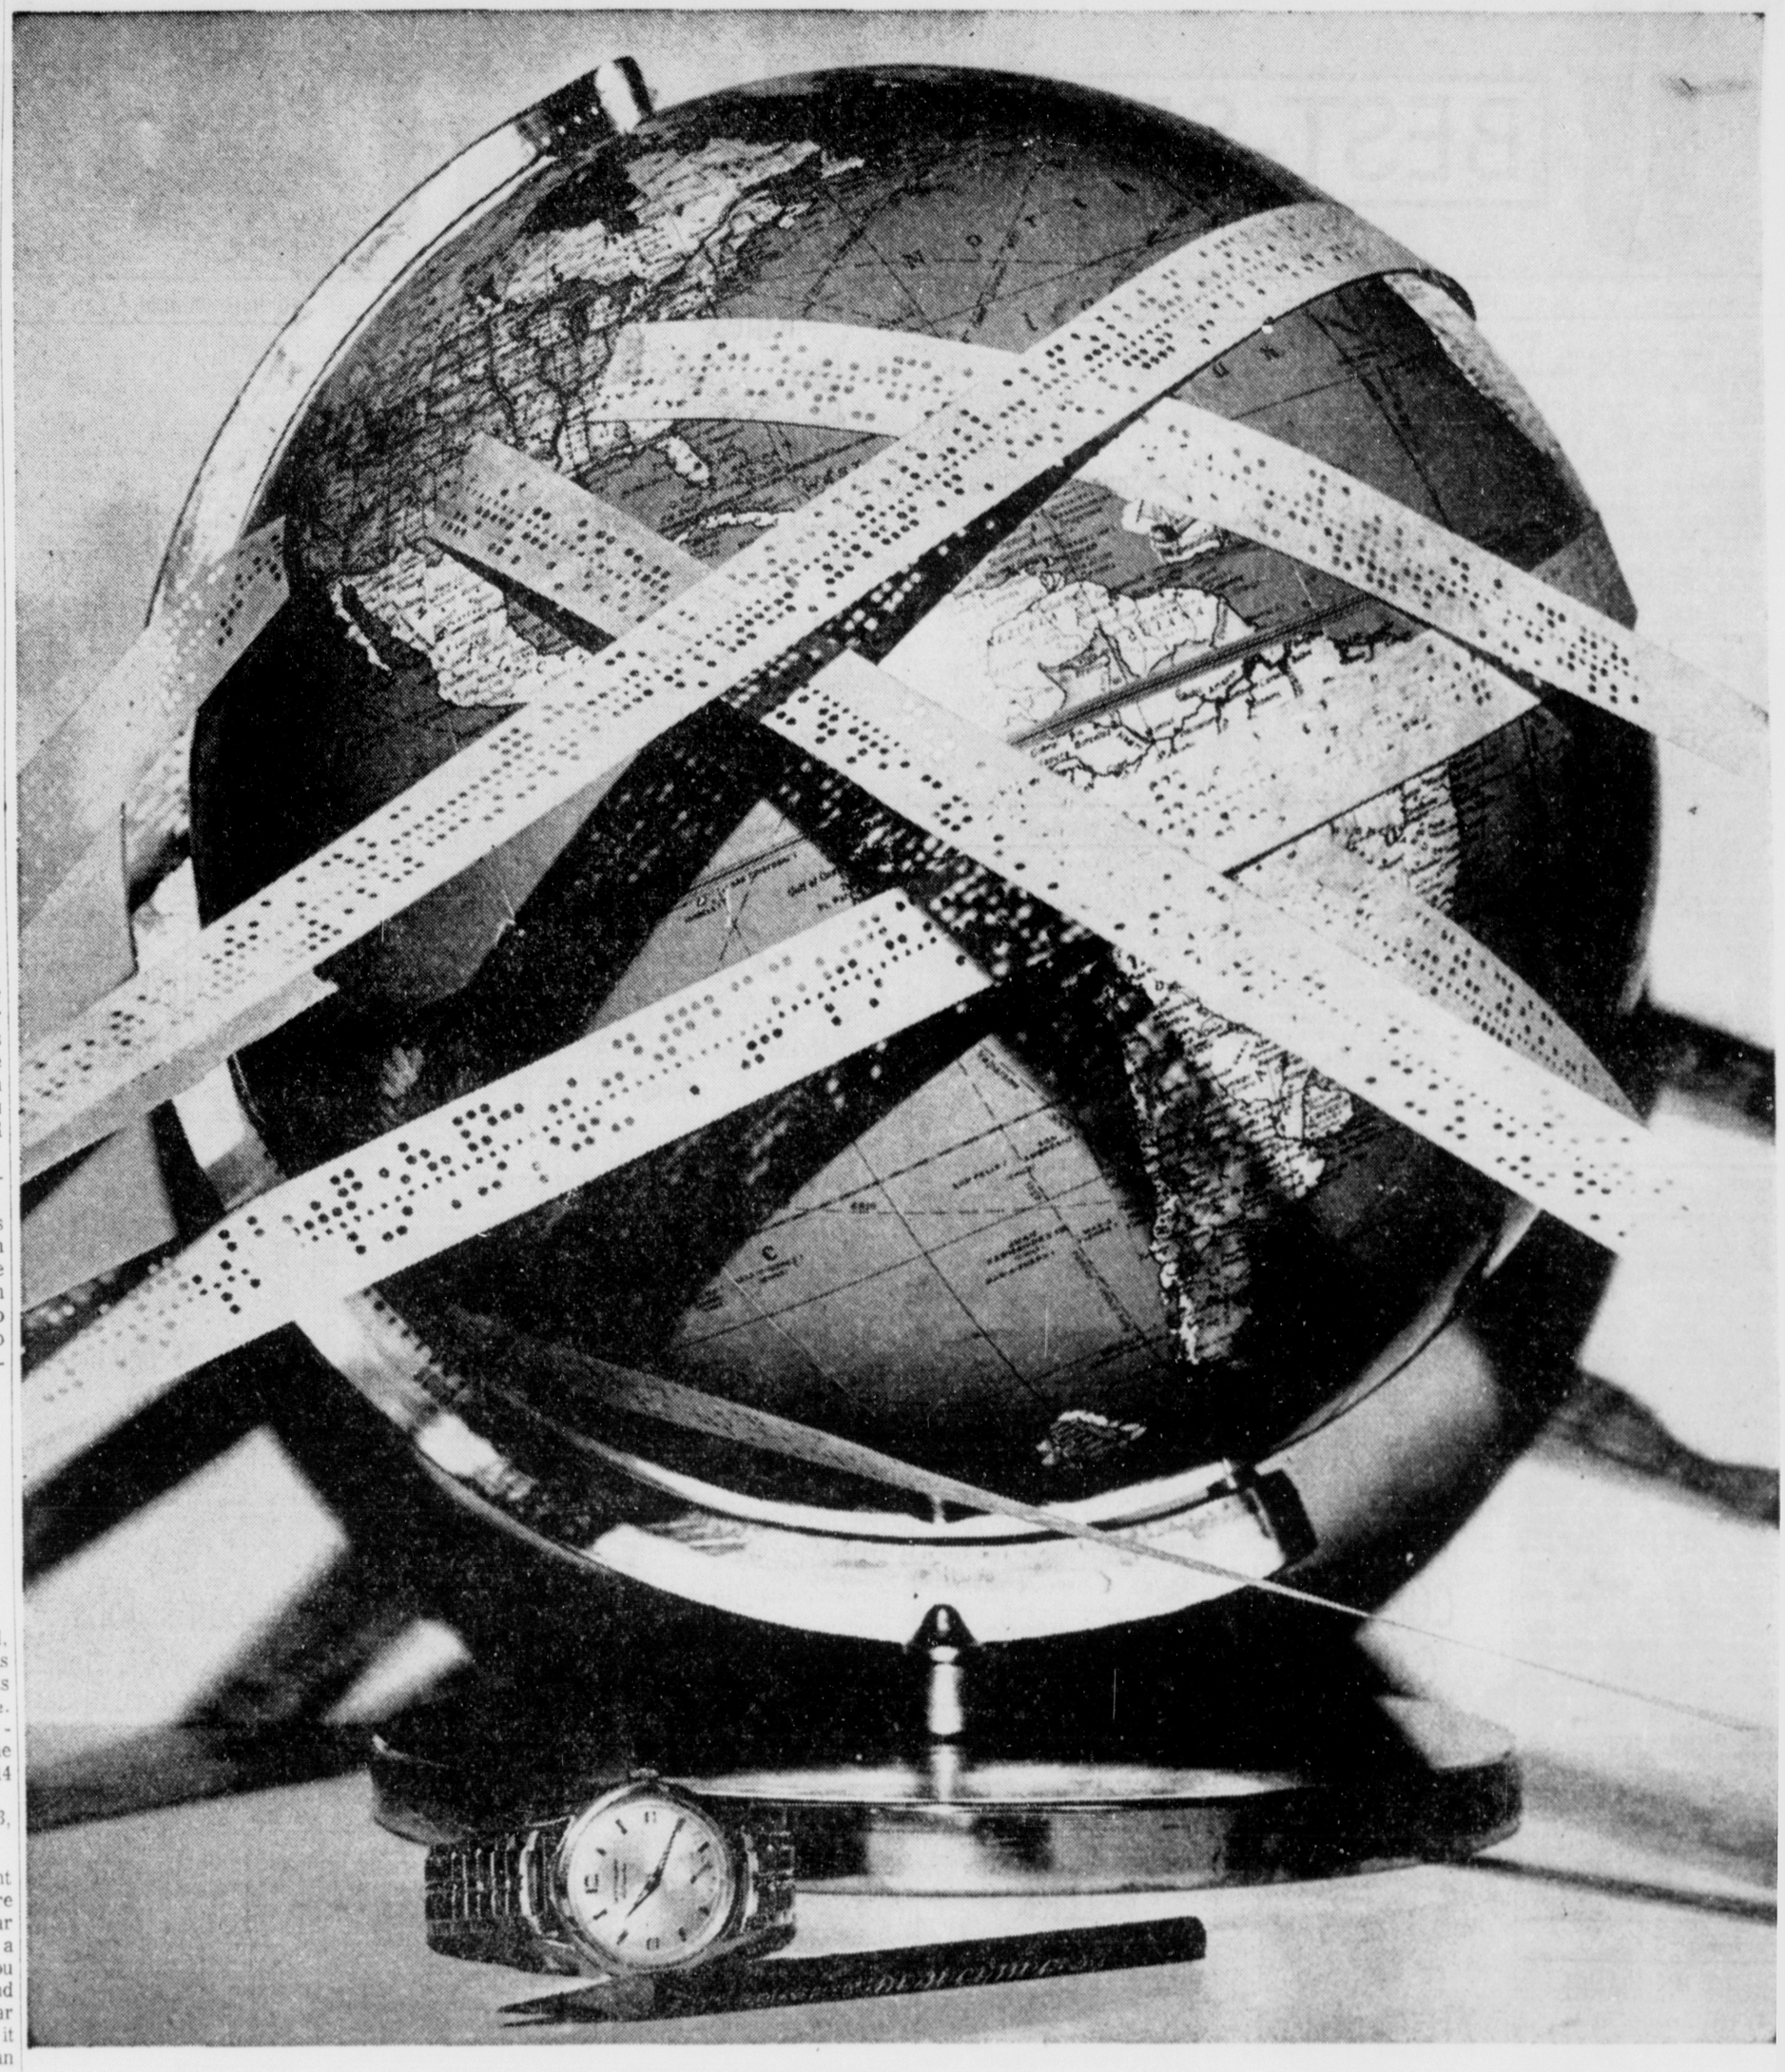
Intermediate — 9 a.m. and 9:30 a.m.

Swimmer — 9:30 a.m. and 11 a.m.

Life saving — 9 a.m., 9:30 a.m., 10 a.m. and 10:30 a.m.

Special classes will also be offered in Deep Beginner at 11:30 a.m. and Tiny Tots, ages 5 and 6, at 11 a.m.

Some anthropologists doubt that primitive cultures can be preserved indefinitely, because of the people's own desire to adopt civilization's ways.



For Marin, the world's fastest reporting

We tied up the globe in the I-J's new electronic tape to show there's something new in the world of news reporting in your daily I-J.

For that tape "speaks" a new electronic language which we take directly from the Associated Press sports wire, rather than news in the form of teletyped copy.

We feed this tape into a battery of new Elektron linotypes which "read" the little perforations and change impulses into words, set in metal. All at speeds Buck Rogers never dreamed of.

Result: MORE NEWS in less time and LATER NEWS . . . giving you a sports section with more depth and complete world coverage.

These electronic speed demons also enable us to bring you the closing prices of our New York Stock List TODAY, instead of tomorrow. And to print the entire weekly range of ALL New York stocks in our Saturday edition.

Just another way of advancing the I-J to further your reading enjoyment.

vs.

DAVID PORTER, THE ROMAN CATHOLIC ARCHBISHOP OF SAN FRANCISCO, a corporation sole, SANITARY DISTRICT NO. 1 OF MARIN COUNTY, a public corporation, MARIN MUNICIPAL WATER DISTRICT, a public corporation, THE PACIFIC TELEPHONE & TELEGRAPH CO., a California corporation, MILLBRAE HIGHLANDS COMPANY, a co-partnership, ALVIN K. SCHULTZ, BARMA COMPANY, a co-partnership in the State of California, CITY OF LARKSPUR, a municipal corporation, COUNTY OF MARIN, a political subdivision of the State of California, DOE ONE TO DOE FIFTY, inclusive, Defendants.

Action brought in the Superior Court in and for the County of Marin, State of California, on the Complaint filed in the office of the Clerk of said County.

DOUGLAS J. MALONEY, County Counsel of Marin County, California
Attorneys for Plaintiff

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: DAVID PORTER, THE ROMAN CATHOLIC ARCHBISHOP OF SAN FRANCISCO, a corporation sole; SANITARY DISTRICT NO. 1 OF MARIN COUNTY, a public corporation, MARIN MUNICIPAL WATER DISTRICT, a public corporation, THE PACIFIC TELEPHONE AND TELEGRAPH CO., a California corporation, MILLBRAE HIGHLANDS COMPANY, a copartnership, ALVIN K. SCHULTZ, BARMA COMPANY, a co-partnership in the State of California, CITY OF LARKSPUR, a municipal corporation, COUNTY OF MARIN, a political subdivision of the State of California, DOE ONE TO DOE FIFTY, inclusive.

YOU ARE HEREBY DIRECTED TO APPEAR in a special proceeding entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Marin, and answer the Complaint herein within ten (10) days after service on you of this Summons if served within said County, or within thirty (30) days if served elsewhere.

Said proceeding is brought to condemn, for flood control right-of-way purposes, certain real property situated, lying and being in the County of Marin, State of California, specifically described in EXHIBIT "1", attached hereto and incorporated herein by reference as though fully set forth.

Reference is made to the Complaint on file herein for further particulars as to the description of said lands, and the above mentioned purposes and public uses.

YOU, AND EACH OF YOU, ARE HEREBY NOTIFIED to appear and show cause, if any you have, within the time hereinbefore indicated, why the property above described should not be condemned as prayed for in said Complaint and unless you appear and answer said Complaint as required, said plaintiff will apply to the Court for the relief demanded therein.

WITNESS MY HAND AND THE SEAL OF THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF MARIN, THIS 12 day of March, 1968.

GEO. H. GNOSS,
County Clerk
By JEROME CARAN
Deputy Clerk

EXHIBIT "1"

NOTICE OF TRUSTEE'S SALE
No. 815575

On THURSDAY, the 8th day of AUGUST, 1968, at the hour of 11:00 o'clock A.M., of said day, in the lobby, inside the Lincoln Avenue entrance to the Title Insurance and Trust Company, being the building located at the Northeast corner of Lincoln Avenue and Mission Street, in the City of San Rafael, County of Marin, State of California, the undersigned, THE TI CORPORATION (of California), a corporation, formerly TITLE INSURANCE AND TRUST COMPANY, as substituted trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the City of Novato, County of Marin, State of California, and described as follows, to-wit:

Lot 10, as shown upon the Map entitled, "MAP OF MARIN GOLF AND COUNTRY CLUB ESTATES, UNIT NO. ONE, IN THE COUNTY OF MARIN, CALIFORNIA", filed September 17, 1958, in Book 10 of Maps, at page 6, Marin County Records.

Said sale will be made without covenant or warranty regarding title, possession or encumbrances to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by BILL FAULK ELECTRIC, Inc., trustor, to CALIFORNIA LAND TITLE COMPANY, a California corporation, as trustee, for the benefit and security of ITALO ADAMIS and FRANCES ADAMIS, his wife, as joint tenants, dated February 17, 1967 and recorded February 27, 1967, in the office of the County Recorder of the County of Marin, State of California, in Liber 2110 of Official Records at page 595. The undersigned has been duly appointed and substituted as trustee under said deed of trust in place and stead of said California Land Title Company, a California corporation.

Dated July 2nd, 1968.
THE TI CORPORATION (of California), a corporation, formerly Title Insurance and Trust Company, as substituted trustee.

LAW IN ACTION

From the State Bar Of California

Credit Card Protection

Use of credit cards is so widespread nowadays that some predict Americans will soon give up using money. Instead, everyone will have his own credit card.

Meanwhile the law must protect credit card owners and companies. Use of lost credit cards by finders and thieves, for example, has caused some great losses. If you lose your credit card, you must notify the company right away. Failure to do so may make you responsible for purchases by a finder or a thief.

A series of recent California laws calls for stiff penalties for the misuse of credit cards. An applicant who gets a card by using a false name, or who later shows that he never intended to make payment, is guilty of theft by false pretenses. And one who gives false credit information in applying for a credit card commits a misdemeanor, even if the card is never issued.

A person who uses another's credit card by pretending to be the real owner is guilty of false impersonation, which is a felony.

Using credit cards falsely to obtain property worth more than $200 in any consecutive six-month period is a felony, punishable by a term in the state prison and loss of other rights.

Where merchandise less than $200 is involved, the crime is a misdemeanor, which means a county jail term of up to six months, plus a fine.

In a recent case of thief stole a credit card issued in another state. He came to California and tried to use the card. In court he claimed the stiff California laws did not apply, since he acquired the card outside this state. But the court upheld his felony conviction: Since he used the card in California the law of California applied, no matter where the card was issued, nor where he stole it.

Credit card companies may cancel a card because the holder's credit is bad, or for other reasons. After notice that the card has been canceled, continued use is a crime.

Several special laws deal with "innkeepers." Any person who obtains food or accommodations at a hotel, inn, restaurant, boarding house, lodging house, apartment motel or auto camp, and then fails to pay, with the intent to defraud, commits a crime. Leaving without paying or offering to pay is "prima facie" evidence of an intent to defraud.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Cockroach Species Number 55 In U.S.; A Constant Problem

VAN DELLEN

Cockroach infestation is a constant problem in restaurants and in kitchens and bathrooms in homes and apartments. These pests enjoy modern conveniences, such as central heating, large-scale cooking and communal feeding. According to a report in Southern Medical Journal, there are 55 species of roaches in the United States; five of which constitute a menace to indoor sanitation.

Drs. Harry S. Bernton and Halla Brown of Washington, D.C., conducted a study that may be interesting to individuals with allergies. In testing 775 persons with asthma and other allergic disorders, 71 per cent reacted positively when injected with cockroach extracts. Many of whom were sensitive to more obvious things. On the other hand, in 170 persons, the cause was not known, because the usual skin tests were negative. When tested with cockroach allergens, 44 per cent has positive reactions.

MOST OF THE positive reactors come from slum areas where infestation is the greatest. The researchers concluded that these men and women developed a sensitivity after years of exposure to the critters.

Pesticides are difficult to avoid. A Floridian read that lipstick contains high levels of pesticides. "This sounds ridiculous to me. How in the world does it get into make-up?" asked one woman.

MANY COSMETICS, including lipstick, contain lanolin (wool fat) which comes from sheep. The animals are dipped in pesticide baths to rid them of parasites. Apparently, the substance penetrates the lanolin used in the manufacture of lipstick. The FDA regulates pesticide content in foods, but not in make-up.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the Independent-Journal.)

FOLLOW-UP NEEDED

A reader writes: My sister recently was released from a state hospital. At times she talks to herself and we know she is not completely recovered, but realize that these institutions are crowded. Can you suggest any care for the mental patient in the home?

REPLY

Every person who is discharged from a mental hospital should receive follow-up care from the family physician or the psychiatrist. Many cities have clinics and centers where outpatient treatment is available. Tranquilizing drugs are most effective in maintaining mental stability.

VISION TROUBLE

S. C. J. writes: What causes a person to see double? I would like to know if there is anything that can be done for this problem.

REPLY

There are many causes for double vision. In children, it usually stems from weakness or paralysis of the eye muscles leading to lack of coordination. In adults, the eye muscle may be paralyzed after a stroke or injury to the head.

TEA TABOO

Mrs. H. writes: My young children like iced tea with their dinner. Is there any reason why they can't have it?

REPLY

Sips of coffee or tea do no harm, but I'm not in favor of cupfuls for youngsters. Children need milk, and other beverages should not compete with it at mealtime. Iced tea is harmless for older children.

DANDER ALLERGY

B. O. N. writes: Can a person be immunized to horses? I enjoy riding but start wheezing when I enter the stable.

REPLY

Yes, but not if you are going to continue exposing yourself to horse dander. Why not recognize your handicap and develop another hobby that will not affect your health?

New China Outlook Carries A Striking Nuclear Force

STANFORD (UPI) — By 1972 Communist China will be deploying nuclear armed missiles targeted on U.S. cities, a detailed study for the government indicates.

Paradoxically, this nuclear war capability might reduce the chances of a confrontation, according to the report, prepared by a group of leading China experts.

A draft of the unpublished report has been circulated among government officials and made available to UPI yesterday.

It was prepared by a 13-member team of researchers at the Hoover Institution on War, Revolution and Peace at Stanford University for the U.S. Arms Control and Disarmament Agency.

The group included top ranking experts on the military, political and economic affairs of Red China. Dr. Yuan-li Wu, author of a number of books on the Chinese economy, was the project director.

A "high feasibility scenario" was drawn portraying the likely course of events in China between now and 1976. Highlights of the picture include:

A new attempt at a "Great Leap Forward" beginning in 1969 and ending in 1972 in a "shambles."

The downfall of Mao Tse-tung in 1972 and a switch to milder, bureaucratic government.

Concentration on building intercontinental missiles armed with "dirty" nuclear warheads. Little progress in air and ground forces.

Development of a fleet of submarines that could be posted with nuclear missiles off Hawaii and the U.S. mainland.

Willingness by China's leaders to enter into arms control agreements that do not limit her own nuclear plans.

Continuing support of worldwide wars of "national liberation" and continued hostility toward the United States and the Soviet Union.

The experts said the capability of waging nuclear war against U.S. cities will persuade the Chinese that they are safe from attack. Thus, they may be willing to agree to some arms control steps such as a "no first use" pact with neighboring countries.

Having to devise controls for their own widely dispersed nuclear missile system, they will be aware of the risk of accidental war. This could lead to establishment of a Peking-Washington "hot line" to avoid unintentional encounter, the report said.

The "high feasibility scenario" predicts that 1972 will be "a year of crisis in domestic and foreign relations for Communist China.

The authors said one of three kinds of leadership could emerge in China about 1972: (1) another Mao-style regime; 2 a government by "bureaucratic commissars," or (3) more liberal rulers who pay "only lip service to the inspirational thoughts of Mao Tse-tung and the Marxist-Leninist heritage of the regime." The report said No. 2 was most likely.

American Loses In Soviet Trial

MOSCOW (AP) — A Soviet court in Tashkent today convicted Dale Reed Warren, 32, an American, of smuggling narcotics and sentenced him to five years in prison, the U.S. Embassy reported.

Warren, who had been a resident of Spain, was arrested in that central Asian city May 12 and charged with smuggling hashish into the Soviet Union.

The conviction and sentencing came at the end of a five-hour trial in Tashkent.

An embassy spokesman said Warren was convicted of smuggling 2,189 grams of hashish and of failing to declare 100 rubles, $111.11, in Soviet currency.

The embassy said it understood Warren wished to appeal. An appeal can be filed within the next five days.

Warren's mother is Mrs. Cecil P. Wentz of El Cerrito.

The best newsmen in Moscow work for you...(because they work for us).

The man you see walking across Red Square has been covering Soviet Russia for an amazing 29 years. No one else has even come close to matching this feat, which requires endurance, diplomacy, reporting accuracy, and the highest degree of objectivity. Henry Shapiro is the Moscow bureau chief of United Press International . . . the man who reported the downfall of Khrushchev . . . the three-man Russian space ship flight . . . and the man who will be first with the next big news from Russia. We are proud, as a subscriber to UPI, to have him on our staff. We believe you are entitled to the most accurate coverage of the news that money can buy.

TELEVISION REVIEW

More Things Than Brutality Element

By RICK DU BROW

HOLLYWOOD (UPI) — The aboliton of violence in popular entertainment such as television is hardly likely because, as Mae West once put it: "Virtue has its own reward but has no sale at the boxoffice." Well, in many cases, anyway.

But the abolition of wholesale brutality and unmotivated sadism is only the negative aspect of the antiviolence argument. The big question, of course, is: What do you use instead? Conflict, without doubt, is the essence of drama.

MANY KINDS

Yet there are many kinds of conflict, most of them more dramatic than the use of guns and fists. And just as important as the antiviolence crusade is the new need for network officials to take a positive step in the entertainment area:

To allow, instead of the standard cynicism criticized by Carl Sandburg, genuine feelings of optimism, pleasure, anger and style when writers want to express them—which is often.

For this goes to the roots of an attitude toward the nation itself. Where optimism and pleasure (not the laugh-track kind) and style are discouraged, the nation gets a very mean, nasty, distorted and cynical view of itself. One needn't be a Pollyanna — but there are beautfiul things happening too, and significant things, and there are real people and matters worth exploring.

WOLFE STATEMENT

The novelist Thomas Wolfe once wrote: "It is good to eat, to drink, to sleep, to fish, to swim, to run, to travel to strange cities, to ride on land, sea and in the air upon great machines, to love a woman, to make a beautiful thing.

This is the expression of health, exuberance, of juices joyously flowing in a man who loved life. When is the last time you remember getting that kind of feeling from watching a television entertainment program? Who wouldn't rather be lifted up than put down and thrown into the gutter again?

In "The Decline of Pleasure," Walter Kerr wrote: "We are all of us compelled to read for profit, party for contacts, lunch for contracts, bowl for unity, drive for mileage, gamble for charity, go out for the evening for the greater glory of the municipality, and stay home for the weekend to rebuild the house."

OTHER LEVELS

Where, indeed, is the pleasure? Well, there is little doubt that it is often hard to come by in the very uptight circles of most of middle-class, suburban America. And if that is the case, then television might do well to seek it out in other age groups and other social levels throughout the land—using writers and producers and directors from these places.

Enthusiasm about life is beautifully contagious. I remember, years ago, reading these words about New York by H.L. Mencken: "If only as spectacle, the city is superb. It has a glitter like that of the Constantinople of the Commeni. It roars with life like the Bagdad of the Sassanians." I was already living in New York when I read those words, yet it made me look at the city with freshness and a new sense of thrilling adventure.

French Begin Nuclear Tests In Pacific

PARIS (AP) — France began a two-month series of nuclear tests yesterday on Mururoa atoll in the South Pacific. The test series is expected to culminate with the explosion of France's first hydrogen bomb.

The announcement that France had exploded a medium-range atomic device generated an immediate Japanese protest and a request that the series be canceled. The French government was certain to brush the protest aside.

The nature of yesterday's test blast was not disclosed. Plans for the test series are believed to include the explosion of trigger devices for different types of weapons, plutonium and enriched uranium warheads, and Polaris-type missiles to be carried aboard France's planned atomic-powered submarines.

France published a notice Wednesday warning ships and planes to keep 500 nautical miles from Mururoa, which is about 750 miles southeast of Tahiti.

U.N. Command Issues Warning To North Korea

PANMUNJOM, Korea (AP) — The U.N. Command charged North Korea today with 22 infiltration attempts across the demilitarized zone in the past two weeks and warned against any Communist miscalculation of its intention to defend South Korea.

In one of the border incidents, the command said, U.N. forces intercepted three infiltrators, killed one and wounded another.

The charges were made at the 272nd meting of the joint military armistice commission by U.S. Maj. Gen. Gilbert H. Woodward, the senior U.N. Command delegate.

The North Korean delegate, Maj. Gen. Pak Chung-kook countercharged that the U.N. Command was making the charges to cover up its "criminal acts in Korea." Pak said the U.N. forces committed six armistice violations between June 26 and July 7.

SPECIAL LOW RATES! EXAMINE POLICY IN YOUR OWN HOME—MONEY BACK IF NOT 100% SATISFIED!

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT, SATURDAY, AUGUST 3, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you – or some beloved member of your family tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do with your pay check stopped, but living expenses still going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

... Pays you $100.00 a week tax-free cash when you go to the hospital.

Now, Presidential's economy plan enables you to enjoy this protection. Mail the Enrollment Form. We will send you the actual policy to look over at home. No rush. No agent will call or phone you. Take 15 days to decide. Show the policy to a friend, a family adviser *first*. You lose nothing if you don't want the policy. But if you *do* want it, you're entitled to Presidential's special low rates described below. So *low*, you'll find you get protection at a price that's just a fraction of what you'd expect to pay.

Your cash benefits increase each year — at no extra cost to you!

Your cash benefits automatically rise year after year. You get peace of mind so you don't have to worry about rising costs. Your protection automatically increases $3.00 a week each year. The first year you get $100.00 a week. You get $103.00 a week in the second year. $106.00 a week in the third year. $109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full *$130.00 a week* in benefit payments... at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much *more* than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs – and best of all...

...The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

PAYS	Up to $10,000.00 CASH for **each** accident or illness, starting the very first day in the hospital.
PAYS	$100.00 A WEEK CASH — if you need a full-time registered nurse when you come home from the hospital — up to 50 weeks.
PAYS	$1,000.00 EXTRA CASH for accidental death.
PAYS	Up to $2,000.00 CASH for accidental loss of limbs or eyesight.
PAYS	$100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.
PAYS	Up to $5,000.00 when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.
PAYS	you cash benefits that increase each year... to a maximum of $130.00-A-WEEK... at no extra cost to you
NO	age limit — no medical examination required

IF YOU ARE 65 OR OVER YOU WILL COLLECT IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in *addition* to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay *all* the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the *important addition* to what you receive from Medicare – or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you $70.00 a week... EVEN FOR 100 WEEKS if necessary! *You can receive as much as $7,000.00 for each illness or injury when hospitalized!*

... Pays you $100.00 a week CASH for a registered nurse at home.

Yes, in addition to the $100.00 weekly checks we send you during your hospital stay, we pay you an extra $100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that – after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for *$100.00 a week* – for as long as you need the nurse – even up to *50 weeks*. It's like having a reserve of $5,000.00 cash to draw on when you need it. These benefits *also increase* each year by $3.00 a week. Another exceptional feature you have with Presidential...

... Pays you $100.00 a week cash maternity benefits

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful *Family Plan With Maternity* for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days – *as long as necessary* – you get $100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to $100.00 a week for hospitalization or $100.00 a week maternity benefits and $100.00 a week for a registered nurse at home... you get all this:

Added cash benefits: $1000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 will bring greater peace of mind during the period of adjustment.

Added cash benefit: Choose *either* Family Plan... and your children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week – for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able

As a special consideration to you – if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL – *TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force – *you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Amazing Low Rates – Money-Back Guarantee

You can now have your first month's protection at the special low rates listed below! But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every *new* condition is *immediately* covered.

How can these bargain low rates buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00 a week tax-free Income Protection at special low rates only because we enroll a large number of people at one time – *direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone – *and the savings are passed on to you!*

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensable x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form – just a few days from today

Why must you act before the deadline? Because, as mentioned above, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then – *show it, if you wish, to someone you trust*. Perhaps your lawyer, accountant, or banker. Better still – *show it to your own insurance man... even though he may very well be working for another insurance company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere – at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below... even after you examine the policy in your own home and talk it over with anyone you wish... even after all this you are still free to return the policy within 15 days *and every penny you paid will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I – INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself – or yourself and one or more adult dependents (including your spouse) – then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age.

THESE ARE YOUR LOW RATES
Enclose first month's premium according to age and plan selected.

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

SAVE EVEN MORE (up to 20%!) by paying at quarterly, half year or yearly rates, sent with policy.

PLAN II – FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III – FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. This covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; **it will not automatically increase as you pass from one age bracket to the next.** Once you have enrolled, your rate can **never** be changed because of how much or how often you collect from us – or because of advanced age – but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly! (No salesman will call.) Get your enrollment form into the mail *today* with your first month's premium according to the plan you choose. Remember, you must be completely satisfied or your money will be refunded. But you must act right now. Remember, once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today – *before* anything unexpected happens.

THESE 22 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need – at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?**
The full amount! You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive.)
2. **Will I be paid if I am hospitalized for less than a full week?**
You certainly will... regardless of whether you are in the hospital for as short a time as one day... or as long a time as a week, month, year or more.
3. **Does this Plan pay me from the first day of hospitalization?**
Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we receive your first premium – that is the day you are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?**
$100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits... at no extra cost to you!
5. **Are there any accidental death benefits?**
Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?**
Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes... when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?**
If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?**
You may use them in any way you wish – for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?**
Yes, you may. Folks any age are welcome to apply—there is no age limit! Members over 65 are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?**
Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?**
While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?**
If you choose a Family Type Plan, your dependent eligible children, ages 3 months to under 19 years, would receive 50% of all the cash benefits of the Plan (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?**
Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
15. **Will my protection be cancelled because I have too many claims?**
No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?**
No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?**
The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements for membership in one of the Presidential Plans?**
You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date in the coupon.
19. **Why is this offer good for a limited time only?**
Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?**
Yes, there certainly are. A very important one is that you do not need to complete a regular application – just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility – and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?**
Yes, as long as they can meet the few requirements listed under Question 18.
22. **How do I get the policy for examination with money-back guarantee?**
Just fill out your brief enrollment form and mail it with your first month's premium to The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.

It's Bye-Bye Giants After Cardinal Sweep

SAN FRANCISCO (AP)—Curt Flood was charitable in the morning but all business in the afternoon yesterday as the rampaging St. Louis Cardinals took a 10-game cushion into the all-star break.

Flood, the all-star center fielder, heard that San Francisco Giants' star center fielder, Willie Mays, had been named to the National League starting lineup to replace the injured Pete Rose of Cincinnati. So Flood offered to play left field.

"It's no big thing," said Flood. "I was having breakfast with Red Schoendienst and told Red I'd be glad to shift."

After his good deed, Flood knocked in both St. Louis runs as the Cardinals downed the Giants 2-0, giving the Cardinals their seventh straight win and a sweep of a West Coast swing to Los Angeles and San Francisco.

"We never swept out here before," said Flood, who collected eight hits in the three-game romp over the Giants. "It's a pretty good trick all right. The difference this time is that we didn't have to stop off in Houston."

FOURTH SECTION Monday, July 8, 1968 31

Yesterday's setback knocked the Giants 11½ games behind St. Louis. They were 4-9 for the home stand and have not scored in 24 straight innings.

Bob Gibson accounted for a big chunk of zeroes by blanking Juan Marichal and the Giants 3-0 Saturday.

The sixth-inning antics of Flood and speedy Lou Brock broke up yesterday's scoreless duel between winner Larry Jaster, 6-4, and loser Gaylord Perry, 7-6.

Brock led off with a triple and scored on Flood's bloop single to right. In the eighth, Brock was safe on an error, stole his second and third bases of the game, and scored on Flood's sacrifice fly.

Jaster had a one-hitter for six innings, but was lifted in the seventh when Jim Hart singled with one out and Dick Dietz and Bob Bonds walked, loading the bases.

With the count 2-0 on pinch batter Jack Hiatt, Ron Willis came on and struck out Hiatt and forced pinch-hitter Ty Cline to hit into a popup to end the threat.

POINT OF NO RETURN — Julian Javier of St. Louis was tagged out by pitcher Gaylord Perry (36) of the Giants after being caught in a rundown between first and second base in second inning yesterday at Candlestick Park. OH, NO—Rookie Mike Hill misses a five-foot putt on the 18th hole which would have tied him for first place with Tom Weiskopf in the Buick Open Golf Tournament yesterday. Hill's consolation: $15,000 runner-up money. (UPI Wirephoto)

Rookie Hill Flubs Putt To Give Weiskopf Crown

GRAND BLANC, Mich. (AP) — Tom Weiskopf describes golf as "a game of mistakes, whether they come early or late."

PGA tour rookie Mike Hill's mistake came late and it cost him a shot at the $125,000 Buick Open at Warwick Hills yesterday.

Hill missed a five-foot putt for a par on the 18th green and Weiskopf backed into the championship. Both players were tied, eight strokes under par for the tournament, when Hill's putt slid by the hole on the left side.

"It was just a terrible putt," said Hill, of nearby Jackson, Mich. "The minute I hit it I knew I missed it."

The bad hit cost Hill, younger brother of tour veteran Dave Hill, $10,000.

ROOKIES THIRD

That was the difference between Weiskopf's $25,000 first prize and the $15,000 that went to Hill.

Rod Horn, another tour rookie from Overland Park, Kan., finished third, two strokes behind Weiskopf's eight-under-par winning total of 280.

Bob Lunn and Rocky Thompson, both making late charges, finished in a tie for fourth at 283.

Boros, birdying three of the first four holes in the back nine, had a 70 yesterday. Trevino ran into a rash of bogeys and Johnny Stevens, another rookie from Kansas, who was only two strokes behind the leaders Saturday, faded in the stretch.

Weiskopf, second leading money winner on the PGA tour with $116,736 in the bank, picked up his second tour victory this year.

He said a five-foot birdie putt on the third hole in the final round got him going as he charged out of the middle of the pack to shoot a three-under-par 69 over the 7,001-yard par-72 course.

"That really got me charged up," said the 25-year-old pro from Bedford, Ohio. "Then I got a birdie with a five-footer on 14 and that gave me confidence. I just played the golf course the rest of the way."

INCITES OFF

Hill hit his drive into the fairway and put his second shot, a four-iron, into the gallery to the left of the green. Under PGA rules, he was given a free placement at the side of a hill.

He made a brilliant chip shot to within five feet of the pin, setting up a possible par 4 which would have tied him with Weiskopf and set the stage for a sudden death playoff.

But the putt broke to the left and slid a few inches past the hole.

The Buick Open also provided an $890.62 payday for young Ron Cerrudo of San Rafael. He finished at 289 with rounds of 72-73-72-72.

All Quiet In Grid Dispute

There was no activity today, and no announced plans for future negotiations between owners and players in the troubled National Football League.

All was quiet.

The San Francisco 49ers training camp, which was to have opened yesterday, was closed down. Club personnel were on hand to feed and house any rookies who showed up—but the club's president said no workouts will be held until the current dispute is solved.

MEETING?

The National Football League Players Association is seeking a greater participation by the owners in their pension plan. This the owners say they cannot do.

The players threatened a strike.

Saturday, NFL President Arthur Modell of Cleveland ordered all training camps to postpone their openings until the dispute is settled.

Later that day, in Los Angeles, a spokesman for the Players Association said the players were willing to meet with the owners and hoped such a meeting could be held in three days.

NO PLANS

Last night Modell said he knew of no plans for any such meeting.

The Detroit Lions originally were scheduled to open their training camp tomorrow, with Dallas, Green Bay and New Orleans opening Wednesday.

A.L.'S TIANT VS. DRYSDALE ON THE MOUND

HOUSTON (AP) — Righthanders Don Don Drysdale of Los Angeles and Luis Tiant of Cleveland were named the starting pitchers today for tomorrow's Major League All-Star baseball game.

Drysdale, the N.L. starter, has a 10-5 won-lost record and 1.37 earned run average. Tiant of the A.L. has a 14-5 record and a 1.24 ERA.

It will be Drysdale's fifth All-Star start, tying the record held by Robin Roberts of the Philadelphia Phillies, Lefty Gomez of the New York Yankees.

Tiant will be pitching with only one day's rest. He worked 6 innings yesterday. Drysdale worked 10 innings in his last appearance Friday night.

Finally—Tigers Leave A's

DETROIT (AP)—The Oakland Athletics and Detroit Tigers, headed in opposite directions in the American League baseball race, parted ways yesterday with the Tigers giving Oakland a rough sendoff.

The Tigers swept a doubleheader 5-4 and 7-6 despite three homers by Sal Bando, giving the A's nine defeats for their last 10 games.

Oakland has three days' rest before meeting Cleveland Thursday night at home.

The A's return from a road trip in seventh, 15½ games behind the league-leading Tigers. When they began the road trip they were 8½ behind and challenging Cleveland for second.

The losses were the 20th and 21st one-run defeats for the A's this season.

Willie Horton's ninth-inning homer was the deciding blow in the first game and made Detroit's Denny McLain, 16-2, the winningest pitcher in the majors. He got a quick 4-0 lead on Jim Northrup's triple in a three-run first inning and Dick McAuliffe's solo homer in the third.

The A's started a comeback with Sal Bando's two-run homer in the fourth. Reggie Jackson then hit his 12th homer of the year, an inside-the-park job.

Rick Monday tripled home John Donaldson in the sixth to tie it.

Al Kaline, making only his second appearance since returning to the disabled list, sent the Tigers ahead quickly in the second game with a two-run homer in the first inning.

Bando and Jackson hit back-to-back homers again in the second inning. It was Jackson's 13th of the year.

SEVEN PITCHERS

The Tigers picked up two runs in the second, one in the fifth, one in the sixth and one in the seventh for a 7-2 lead.

Bando hit another solo homer, his sixth of the year, in the eighth and singled in two runs

Bando had six hits in nine at in a ninth-inning rally that fell one-run short.

bats in the two games, snapping an 0-for-22 slump.

The A's used seven pitchers in the doubleheader.

"The all-star break will give our pitching staff a considerable rest," said reliever Paul Lindblad. "We need it. But this club isn't out of it yet."

Rare Death Mars Cotati Races

COTATI (AP) — Amateur driver Mike Wright, 32, of Los Altos was fatally injured Sunday in the Golden Gate Grand Prix races at Cotati Raceway.

Less than an hour after Merle Brennan of Reno had won the feature sports car event, Wright's Chevrolet Genie stormed off the two-mile course at the first turn of a production car race. It bounded into the air and crashed into a steep bank. Wright was pronounced dead of head injuries shortly after arrival at a Santa Rosa hospital.

Brennan, a 40-year-old auto dealer from Reno, led the sports car feature from the start, fighting off early challenges by Duane Zinola of Sunnyvale and Frank Crane of Concord. Midway through the 21-lap race he had a 20 second lead and had built it to 58 seconds by the end of the race for an 80.4 mph average and fastest lap of 1:22.67, two seconds off the track record.

Seattle's Lew Florence finished second in a Porsche Carrera VI. Third place went to Dick Torrell of Fremont in a Cobra.

Ron Grable drove a Dodge Dart to first place in the sedan class.

In Race 5 for Formula V cars, a 17-lap, 32.3 mile conttest, Harold Clements of Mill Valley placed second in his Mark V.

DiMaggio Loop Race Unsnarled—A Little

The four-way tie for first place in the Marin County Joe DiMaggio Baseball League has been reduced to a two-way division after yesterday's action.

Herb's Pool Service and Annex Motors remained on top of the heap, each with a 5-1 won-lost record after narrow victories over previous first place co-holders.

Herb's, with Jerry Goodrich pitching a four-hit, ten-strikeout game and Ken Lazzarini driving in two runs, nipped Indian Valley Lumber, 3-2. Indian Valley Lumber now has a 4-2 record.

Glenn Holsclaw pitched Annex Motots to a 3-1 decision over Toby's Truckers (4-2) with the help of Dee Federick, Bob Helbing and Ed Hernberger. Federick had two hits while Helbing and Hernberger each drove home a run.

Thin A. L. Hurling Staff Faces Mays, N. L.

HOUSTON (AP) — The American League All-Stars got their first look at the Astrodome's synthetic turf today but Manager Dick Williams probably preoccupied surveying his somewhat overworked pitching staff.

Every one of the AL's seven hurlers worked either Saturday or Sunday which means that whoever gets the starting nod against the Nationals in Tuesday's All-Star classic will be working with a maximum of two days rest.

STOTTLEMYRE CAN GO

Detroit's Denny McLain, a 16-game winner and the logical starting choice, went the route beating Oakland yesterday and had disqualified himself before that, saying there was no way he could pitch yesterday and come back Tuesday.

"My first responsibility," said McLain, "is to the Detroit Tigers," a sentiment echoed by his Manager, Mayo Smith, who happens to be one of Williams' coaches.

Mel Stottlemyre of New York also pitched a complete game yesterday, but did not rule himself out. "I could pitch an inning or so on Tuesday," he said.

Three other A.L. pitchers, Tommy John of Chicago, John "Blue Moon" Odom of Oakland and Cleveland's Luis Tiant, also worked on Sunday and the reamining two members of the staff, Sam McDowell of the Indians and Boston's Gary Bell, both worked Saturday.

Injuries have forced two changes on the National League squad and will make a starter out of San Francisco's great Willie Mays.

MAYS TO START

Manager Red Schoendienst of the National League has a well-rested staff and was expected to name Don Drysdale, Los Angeles' record-setting right-hander, as his starting pitcher.

Drysdale, who pitched 58 2-3 scoreless innings breaking Walter Johnson's record earlier this season, last worked Friday night and will have his standard three-days of rest if Schoendienst chooses to use him Tuesday.

Pete Rose of Cincinnati, chosen to start in the outfield, suffered a broken thumb over the weekend and will be out of action for a month. Schoendienst named Chicago's Billy Williams to fill Rose's spot but figures to give the starting nod to Mays, who was the fourth highest vote-getter among the NL's outfielders.

Cincinnati's Leo Cardenas zas chosen to replace Gene Alley of Pittsburgh, who is nursing a shoulder injury.

The only American League replacement was Bell, who filled teammate Jose Santiago's spot. Santiago has been troubled by tendonities in his shoulder.

MAYS CAPTAIN

Mays was 0-for-4 in last year's 15-inning marathon won by the Nationals 2-1. But Willie still sports an impressive .355 average for the 18 games in which he has appeared. He holds the records for most hits (22), runs (19, triples (3), stolen bases (6) and putouts (50.

He will play center field. St. Louis' Curt Flood asked Schoendienst if he could be switched to left so Willie could play center and Schoendienst complied.

Mays is captaining the National League squad and will exchange lineups at home plat with Mickey Mantle of the New York Yankees, captain of the Americans.

The Nationals hold a 20-17 edge and have taken the last five games in a row.

San Rafael Grabs Three

Warming up for their crucial Western Baseball Association trip to Grand Junction, Colo. this weekend, the Litchfield Braves of San Rafael swept to three straight non-league victories over the weekend, capped by yesterday's 8-4 triumph over Yountville Merchants at Yountville.

Saturday night it was a 7-6 verdict over Pinole following a 22-1 Friday night "laugher" over next year's University of San Francisco varsity. Both of the latter games were played at San Rafael's Albert Field.

Manager Joe Anselmo's Braves, who lead the WBA with a 13-4 won-lost record, fly into Grand Junction Friday for a weekend series. In their previous meeting at San Rafael last month the Braves swept three from the Coloradans but expect toughter times in the Eagles' home nest.

Yesterday's victory at Yontville saw Tom Corder and Dave Texdahl each slamming a pair of doubles and Paul Lee contributing a pair of runs-batted-in with a bases loaded two-bagger. One of Corder's hits was a 375-foot shot that drove in a pair of runs to help give starting pitcher Ben Burch the victory. He went five innings, giving up three hits and one run while strking out seven. Don Weir and Ben Trujillo shared relief duties.

In Saturday night's game Corder, the former Novato High School flash who starred this season at San Jose State, drove home the deciding runs with a sixth inning double and also turned in some defensive gems at shortstop. Other leading San Rafael hitters were Mike Hazelhoffer with two doubles and three runs-batted-in and Paul Giambra with a run-scoring double.

The victory went to Gregg Tellis in relief of Ron Cole. Tellis struck out 12 and allowed only 4 singles in his 6-inning stint.

Everybody got into the act Friday as the Braves pounded six USF pitchers for 31 hits while Ben Trujillo went the distance on the mound for San Rafael.

Leading the San Rafael onslaught were Jerry Robison with a grand slam home run and two singles, Paul Lee with three doubles and five RBI's, Doug Wilson with four singles and Steve Smail with two doubles and a single.

SI, SI, SENOR — Mexico's Guillermo Echevarria lets out shout of joy on learning he set a world record in the Santa Clara International swim meet yesterday. Echevarria's time of 16 minutes, 28.1 seconds knocked 6 full seconds off the previous world record held by Mike Burton of the United States. (AP Wirephoto)

Coach Sees Top U.S. Swim Team

SANTA CLARA, Calif. (AP) — The U.S. swimming team that goes to the Mexico City Olympics in October is going to be the best ever, according to its coach. It will have to be.

George Haines, coach of the Santa Clara Swim Club that hosted the city's international invitational swim meet over the weekend, said the meet showed his team improving at about the pace he likes and that the foreign competition in Mexico is going to be rugged.

Mexico itself, in fact, may turn out to be a less than gracious host.

SHOT IN THE ARM

Guillermo Echevarria, the country's 20-year-old distance swimmer, was unquestionably the star of the meet, setting a world record in the 1,500-meter freestyle and placing second in the 400-meter freestyle to world record holder Mark Spitz in a fine time.

"I don't think there's any question that Echevarria is the favorite in the 400 and 1,500 at Mexico," said Haines after the meet. It was a real shot in the arm for him to beat Mike Burton at sea level."

Echevarria's time, 16:28.1, broke by six seconds, Burton's world record.

But, says Haines, "I think Burton will go about 16:10 or 16:15 in the Olympic Trials in Long Beach, Calif., in August."

Also, he said, Don Schollander, Spitz, Greg Buckingham and the rest are not in their top shape. Buckingham set a world record of 4:45.1 in the 400-meter individual medley Saturday and Spitz won the three events in which he holds the world record, the 100 and 200-meter in 56.5 and 2.06.0 respectively, butterfly and the 400-meter freestyle in 4:08.1.

Schollander won the 200-meter freestyle Saturday, but lost the 200 to Zac Zorn Saturday.

"They're going to get a lot better, no question about it," said Haines. "We'd better be a lot better than we are."

In all, six world records were set at the meet including Claudia Kolb's crowd-pleasing 5:05.4 triumph in the 400-meter individual medley Saturday. She had won the 200-meter version of the event the day before, but on a judge's decision after Sue Pederson had been given a faster time.

Vicki Bitgood of the Tamalpais Swim Club finished seventh in the women's 100-meter breaststroke to qualify for the Olympic Trials in August.

Turbine Road Race Education

CASTLE ROCK, Colo. (AP) — Andy Granatelli-designed Lotus turbines made their road racing debut here yesterday. Despite the cheering of 17,500 fans—the largest crowd ever to witness a motor racing event in Colorado—the sleek red whistlers provided another disappointment for their owners and drivers.

A flock of fast Fords, backed by A.J. Foyt's winning Coyote, swept the first four places in the Rocky Mountain 150 at Continental Divide Raceways, one of the U.S. Auto Club's National Championship series.

EDUCATION

For turbine drivers Art Pollard of Medford, Ore., and Joe Leonard of San Jose, Calif., the race was the beginning of an education which—they hope—will culminate in a racing victory.

Pit crews on the turbine cars worked into the early morning hours yesterday on brake systems after the qualifying round Saturday. The four-wheel drive turbines have no engine braking, and the drivers punished the brakes on the 10-hour 2.66 mile course.

Leonard started in seventh and had steadily moved up to second behind Foyt when the half-shaft on the left-front drive wheel of his turbine snapped, forcing him out with about 15 miles to go.

NO BRAKES

Pollard, with no brakes at all for about the last 15 minutes of the race, was fifth when the checkered flag fell on Foyt.

"This has been an education for us, Pollard said. "After this race we're going back to school to try to develop better braking systems. Then we're gonna be tough.

Granatelli, the Chicago-born designer who has suffered setback after setback since he entered his first turbine at Indianapolis two years ago, admitted he was bitter about the car's showing. But he pointed out he had expected trouble with the braking, and that work would proceed at full speed on a better system.

Foyt drove a smooth race, following pace-setter Ronnie Bucknum of La Canada, Calif., who had the pole position in his Eagle-Ford. Bucknum, a former Formula 1 Grand Prix driver for Honda, went out in the 28th lap with a broken half-shaft.

Novato Wins Legion Tilt Over Vallejo

Mike Timmel, the Terra Linda High School star who won 10 straight games in the Marin County Athletic League this season, pitched the Novato Junior American Legion team to a 6-1 victory over Vallejo Post 550R yesterday at Novato.

Timmmel gave up six hits, walked three batters and struck out eight as Novato increased its Legion League won-lost record to 9-1.

He was given sound defensive and offensive support and aided his own cause with two singles and one run-batted-in. Other Novato bat leaders were Gary Trono with three singles and one RBI and Barry Berringer with two singles, a double and two RBI's.

Defensively, third baseman Tom Thomas, shortstop Dave Edson and second baseman Mike Ferretti made outstanding plays.

Saturday Novato battled the San Francisco Legion team to a 4-4 tie as the practice game was suspended after nine innings due to darkness.

Litchfield Standout Signed By Atlanta

The Atlanta Braves today announced the signing of Jerry Robison, sure-handed second baseman for the Litchfield Braves semi-professional team of San Rafael.

Robison, who was named third string college "All American" last month after starring for Fresno State, was batting .377 for the San Rafael team. The Braves immediately assigned him to their Twin Falls, Ida. team in the Pioneer Rookie League. Terms of his professional contract were not disclosed.

Also-Rans Bunching Behind Hot Cards

By THE ASSOCIATED PRESS

Seven days ago, the St. Louis Cardinals were sputtering through a spell of misfortune; their league-lead had been cut to 6½ games, and there was a slimmer of hope that the National League race might not be such a drab affair after all.

Forget it.

A couple of veterans did everything that was needed yesterday in delivering St. Louis' seventh straight victory, a 2-0 conquest of San Francisco.

The triumph, coupled with Houston's 5-4 edging of Atlanta and Cincinnati's 6-5 loss at Los Angeles, boosted the Cardinals' lead to a very cozy 10 games heading into the three-day break for the All-Star Game.

But, while the Cards are riding roughshod on first, things are downright crowded the rest of the way down in the standings. Only 4½ games separate second place Cincinnati from ninth-place Chicago.

Elsewhere in the National League Sunday, Chicago used a pair of dramatic finishes to edge Pittsburgh 5-4 and 4-3 and the New York Mets whipped Philadelphia 4-2, after dropping the opener of a doubleheader 4-3.

Lou Brock and Curt Flood personally provided all of the Cardinals' runs.

Hank Aaron drove in all of Atlanta's runs and smashed two homers to up his career total to 499—just one shy of the plateau reached by only seven other major leaguers in history.

But it wasn't enough to overcome an early Houston uprising. The Astros exploded for four runs in the first when Norm Miller had a leadoff homer and Rusty Staub poled a three-run shot. Hector Torres' singled in the decisive run in the fourth.

The opening inning outburst stopped starter Milt Pappas' scoreless inning string at 21 2-3.

Los Angeles spotted Cincinnati an early 3-0 lead, then had to rely on pinch-hitter Len Gabrielson's run-scoring single in the sixth to snap a six-game losing streak.

Gabrielson's hit came after a triple by Wes Parker, who earlier had singled and joubled in two runs.

Chicago rookie Jose Arcia's first major league homer in the ninth inning produced victory in the opener with Pittsburgh. The Cubs liked the script so much, they tried it in the nightcap when Don Kessinger's last-inning single with two out scored the winning run.

The Cubs were staked to a 4-0 first inning lead in the opener when Ernie Banks hit the 11th grand slam of his career and his 13th homer of the season. But the Pirates fought back and eventually tied it with a pair of two-out, run-scoring singles by Willie Stargell and Manny Jimenez in the ninth.

New York ended a long period of frustration with a pair of eighth inning runs that beat Larry Jackson and the Phillies in the second game.

Susie Is Silent After Open Win

READING, Pa. (AP) — Someone said to Mrs. Susie Maxwell Berning: "You don't look or act like a girl who has just won the prestige title of women's golf—the U.S. Women's Open Championship."

The tiny, hazel-eyed bride of seven weeks paused and then replied: "It's hard to believe you could win a tournament when you play the first three holes the way I did. Maybe this is why I don't feel elated. I feel fortunate to have won."

TWO ROUNDS LATE

Mrs. Berning won top prize of $5,000 in the 16th annual open yesterday with a final round par, 35-36—71 over the 6,232-yard-Moselem Springs Golf Club course for a 72-hole total of 289.

She prevailed by three strokes over blonde Mickey Wright, the four-time national queen, who made a belated but futile charge at the 113-pound winner from Incline Village, Nev.

"It was two rounds too late," commented the soft-spoken, 33-year-old Miss Wright, who finished with a 33-35—68 and a four-round total of 292.

The 26-year-old Mrs. Berning sat next to her husband of seven weeks, Dale, and explained the lack of excitement over her victory. She spoke of the 16th, 17th and 18th holes where, in the last three rounds, she had six bogeys and a double bogey.

CAN'T BELIEVE IT

"I just can't believe I won," said the 5-foot-3½-inch professional of four years who had earned $592 in three previous tournaments this year.

"I should be more excited. Maybe I haven't come out of the clouds. I think I'm still on the golf course replaying those last three holes."

Until Miss Wright made her last-round bid, it appeared to be a tournament someone would lose rather than win. There were only three, sub-par rounds during the 72-hole competition.

After 54 holes, Mrs. Berning was two strokes in front of Carol Mann. Her three-under-par play through 15 holes of the final round was enough of a cushion to withstand bogeys on the final three holes.

Miss Mann, the veteran pro from Towson, Md., carded a final 38-37—75 and wound up tied for third with Marilynn Smith of Jupiter, Fla., who shot a final round 36-37—73. They each had 72-hole totals of 295.

Mrs. Murle Lindstrom's 39-36—75 yesterday left her deadlocked for fifth at 296 with Kathy Whitworth, the tour's leading money-winner who concluded with a 36-38—74.

Bearhunt Danger: Liston Nails Clark

SAN FRANCISCO (AP) — The next time Henry Clark goes stalking the Big Bear, he's going to be armed with more ammunition.

"I'm going to take a week's vacation and then train twice as hard," said the 23-year-old Clark after the Bear, Sonny Liston stopped him Saturday at 2:47 of the seventh round in a nationally televised bout scheduled for 10.

COULDN'T GET GOING

"I just couldn't get going and I wasn't strong enough," added Clark. "But I think I can beat him."

The rugged Liston, who was a pro when Clark was only 8, won his seventh straight—all by knockouts—since he lost to Cassius Clay for the second time three years ago.

The former heavyweight champion, an inch shorter than Clark, was four pounds heavier at 219 and made good use of his 2-inch reach advantage.

He picked away at Clark with hard left jabs and short hooks. Liston never backed away and scored repeatedly with counter punches as Clark missed with wild bolo punches.

6-0, LISTON

Liston jarred Clar k in the sixth, when Clark was warned for a low blow, and staggered him in the seventh with a left uppercut and a long right. At that point, Clark was doging, but not fighting back.

When referee Frankie Carter stopped the bout, he and judges Jack Downey and Jack Silver each had it 6-0, Liston, under the California scoring system which gives the winner of a round 1 or more points and the loser none.

"I know I won the fifth," said Clark, who contended the fight shouldn't have been stopped "because I wasn't hurt."

Although Clark was never off his feet, the bout goes into the books as a knockout, the first against Clark in his 21 pro fights.

Liston received $20,000 and Clark, $12,500, from TV rights and a gate of $20,916, paid by 4,500 fans in the Cow Palace.

MELLOW SONNY

Would Liston fight Clark again? "Is tonight okay?" he snapped with a wide grin.

"Now that I've beaten the No. 5 contender I think I should get No. 4," added Liston. Manual Ramos, victim of both Clark and Joe Frazier, is rated No. 4 by Ring Magazine and Oscar Bonavena is No. 4 in the World Boxing Association ratings.

Liston said he wants to fight again soon, possibly in Reno or Las Vegas. "With these guys writing how old I am, I can't let any grass grow under my feet," joked Liston, 36.

Wimbledon Open Termed Success

By GEOFFREY MILLER

WIMBLEDON, England (AP) — Mrs. Billie Jean King, Wimbledon queen for the third time, had the last word Monday as professional and amateur tennis stars left the scene of the first open All-England championships.

"The British are right," said the professional star from Long Beach, Calif. "They call us all players, merely players, competing here for money prizes. Yet in other places, some are still called amateurs and play in the Davis Cup.

"We are all in the same boat. We all make our living by playing tennis. Open tennis has proved itself, and I hope the whole world will come to follow Britain's example and call all competitors players."

JUST PLAYERS

The British told all Wimbledon competitors they would compete for prize money or just expenses, just as they liked. But they were all termed players, and the words pros and amateurs did not appear in the Wimbledon programs.

Of the $63,600 prize money at stake, roughly half was not paid out because most of the amateurs didn't ask for it. They had not been given permission by their national associations to play for money.

Professionals took some tumbles as the amateurs raised their game and scored upsets. But in the end the pros dominated every title except the mixed doubles.

$1,800 FOR MRS. KING

The organizers paid out the full prize money for the men's singles final—$4,800 to the winner, Rod Laver, and $3,120 to his fellow Australian pro, Tony Roche, the runner-up. Laver won the final 6-3, 6-4, 6-2.

Mrs. King picked up the women's first prize of $1,800 after her 9-7, 7-5 victory over Australian amateur Judy Tegart. Miss Tegart had chosen to play for expenses only, so the second prize of $1,080 went back into the pot.

Two Australian pros, John Newcombe and Roche, won the men's doubles and split a first prize of $1,920. They defeated fellow Australians Ken Rosewall and Fred Stolle 3-6, 8-6, 5-7, 14-12, 6-3.

Mrs. King and her professional colleague, Rosemary Casals of San Francisco, shared $1,200 by winning the women's doubles title for the second straight year.

Under their contract with promoter George MacCall, they keep this money for themselves, but singles prizes are reckoned against their guaranteed earnings for the year. Mrs. King is on a guarantee of $80,000 over two years.

They won the title with a 3-6, 6-4, 7-5 decision over professionals Ann Hayden Jones of Britain and Francoise Durr of France.

Ken Fletcher and Mrs. Margaret Court of Australia, mixed doubles champions for the fourth time in six years, were the only amateurs to win a title. But both were playing for prize money and shared $1,080.

They won with a 6-1, 12-14 decision over Atexander Melreveli and Olga Morozova, the first Russians ever to appear in a Wimbledon final.

A. L. Challengers Win And Still Lose

By ASSOCIATED PRESS

QUESTION: When is a winner a loser?

ANSWER: When he's trying to catch the Detroit Tigers.

EXPLANATION: Cleveland, second in the American League, has won eight of its last 11 games; Detroit has won nine of 11. Third-place Baltimore has won five of seven; Detroit has taken six of seven.

Even the defending champion Boston Red Sox, currently on an eight-game winning streak that has vaulted them into fourth place, have managed to gain only one game in that stretch because the Tigers have won seven of eight.

Detroit used the long ball yesterday — three home runs, two triples and six doubles — to sweep a doubleheader from Oakand 5-4 and 7-6. Going into the three-day All-Star break, the Tigers lead Cleveland by 9½ games, Baltimore by 10½ and Bosten by 11½.

The Indians beat California 8-3 but lost the nightcap 9-7. The Orioles rallied for a 3-2 victory over the New York Yankees after dropping the first game 3-1. Boston swept slumping Minnesota 4-3 and 6-3. In the lone single game, the Chicago White Sox edged Washington 4-3 in 11 innings.

It may be a little early for such things, but for the mathematically inclined Detroit's magic number for its first pennant since 1945 is 71, with 79 games remaining.

"Nobody has asked for any World Series tickets yet," said Manager Mayo Smith, "but I get the feeling some of them are building up to it. I'm getting a lot of those 'Hi, Buddy' calls.

Duke Sims drove in four runs with a homer and single as Cleveland took its opener from California behind Luis Tiant, who won his 14th.

Don Mincher's two-run homer gave the Angels a 7-1 lead after seven innings of the nightcap but his two-run single in the ninth was the difference as the Indians rallied.

Carl Yastrzemski socked a homer in each game as the Red Sox swept the Twins, who have lost six in a row and nine of 10. Joe Foy slammed a two-run homer in the nightcap.

The Yankees clipped Baltimore in their opener on home runs by Roy White and Andy Kosco and Mel Stottlemyre's four-hiting pitching. But a tie-breaking ninth-inning homer by Fred Valentine gave the Orioles the nightcap. Elrod Hendricks homered in each game for Baltimore.

Wayne Causey scored the tying run in the eighth inning and singled home the winner in the 11th as the White Sox edged Washington. Mike Epstein's fourth-inning homer had put the Senators ahead 3-2.

Marin Rowing Club To Form Tomorrow

All Cal and Stanford crew alumni and anyone else interested in rowing are invited to attend the Marin Rowing Association's organizational meeting at the Red Kettle Restaurant in San Rafael at 7:30 a.m. tomorrow.

There are already several new Bay Area rowing clubs in existence at Berkeley and Oakland and the Dominican College has formed a girls' crew, all attesting to the growing interest in the sport.

Fourth Toomey Decathlon

SANTA BARBARA, Calif. (AP) — Bill Toomey, a 29-year-old history teacher, wrote his name into the archieves yesterday when he became the only four-time winner of the National AAU decathlon.

Without undue strain—because of an impending trip to Europe where he will face some of the best 10-event performers in the world, Toomey scored 8,037 points, the highest total recorded in the world to date.

Second place went to John Warkintin of Fresno State College, with 7,370 points. Also achieving the Olympic Games qualifying standard of 7,200 points were Dick Emberger, a 1964 Olympic Games veteran representing the Athens A.C. of Oakland, Calif., 7,263; Jeff Bennett of Oklahoma Christian College, 7,215, and Norm Johnston of Minneapolis.

This was the fourth time in Tommey's career that he has exceeded 8,000 points. He scored 8,234 at the 1966 AAU meet in Salina Kan., but the performance was not recognized due to technicalities. He amassed 8,219 points in 1966 while finishing second to Russ Hodge. Later in 1966, Hodge, scored 8,230 for a world record.

Last year, Kurt Bendlin of West Germany upped the world standard to 8,318. Tommey's best was 8,044 in winning the Pan-American Games at Winnipeg, Canada.

After piling up a world record setting pace in the first five events Saturday with 4,271 points, Toomey dropped to 3,766 points yesterday, but he was quite satisfied.

His marks were 15.0 for the 110 meter high hurdles, 134-5, in the discus; 13-5¼, pole vault; 208-5, javelin, and 4:31.8, 1,500 meters.

The U.S. Olympic Track and Field Committee has invited the five performers who achieved 7,200 points to altitude training at South Lake Tahoe, where the final Olympic Trials will be held Sept. 7-8. Also previously passed into the training period were Rick Sloan of UCLA and Dave Thoreson, Santa Barbara, who had petitioned because of injuries.

Nicklaus Rated Meet Favorite

CARNOUSTIE, Scotland (AP) — Jack Nicklaus, 28-year-old Golden Bear from Columbus, Ohio, and 4-1 favorite to win the 1968 British open golf championship, calculated today he ought to clock Carnoustie's fearsome course this time better than when he saw it before.

"That time I clocked it in about 54 hours and 17 minutes," Nicklaus said with a wide grin.

He was talking about the only time he has played this 7,252-yard, par-72 seaside layout regarded as perhaps the toughest golf test in the world.

MAKING A FILM

"I was making a film," Nicklaus said. "That's all I remember—the time it took."

In fact when Nicklaus did that golf spectacle he needed a five-over-par 41 for the first nine holes.

But the big blond belter, who says he's playing the best golf of his life, is unlikely to repeat that performance in the 72-hole play starting Wednesday.

RECORD IN JEOPARDY

Ben Hogan's rekord of 282 set in 1953 easily could be beaten by Nicklaus or Bill Casper at 6-1 or even Roberto De Vicenzo of Argentina, the defending champion.

Why De Vicenzo is 14-1 is something of a mystery. Roberto, at 45, is playing better than ever but he strained his wrist a bit yesterday and was unhappy about it. Still, he has the length to whip this monster of a course. In addition, he has the determination.

He brought the trophy he won at Hoylake last year back with him and entrusted it to 69-year-old Jose Jurado, a fellow Argentine.

Why? Jose should have won at Carnoustie in 1931 and lost by dropping six shots on the last two holes permitting Tommy Armour to creep to the front.

BRINGS WIFE

"I give the cup to Jose and he is carrying it back for me, said Roberto. "Now, last year, I say I come here again just to see my friends and I win. This time I say I want Jose to carry the cup with him, like he brought it."

Nicklaus brought his wife and his parents with him on this trip. It made his assault a rather relaxing one in contrast to his efforts to win at St. Andrews, Birkdale and Troon in the past.

Big Jack doesn't really like seaside courses with their winds and rain but he showed his mettle in capturing the Open crown at Muifield two years ago when a week of hot sun without breeze turned that ancient links into a billiard table.

Carnoustie is seldom so kind. The big American challenge still held the bookmakers' fancy.

The favorites include, in addition to Nicklaus and Casper, Bert Yancey, Arnold Palmer, Gay Brewer and Doug Sanders.

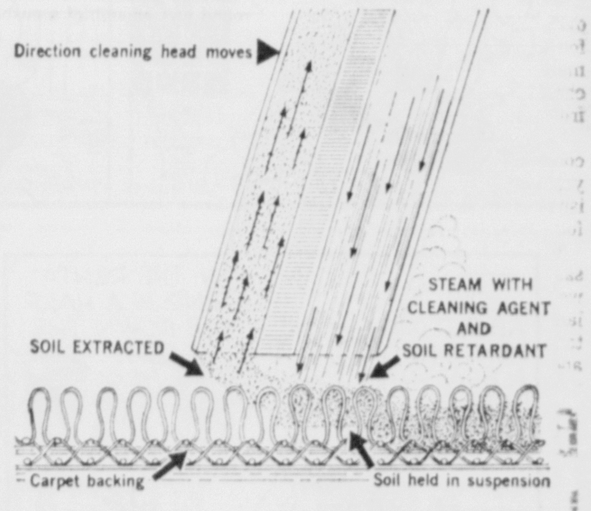
WHY IS DEEP STEAM CARPET CLEANING BETTER?



This diagram shows how the revolutionary new process works. Wet steam with a professional cleaning formula and soil retardant is applied under pressure to the carpet . . . These two cleaning agents combine to break down the soil, and the static electric charge, which holds the soil deep in the pile of the carpet, and brings this soil into suspension. Then—instantly—the moisture and soil are removed by the powerful continuous extraction process into a separate stainless steel container. During this cleaning operation every fiber is coated with a SOIL RETARDANT to keep your carpet clean longer. When using this method, we GUARANTEE that your wall-to-wall carpet will be cleaner than ever before possible.

Soil EXTRACTED . . . Not scrubbed deeper!
THAT'S THE DIFFERENCE

Today is Monday, July 8, the 190th day of 1968 with 176 to follow.

The moon is between the first quarter and full phase. The morning stars are Mercury and Saturn. The evening stars are Venus and Jupiter.

On this day in history:

In 1835 the Liberty Bell in Philadelphia cracked while being rung during the funeral of Chief Justice John Marshall of the Supreme Court.

In 1950 Gen. Douglas MacArthur was appointed United Nations commander in Korea.

In 1951 the city of Paris celebrated its 2,000th anniversary.

In 1967 actress Vivien Leigh died in London at the age of 53.

A thought for the day: U.S. naturalist, John Burroughs, said, "Life is a struggle, but not a warfare."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

South Can Make Four Spades If He Forgets Trump Rule

People talk a lot about our debt to the genius who invented the wheel, but there's a conspiracy of silence about what we owe to the man who first discovered that it isn't necessary to draw trumps on all hands. Thanks to his courage, even respectable people are now willing to leave a trump out.

A CONFORMIST

South, in today's hand, was a conformist. He wore a shirt, a tie and a jacket. He wore shoes on his feet and no hair on his chin. In short, he was a square, and he played the hand squarely into the ground.

West won the first trick with the queen of diamonds and continued with the jack. South ruffed the second diamond and followed the rule he had been taught in his first days as a bridge player: he drew trumps. South led out the ace of trumps, then the king of trumps and finally a low trump.

All of this may have made South feel virtuous and may have opened his pores, but it did nothing for his partner's blood pressure. When the hearts failed to break South had to lose one trick in each suit. Down one.

LEAVE TRUMP OUT

South would make his contract if he forgot the foolish rule of drawing trumps. After drawing just two rounds of trumps with the ace and king, South should leave the last trump at large. Instead of leading another trump, which would remove the last trump from dummy, South should begin to lead out his hearts, from the top down.

MAY RUFF

East may ruff the queen of hearts, but then dummy still has a trump to take care of declarer's low heart. If East refuses to ruff the queen of hearts, South leads the low heart and ruffs it in dummy anyway.

The defenders get one trump, one diamond and one club, but they don't get a heart trick. This important difference allows South to score his game and rubber.

♠—Q 10 4
♥—9 3
♦—A 9 8 6 2
♣—Q 10 3

What do you say?

Answer: Bid two spades.

Your hand is not quite strong enough for a response of two diamonds. When you can afford only one response, your first duty is to raise partner's major suit.

SUCCESSFUL INVESTING

Foreign Securities Through Depository

By ROGER E. SPEAR

Q. A stock which interests us is not listed on either of the New York exchanges but is listed as American Depository Receipts. We are an elderly couple and our funds are limited. What is your thought on this matter?—F.V.

A. Since you did not name the stock, I cannot pass judgment on its merit. But as a general rule I would advise you at your time of life to buy only regularly listed securities which you may readily follow.

American Depository Receipts — known as ADRs — represent foreign securities traded in this country. If a foreign company wants to obtain financing in this country, stock is deposited in a European branch of an approved New York bank or trust company.

The parent institution in New York then issues American Depository Receipts in corresponding value, selling them to the public. After their initial sale they continue to trade here just like an American stock; following a transaction they are transferred like stock certificates.

Q. Please clarify for me the statement in your June 5 column that heirs who inherit stocks need the purchase prices to figure their tax obligations.—D.D.

A. I am sorry to have confused my readers by an ambiguous — and possibly misleading — statement and gladly take this opportunity to clarify it.

The tax basis for inherited stock is the value at which it was reported for estate tax purposes, either the value as of the date of death or as of one year later. The heir is bound by the price as reported in the estate tax return.

When I was writing this particular column I had in mind the need to establish costs in the event of gifts of stock. In such a case, the basis for the gift tax is the market value at the time of the gift or the cost to the donor — whichever is the lesser.

Crocker-Citizens Net Earnings Rise

SAN FRANCISCO (AP) — Net earnings of Crocker-Citizens National Bank were $13.8 million for the first six months of the year, the company announced yesterday.

This amounted to an increase of $2.4 million or 21 per cent over the first half last year.

Pacific Exchange Sets New Mark

SAN FRANCISCO (AP) — Trading set an all - time record of 32.9 million shares on the Pacific Coast Stock Exchange during the first half of 1968.

Exchange president Thomas P Pheland said this exceeded the number of shares traded in all of 1965 and was 25 per cent ahead of the first half of 1967.

The dollar volume of stocks handled in the first six months was up 8 per cent from last year to more than $2.45 billion.

June trading column was 12.8 million shares, 41 per cent above last year despite the exchange being closed to trading for three Wednesday's during the month.

Dollar value of stocks traded last month was $457.4 million, up 28 per cent from a year earlier.

Stocks Close High In Heavy Trading

NEW YORK (AP)—The stock market closed sharply higher today. Trading was vigorous.

The market took off from the surprising rally of last Wednesday, the eve of the four-day Independence Day weekend.

Stocks advanced on a broad front, gains outnumbering losses by a ratio of about 2½ to 1.

Bobbie Brooks, up a fraction, was boosted to the top of the most-active list by a block of 227,500 shares.

Also very active, Control Data leaped about 7 points and Commercial Credit 4, while gains of about 2 were made by INA Corp., Standard Oil New Jersey), Hooker Chemical, and Pan American Sulphur.

Associates Investment and Gulf & Western were heavily traded and off more than a point apiece.

Lily-Tulip spurted more than 4 points and Owens-Illinois more than 3 in the wake of news that they planned to merge.

Blue chips and speculative issues joined in the advance, cued to July reinvestment demand, according to brokers.

Standard Oil of Indiana added 3, as did Phelps Dodge.

Du Pont advanced about 2½ and IBM 4.

Gains of a point or better were scored by a wide range of stocks, including Chrysler, Montgomery Ward, Raytheon, Alcoa, General Electric, Polaroid, Procter & Gamble, Xerox, Standard Oil (New Jersey) and Pfizer.

Prices advanced on the American Stock Exchange.

Hulsey Appointed

NEW YORK (BW) — Oliver J. Hulsey has been appointed regional manager of Universal World-Wide Movers, a subsidiary of U.S. Freight Co., Los Angeles. Hulsey served as regional manager of U.S. Van Lines, Inc.

Credit Card Plan Gains More Banks

SAN FRANCISCO (AP) — A credit card system originated by a group of California banks has been adopted in the East and South, Western States Bankcard Association has disclosed.

Chemical Bank New York Trust Co., Manufacturers Hanover Trust Co., and Marine Midland Grace Trust Co., of New York formed the Eastern States Bankcard Association.

The Southern Bankcard Assn. was formed by 11 banks in Kentucky, Tennessee, Mississippi and Virginia.

The southern group will begin issuing interchangeable Master Charge cards this fall and the eastern group in the spring.

Seventy California banks formed the credit association in 1967 to facilitate the interchange of cards. The association has 125 members in California, Nevada, Utah and Washington.

National Airlines Boasts Records

SAN FRANCISCO (BW) — National Airlines set a record for passenger boardings at San Francisco International Airport during June, according to Cal Kennard, district sales manager.

Total number of passengers enplaned was 12,735, a .4 per cent increase over the previous record of 12,683 established in August 1967.

Systemwide, National boarded 453,376 passengers in June, a 15 per cent increase over the 393,962 boarded in June 1967.

OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

84th Anniversary Observed By McPhail's Of San Rafael

One of San Rafael's oldest firms is celebrating its 84th anniversary this month.

It may actually be, in fact, the county's oldest family owned business in continuous existence, dating back to the horse and buggy days of the last century when an enterprising young farmer from Canada named **Neil McPhail** opened a livery stable at Fourth and B streets. It was an L-shaped two-story building, with the horses lodged on the second floor and the rigs on the ground level.

As a livery stable it was perhaps an uneventful business, but over the years it grew into a huge, diversified corporation. Most Marinites take the name **McPhail's** as a matter of course without fully realizing the extent of its operations.

By the time Neil McPhail's sons **Graham** and **John** had come into the business, the Model-T Ford was the popular means of transportation and there was little need for livery stables. So the father and two boys entered the fuel business, and in 1930 expanded again into building supplies. In 1935 the McPhails poured the concrete footings in Marin for the Golden Gate Bridge and by 1939 they had opened their Francisco Boulevard ready-mix concrete plant.

Further expansion during the next two decades saw a Santa Rosa branch established to sell appliances in 1938, along with a base for the company's increasing fuel oil business, and a Petaluma store in 1946. The San Rafael home appliance building at Third and C streets was opened in 1950.

Neil McPhail passed on at a ripe 92 years of age in 1955, but the business was to continue and expand under his sons and his sons' sons. That same year saw the enlarging of facilities on Francisco Boulevard and in Novato. Since then there has been a new appliance store opened in Santa Rosa, a gas station in Petaluma and a sand and gravel business established in Healdsburg.

If you are confused by the fact that some members of the family spell their names "McPhail" and others as "MacPhail," this seems to have developed during the early years as a matter of personal choice. But they are all kin. And their business is big business.

REAL ESTATE. Two new staff additions at the **Greenbrae Co.** are **Charles Ritzinger** of Novato, one of the founders of Edgewater Properties, Inc. in Sausalito (he started his real estate career in 1947 with Eastman-Ravizza), and **H. W. (Hank) Prien** of Larkspur, who had to give up his Prien Realty Co. office of a score or more years in Kentfield due to widening of Sir Francis Drake Boulevard . . . **San Rafael Mortgage Co.** has moved from 912 Grand Avenue to 1368 Lincoln Avenue, San Rafael . . . **Phro Wilson** of San Anselmo is now with the San Rafael office of **Frank Howard Allen and Co.** He was formerly with Bush Realty, Inc.

Weikel

Parker

CLARENCE E. WEIKEL of San Rafael has been appointed manager of the West Coast erection district of **Bethlehem Steel Corp.** He joined the company in 1947 as a field engineer in Chicago. For several years he held various supervisory positions and was transferred to the West Coast erection district at Richmond in 1964.

DEREK PARKER of Kentfield has been appointed consulting architect at the University of California San Francisco Medical Center. He is a partner on **Anshen and Allen,** San Francisco, in charge of design and project research.

INSURANCE. Jack G. Nixon and **Frank A. Tallarida,** agents in San Rafael for **State Mutual Life,** attended the company's recent advanced underwriting conference in Los Angeles . . . **Edward K. Wachsman,** manager of **Home Life Insurance's** San Rafael office, attended the recent annual meeting of Million Dollar Round Table members in San Francisco.

Ross Valley Savings Declares Dividend

Directors of Ross Valley Savings and Loan Association, San Anselmo, have declared a dividend of 25 cents per share, payable July 25 to stockholders of record July 5.

A 34 per cent increase in earnings for the first six months of 1968 over the corresponding period of 1967 was reported by E. Michael Young Jr., president.

Supervisors Due Formal Budget Work

Formal approval of a $29,765,001 budget for fiscal 1968-69 will be before the Marin County Board of Supervisors at 9 a.m. tomorrow in the civic Center.

The expected property tax rate, $2.27 per $100 assessed valuation, down three cents from last fiscal year, will not be set until August.

The supervisors also are to consider ratification of a collective bargaining contract with the social workers union local 535. County social workers and their immediate supervisors ratified the agreement Wednesday.

It is the first collective bargaining agreement to be drawn in the state of California between a public agency and its employees.

Also on the agenda is a proposed ordinance extending the work furlough program to juveniles, further discussion of a recommendation to inspect houseboats for building code violations, and a hearing on proposed rezoning of a 14-acre parcel on North San Pedro Road west of Granlee Road for a 101-bed general hospital.

County Administrator Alan Bruce said that a recommendation by the Juvenile Justice Commission that a $150-a-month charge be made for youths placed in group homes or institutions, postponed last week by supervisors to tomorrow, will not be on the agenda.

County Counsel Douglas J. Maloney is checking to see if the recommendation can be carried out by the supervisors.

Wigs Worth $120 Taken At Shop

A burglar took two wigs worth $120 and drapery worth $300 from a San Rafael beauty shop by pulling them through an 18-inch diameter hole in a plate glass window, police report.

The burglary, at Jolie Madame Coiffures, 253 Third Street, occurred between 5 p.m. Thursday and 8 p.m. Friday.

Police said the burglar "either had very long arms or used an extension of some type" to reach the wigs which were three-and-one-half feet inside the window.

The burglar apparently yanked down the drapes covering the window, disengaged a silk rope holding them to the wall, folded or wadded them tightly and pulled them through the hole, police said.

Rogue River Trip Planned

A camping expedition in the Oregon wilderness for high school-age Marin County boys, highlighted by a 60-mile river run on the Rogue River, will be held by the Marin Young Men's Christian Association June 22 to 27.

Group leaders will be Charles Monte of San Anselmo, Dr. Ronald Plambeck of Greenbrae and Dr. Warren Westerhoff of Larkspur.

Information may be obtained from the group leaders or from the Marin YMCA, 241 North San Pedro Road, Santa Venetia.

This could be your lucky break.

Now, if your windshield needs replacing you can get the safer L-O-F windshield. It "gives" on impact to cushion shock—tends to bulge instead of break. We have it for replacement for all U.S. cars back through 1960.

Congress Gets Ready For The Homestretch

WASHINGTON (AP) — The 90th Congress, hoping to adjourn before the political conventions next month, went into the homestretch today immediately facing a large amount of major legislation.

Key floor or committee action on gun controls, foreign aid, housing, and President Johnson's Supreme Court appointments was expected before the end of the week as congressmen returned from a long Fourth of July weekend.

But prospects for meeting leaders' Aug. 3 adjournment target date were clouded by a brewing Senate fight over confirmation of the Supreme Court appointments.

The Aug. 3 deadline would be hard to meet even without such a fight. Major legislation yet to be dealt with includes 10 of the 13 regular appropriation bills.

Action on gun controls resumed today with House Rules Committee scheduling of floor action on a measure to extend the already-passed ban on mail-order sales of handguns to rifles shotguns and ammunition.

The Senate Judiciary Committee begins deliberations Tuesday on President Johnson's far stronger proposal to require registration of all guns and licensing of all owners.

The battle over confirmation of President Johnson's nomination of Supreme Court Associate Justice Abe Fortas as chief justice of the United States and Homer Thornberry as an associate justice gets a formal arena Thursday at the Senate Judiciary Committee hearings.

Atty. Gen. Ramsey Clark, as a leadoff witness, is expected to be questioned closely on whether a vacancy exists on the court.

Some committee members argue there is no vacancy because Johnson said Chief Justice Earl Warren's retirement would be accepted when a replacement was appointed—and no replacement has been confirmed by the Senate.

Jehovah's Witnesses Convention Ends

SACRAMENTO (AP) — More than 20,500 persons attended the final session yesterday of a four-day long convention of Jehovah's Witnesses from 22 states and Canada.

One feature of the meeting was the baptism of 327 new ministers.

15 Injured In Fight On Boat

NEW YORK (AP) — At least 15 persons were injured yesterday when a free-for-all broke out among some of the 2,400 passengers aboard a chartered pleasure boat as it docked at the Battery.

About 250 patrolmen, responding to a riot call, stopped the melee in 45 minutes, but not before chairs, bottles and life preservers were hurled.

All of the injured, including two patrolmen, were treated at a hospital and released. One man was charged with inciting a riot.

The fight stemmed from an argument in the bar followed by pushing and shoving as passengers attempted to leave by one gangplank.

Radios Taken

Two transistor radios, worth $20 and $60, were taken from a Marin City apartment in a burglary, sheriff's deputies reported. Maurice Dhaene, 69 Cole Drive, said his apartment was thoroughly ransacked by the burglars, but only the radios were taken.

The new Mercedes-Benz 280SE: so "over-engineered" you'll never fear a panic stop again.

The new Mercedes-Benz 280SE has a disc brake at every wheel. So do all 180-mph Grand Prix road-racing machines.

Some critics have called the new Mercedes-Benz 280SE "over-engineered." Sure, they say, a passenger car needs *good* brakes, but does it need brakes good enough for a *racing* car?

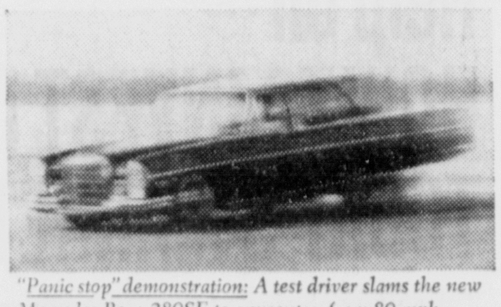
"Absolutely," say the Mercedes-Benz engineers. "Test after test has proved that disc brakes provide the most *precise* braking possible—at *any* speed. Put one wherever you have a wheel."

By conventional standards, the Mercedes-Benz 280SE *is* "over-engineered." And Mercedes-Benz is proud of it.

Most conventional cars have old-fashioned drum-type brakes. They're cheaper than disc brakes, and good enough for most average situations. But drum brakes can be marginal in a "panic" stop.

It takes horsepower to stop

Most people don't realize it, but *it takes horsepower to stop.* It's the same kind of horsepower that makes your car go, except that it's applied in the opposite direction. And, instead of being produced by the heat of gasoline burning in your engine, it comes from friction in your brakes.



"Panic stop" demonstration: A test driver slams the new Mercedes-Benz 280SE to a sure stop from 80 mph.

In a "panic" stop—real or simulated—it takes the equivalent of 321 horsepower to stop a 3,500-lb. car from 80 mph. This energy transforms the car's forward momentum into *heat.* And this heat must be dissipated by your brakes.

The disc brakes of the Mercedes-Benz 280SE have 421.1 square inches of effective braking area. If the 280SE had *drum* brakes of the same diameter, this area would be cut considerably. There would be less area to develop braking horsepower, less area to dissipate heat. Such brakes would be more prone to fading, swerving, and juddering. Drum brakes lack the feeling of *authority* you get with disc brakes.

Disc brakes are standard equipment

That's why Mercedes-Benz engineers *insisted* on disc brakes for the new 280SE. And not just on the *front* wheels—or as an extra-cost option—but on all 4 wheels as *standard equipment.*

The tremendous margin in braking performance you get with 4-wheel disc brakes is just *one* example of what "over-engineering" means to the owner of a Mercedes-Benz 280SE. Here are some more:

Fuel injection

Usually, your car's engine is designed either for power *or* economy—not both. Mercedes-Benz engineers found a way to give you the power of a V-8 *and* the fuel economy of a Six. It's called "fuel injection," an ingenious device that ram-feeds gasoline into the engine under high pressure. Result: horsepower is boosted by nearly 15% *at no sacrifice in gas mileage.*

(Technical note: The "S" in the 280SE's name stands for "Super." The "E" stands for "Einspritzmotor" or fuel-injection engine. And "280" is the size—the metric displacement—of the engine, which is 2.8 liters.)

Fuel injection also gives the 280SE excellent engine response at *all* engine speeds, with exceptionally smooth pick-up from low revs. The 280SE engine's overhead cam silences the fuss and clatter of conventional tappets. And its 7 main bearings give the crankshaft *better* support than most V-8s, for less vibration at high speeds.

10,000 body welds

Most conventional cars have a separate body and chassis, held together with bolts. After a while, the bolts can work loose. On a rough road, the rattles can be *deafening.*

Mercedes-Benz eliminated the rattles by eliminating the body bolts. Instead: 10,000 individual body *welds.* Result: a structure of immense strength and rigidity. After 50,000 miles or so, you may begin to wonder if your 280SE will *ever* rattle.

Built to be the best —not the best seller

After welding, body seams are ground down and checked with a soft glove. Any burrs are filled with pewter and polished smooth by hand.

The body is then dunked in a 52-ton primer bath until 24 pounds of a special anti-corrosion formula have seeped into every cranny. This primer coat is *baked* on. The next is *sprayed* on. Between the last two coats, the body is hand-sanded. The final coat of enamel is hand-sprayed. There isn't any "orange peel" or other minor blemishes. The finish is as nearly *perfect* as the present "state of the art" allows.

(Note: Nitpickers will find nothing to carp about. A slathering of permanent plasticized undercoating fights road salt, rust and rot. The insides of the hubcaps are primer-coated after the outsides are chromed. Even the underside of the dash is fully trimmed.)

By the time your 280SE is complete, it has passed 8,117 inspections. One out of every 11 workers is an inspector to make sure that Mercedes-Benz standards are maintained.
